

Oklahoma's National Registry Pass/Fail Report For 2015

The statistics below were obtained from the National Registry of EMT's. We have utilized their Pass/Fail Report for all of this data. Other reports available to EMS Training Programs are: Cognitive Exam Results and Topical Area Performance. These informative reports will indicate the results of the several 'sub exam' sections scores from the Computer Based examinations. Please pay close attention to the National and State averages, as your Training Program should meet or exceed these standards. The program data shown below is from the period of January 1, 2015 to December 31, 2015.

Robert Irby, Training, Licensure and Protocol Coordinator
