The list of Oklahoma’s critical occupations was provided by [Oklahoma Works](#). This subsection of that list includes only those occupations whose typical entry level education is less than a bachelor’s degree.

The institution data in this report is taken from CTIMS, from the CareerTech Skills Centers Division, and from the national IPEDS database published by the U.S. Department of Education's National Center for Education Statistics.

Emsi occupation employment data are based on final Emsi industry data and final Emsi staffing patterns. Wage estimates are based on Occupational Employment Statistics (QCEW and Non-QCEW Employees classes of worker) and the American Community Survey (Self-Employed and Extended Proprietors). Occupational wage estimates also affected by county-level Emsi earnings by industry.

This report uses state data from the following agencies: Oklahoma Employment Security Commission
