

OHBI Data and Surveillance Workgroup

August 12, 2021

Zoom Meeting

Attendance:

Annette Mays, Herb Magley, John Morton, Leslie Ballenger, Morgan Fitzgerald, Michaelle Statham, Nadine Walter

Welcome & Introductions:

Morgan Fitzgerald, co-chair, opened the meeting by welcoming all and briefed all attendee's on the topics that would be covered today.

Healthy Brain Initiative Road Map Series:

Morgan Fitzgerald

Morgan shared her screen and the group looked at the 5 action items under Monitor and Evaluate the workgroup will be focusing on for the new ADRD State Plan. Morgan announced that M-1 will be placed in the Grant Year(GY) 3 budget, but feels it should stay in the state plan for future years.

The required action item is M-3: Use data gleaned through available surveillance strategies and other sources to inform the public health program and policy response to cognitive health, impairment and caregiving.

The group felt that all action items are important, especially M-5 & M-4. We will look into the action items more in depth as we continue to meet.

OK Data:

Morgan Fitzgerald

Morgan shared her screen and the group looked over the Oklahoma data for risk factors, Alzheimer's mortality, etc. The group had questions regarding ways the data was pulled, missing data from counties, and possibility of overlapping county maps. Morgan said she will take these questions to the data team and get back with them on answers.

The group discussed data that is missing and came up with a list(see below) of possible data to compile, collect, or research.

- Healthcare Shortage Data
- ACE's data
- Caregiver Morbidity Data
- Primary Care Data
- Stress Index Data
- # of Neurologists in OK and if they treat ADRD
- Exposure to ADRD curriculum?
- Effect of COVID-19 on brain health data

Close:

Next Meeting Date – October 7, 2021 from 12-1. Morgan will send out the link for that meeting and it will be recurring on Zoom every other month on the 1st Thursday of the month.

Next Coalition Meeting Date- August 17, 2021 from 1-3pm.

Meeting Adjourned
