EXECUTIVE SUMMARY

INTRODUCTION

Pursuant to [26 O.S. § 3-130](#), State Election Board Secretary Paul Ziriak directed thirty-three (33) county election boards to conduct post-election manual tabulation audits of the Primary Election held on Tuesday, June 28, 2022.

The post-election audits were conducted on Thursday, July 28, 2022, and were open to the public. Each County Election Board posted a public notice of the date, time and location of its post-election audit at least 48 hours in advance. A notice was also posted on the State Election Board website, through social media channels, and the State Election Board's electronic news delivery system.

The post-election audits were conducted pursuant to the procedures developed in advance under the direction of the Secretary of the State Election Board.

Participating counties, precincts, and races were randomly selected for the post-election audits. Additionally, candidate-requested recounts of the June 28, 2022, election are also included in this report.

The results of each manual post-election tabulation audit confirmed the certified election results. The post-election audit identified zero differences compared to the certified election results.

ADDITIONAL FINDINGS

Although the post-election tabulation audits confirmed that the certified results were tabulated correctly in the audited races, minor procedural issues were revealed in two counties.

In Caddo County, it was discovered that precinct officials mistakenly secured a spoiled ballot in the precinct transfer case instead of the spoiled ballot bag. In Osage County, it was discovered that a provisional ballot was incorrectly categorized as an Election Day vote instead of an in-person absentee vote. More details on these findings can be found in Section 3 of this report.

SECTION 3 - ADDITIONAL FINDINGS

Election Date: 06/28/2022
Election Audit: 367 State Treasurer (REP)
County: Caddo
Audit Date: 7/28/2022

The manual post-election audit completed in Caddo County for Precinct 080511 confirmed the certified count for the State Treasurer Republican Primary. However, the Secretary found that the precinct officials had improperly secured a spoiled ballot in the transfer case rather than in the spoiled ballot bag, as required by procedures. The spoiled ballot was not counted, nor was it included in the certified or post-election audit totals. Refresher training will be conducted in Caddo County to ensure all poll workers follow the correct procedures for spoiled ballots.
