

# Oklahoma Stem Cell Research Report

This reporting form is designed to capture and collect simple or basic identifying information regarding any work conducted in the State of Oklahoma related to, or associated with, stem cell research, in order to assist the State and those persons and entities engaged in stem cell research to identify, expand, encourage and otherwise enhance opportunities for greater research funding for such entities and persons involved in advancing knowledge about cell-based therapies to treat disease.

## Instructions for Filling Out Form

Information providers must submit their Reporting Forms to the Oklahoma State Department of Health within 30 days of beginning the research, 30 days of completion of the research, or by October 1, whichever is soonest. An extension may be granted upon written request from the information provider made at least 10 days prior to the deadline and supported by substantial cause. \*See OSDH contact information on the front of the Reporting Form.

If the Provider Information is the same as the Contact Information, check the appropriate box – if not, it will be necessary to fill out the Contact Information section.

## Questions

Please direct all questions to Sharon Vaz, Director, Screening and Special Services, at (405) 271-6617 or email to [SharonAV@health.ok.gov](mailto:SharonAV@health.ok.gov).

## Electronic Forms

If you would like an e-form to fill out and return electronically, please send a request to either Sharon Vaz ([SharonAV@health.ok.gov](mailto:SharonAV@health.ok.gov)) or Janet Mork ([JanetG@health.ok.gov](mailto:JanetG@health.ok.gov)). \*Please specify your preferred format: Word 2007, Word 97-2003 or PDF.
