State Emergency Operations

I. Purpose

Pursuant to the authority contained in the Oklahoma Emergency Management Act of 2003, O.S. 63, Section 683 through 683.24, the director of the Oklahoma Department of Corrections (ODOC) is required to take necessary actions to implement the state Emergency Operations Plan (EOP). Included in the plan is the development of written internal procedures that detail the support required and the actions necessary for implementation. (2-CO-3B-02M)

II. Assignment of Responsibilities

A. Organization

The director of the Oklahoma Department of Emergency Management, under the supervision of the Governor and in coordination with the Department of Homeland Security, is assigned the responsibility for the state's EOP. Assigned duties include:

1. To direct the agency;
2. To define roles and assign responsibilities as agreed upon by ODOC;
3. To provide guidance, relief and assistance to Oklahoma communities; and

4. To mitigate, prepare for, respond to and recover from the effects of a natural or man-made disaster.

In the event of a state emergency, ODOC will preserve the continuity of departmental and agency functions and/or the resumption of such functions with a minimum of interruption.

B. Liaison Officer

In order to facilitate and coordinate assigned state emergency tasks, ODOC will designate a liaison officer, with routine decision-making authority, to the state Emergency Operations Center as required by the director of the Department of Emergency Management.

1. When it appears the United States is involved in a national security emergency, the liaison officer will report immediately to the state Emergency Operations Center.
2. Whenever the Department of Emergency Management activates its state Emergency Operations Center, the liaison officer may be requested to report to the center to coordinate the agency's activities during an Oklahoma emergency or disaster.

C. Chief Administrator of Special Operations Responsibilities

1. The chief administrator of Special Operations or designee will provide the primary liaison responsibilities for ODOC to the Oklahoma Department of Emergency Management and the Department of Homeland Security.
 - a. The chief administrator of Special Operations will ensure sufficient personnel are designated as trained liaison personnel in order to provide 24-hour capability for extended periods of time, if required.
 - b. A minimum of three trained liaison personnel, consisting of the administrator of Emergency Management and two alternates, will act as liaison officers to the Oklahoma Department of Emergency Management and the Department of Homeland Security.
 - c. Semi-annually, the chief administrator of Special Operations will provide the Oklahoma Department of Emergency Management with a current list of: names, phone numbers (office and home), cell phone numbers and e-mail addresses for the administrator of Emergency Management and the two alternate liaison officers.

D. Liaison Officer Responsibilities

1. The liaison officer will contact the agency director, chief of Operations, the chief administrator of Institutions, or their designees, to relay state Emergency Operations Center or Department of Homeland Security directives and requests during emergency operations activities.
2. Communication between the liaison officers, Department of Homeland Security personnel, Oklahoma Department of Emergency Operations personnel, other federal and state agencies, volunteer organizations and ODOC personnel will be in common terminology. For example, OP-050110 entitled "Radio Communications" will be utilized in communication with the liaison officer or Department of Public Safety personnel.
3. All current ODOC emergency operations policies, agency emergency contact numbers and resources available for use in state emergencies/disasters, will be brought to the state Emergency Operations Center by the liaison officer.
4. All liaison personnel will be required to display an ODOC photo identification card before being allowed to enter the state Emergency Operations Center or any Department of Homeland Security office.

E. Facilities/Community Corrections Responsibilities

1. The chief of Operations and the chief administrator of Institutions will organize the activities of facilities, private prisons housing Oklahoma inmates to provide services of personnel, inmates and/or other resources as requested/required by the state Emergency Operation Center or Department of Homeland Security, during state emergency operations.
2. During state emergency operations, all communication to the state Emergency Operation Center or the Department of Homeland Security will be through the chief administrator of Special Operations liaison officer using common terminology.
3. The liaison officer will advise the agency director, or designee, of all state emergency operations activities.
4. Only inmates who qualify for assignment to public works programs, in accordance to [OP-090106](#) entitled "Prisoner Public Work Contract and Assignment of Inmates to Public Works Programs," may be utilized during emergency operations. Inmates may only be assigned to emergency projects performed on private property when the project is for a public purpose. (57 O.S. § 222)

III. State Emergency Response Procedures

A. Preservation of Records

In accordance with [OP-020202](#) entitled "Management of Office Records," ODOC will ensure recognition and preservation of essential records which are defined as "a state or local record necessary to the operation of government during an emergency created by a disaster, or necessary to protect the rights and interests of persons or to establish and affirm powers and duties of governments in the resumption of operations after a disaster." (67 O.S. § 203)

The state librarian may assist and advise in the establishment of records preservation programs in coordination with the agency's records management coordinator.

B. Resources Support

ODOC will coordinate the use of resources to ensure that immediate short-term and long-term assistance is available during disaster operations.

C. Law Enforcement

ODOC will assist the chief of the Oklahoma Highway Patrol, who will coordinate all law enforcement agencies to provide centralized direction and control of all field operations dealing with public safety, law enforcement, traffic/crowd control and search and rescue operations.

D. Correctional Facilities

The EOP has assigned ODOC with primary responsibility for incidents occurring at correctional facilities and requires the agency to:

1. Develop, test, and implement policies and procedures for riots, escapes, and other incidents that may affect institutional security;
2. Designate a liaison officer to operate from the state Emergency Operations Center;
3. Maintain current policies and procedures to be used in emergency operations; and
4. Submit incident reports as required by the Department of Emergency Management director, chief of Oklahoma Highway Patrol, and the agency's own policies and procedures.

E. Debris Removal and Disposal

Work force, equipment, and other appropriate resources, in support of

debris removal and disposal, may be provided by ODOC, under the coordination of the Oklahoma Department of Transportation.

F. Public Information

When called upon by the Oklahoma Department of Emergency Management or the Department of Homeland Security, the agency's chief administrator of Communications will represent and speak on behalf of the agency in regards to the agency's involvement in response and recovery operations.

G. Statewide Medical Emergencies

The Oklahoma Department of Emergency Management has identified ODOC as a back-up to the Department of Transportation as a source of distribution for vehicles and drivers to deliver Strategic National Stockpile (SNS) assets from the Receipt, Store and Stage (RSS) warehouse to the 16 pre-identified Mass Immunization/Prophylaxis Sites (MIPS) locations or patient care sites (if applicable). If called upon, ODOC will utilize transportation vehicles and employees within the agency's Central Transportation Unit (CTU) to assist in this effort.
