VERY IMPORTANT INFORMATION:

- **9000+ subject codes can only be used for courses taught at the technology centers. High Schools SHOULD NOT use 9000+ subject codes for courses offered at the high school.**
- **8000+ subject codes should be used at the high schools for courses taught by certified Career Tech Education (CTE) teachers only. Some courses at the technology centers use 8000+ codes. A few academic courses taught at the technology centers use SDE subject codes (Geometry, Algebra II, etc.) High schools should transcript courses taught at the technology centers using the 8000+ or 9000+ subject codes provided by the technology centers.**
