A. Implementation Update

A detailed walk-through of the legislation directing the program, employers which employers must participate, who must be fingerprinted and effective dates by provider type. It explains the barrier offenses, Rap Back and the appeal process.

B. Account Management Demonstration

This is a detailed walk-through of the security agreement, provider roles and your OK-Screen accounts.

C. OK-Screen Demonstration

This is a detailed walk-through of the program from creating accounts, to entering applicants and running reports.

D. Title 310-Subchapter 29-Criminal History Reports

Details the criminal history background check law making the fingerprint based checks required.

E. Employment Disqualifiers in the Long Term Care Security Act

This is a list of the seven-year and lifetime barrier offenses for nurse aides and non-technical service workers. Lifetime barriers preclude employment permanently. In the case of the seven-year barrier offenses, seven years must elapse following the completion of sentence before a nurse aide or non-technical service worker may once again be considered eligible for employment. This includes any time on parole after release, etc.

F. End User Security Agreement

This is the form that the provider sends to the Oklahoma National Background Check Program (ONBCP) to get the system administrator account setup. ONBCP keeps that form on file. This form will be used in turn by the provider's system administrator to set up sub user accounts and kept on file at the facility.

G. Personnel Files Requirements

This is a list of items that your surveyor will be looking for when they inspect your facility. The Consent and Release must be completed and filed before anything is done. This gives you permission to do the background checks and informs the applicant of the conditions of disclosure.

H. Authorization to Fingerprint

This form is generated once the registry research is completed and the \$19 registration fee is paid. It includes the Determination Identification (DI) number that uniquely identifies the application as well as (in the electronic version) a web link that you can use to schedule the fingerprinting appointment. The applicant will take the form to the fingerprint vendor and it does not have to be returned to the provider. ***** Note: When scheduling the fingerprinting appointment online, the applicant MUST select "Oklahoma State Department of Health" in the drop-down to ensure that the criminal history results are forwarded to the Oklahoma National Background Check Program.**

I. Provisional Hire Form

This form must be completed once the applicant has been fingerprinted if you are going to hire them pending the outcome of the criminal history check.

J. IdentoGo Escrow Account Enrollment Form

This is not mandatory. Use the contact information on this form, if you want to establish an escrow account to pay the \$10.00 fingerprinting fees for the applicant. Some providers prefer an escrow account because they either do not have or do not want to use a credit card for this payment or to just simplify the payment process.

K. Frequently Asked Questions

This is a list of questions that are frequently asked and their answers to assist you in the background check program process.

UPDATED February 4, 2014

The Training Website has now been updated. All prior applicants in the Pilot Website have been removed. The new training website features new enhancements, expanded auto-check function and the ability to test payments and test the scheduling of fingerprints. See new training materials posted below. To test the payment processing functionality please use the following:

The Board of Health approved the proposed emergency rule establishing the effective dates for fingerprinting. The Governor approved the rules January 6, 2014, with an effective date of February 1, 2014. See the adopted rule here: Chapter 2, Procedures of the Oklahoma State Department of Health, January 6, 2014.

Based on comment received through the public comment period, the staggered effective dates for fingerprinting were revised to begin February 1, 2014 and extend through August 1, 2014. The new schedule of effective dates will allow providers to begin submission as of February 1, 2014, but not later than the effective date established, which differs for the various provider and industry segments. The program implementation budget includes funding for provider training which will be scheduled across the state during the seven month period of implementation. The last effective date is August 1, 2014.

Providers must now begin training in the OK-SCREEN portal and plan their migration to the final implementation by the established effective date. A name based background check is now only authorized until the established effective date for your provider group, as shown in the list below.

Apply for your OK-SCREEN Account: Training materials on OK-SCREEN and OK-SCREEN account management are provided below. Providers may use OK-SCREEN now for the pre-screening portion of the applicant review process. For an OK-SCREEN account print this Provider End User Security Agreement Form and submit it to the OK-SCREEN office okscreen@health.ok.gov. Instructions are in the form.

New accounts rely on a username and email address. The PSA will either obtain a preferred account name or assign one and associate the account with the user's email account or a corporate email account. Once a new account is created and saved, an email with a temporary password is sent to the email address associated with the account. For security, **this email will not include the user name. The user name must be communicated to the user separately.** PSA's may use the Department form or their own version to capture the user demographics and preferred username and to have the new user acknowledge account security.

A PSA may disable or reset passwords on any accounts associated with their assigned providers/locations.

Slide: 4

The password is encrypted and cannot be viewed in the OK SCREEN System user interface. When the user logs into the system for the first time, the user will be prompted to change the password and set a security question. If the user forgets the password, the user enters his or her username and answer to the security question. The system will generate a new password and email it to the user.

The Provider System Administrator must establish internal policies for defining usernames and communicating them to the users. When a user account is created, one or more user roles and one or more providers are assigned to the user. Both will determine what the user can see and do in the web application. A Provider User Administrator can only assign provider user roles.

Provider Roles

There are three types of accounts:

- **Provider System Administrator (PSA):** Responsible for managing Provider User Administrators and Application Managers for all defined providers.
- **Provider User Administrator (PUA):** Responsible for managing Provider Application Managers for all or a limited set of defined providers.
- **Provider Application Manager (PAM):** Responsible for adding and screening new applicants and entering hiring decision upon issuance of a determination. May serve all or a limited set of defined providers.

For assistance, see the instructions by clicking on the help link in the upper right, see the links in the Important Messages column, or contact us at (405) 271-3598, toll-free at (855) 584-3550 or by emailing okscreen@health.ok.gov.

Important Messages

PROFILE CREATION

Please do not use any punctuation when creating an application. Periods, commas, etc. will cause an error to be made. Please try to fill in all fields even those without red asterisks. We have added an update button to the upper right of your OK-SCREEN page, or follow this [link](#).

Help Files Available for OK-SCREEN Users! There are eight guides that explain the various steps of the screening process. You can find these guides in the upper right of your OK-SCREEN page, or follow this [link](#).

Nurse Aide Current Address -- Nurse aides and trainees are now required to maintain a registry of any change in address within ten days. Read more information about this new law and form is also available under the Applications - Application Forms menu.

e-Checking is Now Available -- This will simplify the payment process for providers using the online payment system.

Employment Verification: OK-SCREEN and the law require periodic validation of employment. For more information, see the help menu or [here](#).

Submitting Fingerprint Ink Cards

This form is provided as a courtesy for the use of employers. Other versions of this form may also be used for the purposes of Title 63 O.S. § 1-1947(H), which requires that an applicant shall provide the employer a government photo identification of the applicant and written consent for the employer to conduct a registry screening and the Bureau [Okla. State Bureau of Investigation (OSBI)] to conduct a state and national criminal history record check under this section. The employer shall maintain the written consent and information regarding the individual's identification in their files for audit purposes.

For the purposes of documenting the individual's identification, it is recommended a copy of the identification be maintained with the applicant's written consent.

Employer must retain the signed applicant consent.

Instructions to Applicant: Prior to employment with an employer subject to the Long Term Care Security Act [63 O.S. 1-1945 *et. seq.*], an applicant must consent to a check of state and/or national licensure, certification, abuse, exclusion and offender registries, and fingerprinting for a state and national criminal history records check as required. If cleared, and the employer wishes to proceed, you will be notified via email or telephone the employer has authorized you to schedule an appointment for fingerprinting. You will be responsible for a Ten Dollar (\$10) administrative processing fee at the time the appointment is scheduled unless the employer elects to pay the fee. You will have ten (10) calendar days to submit your fingerprints through an authorized collection site or your application shall be deemed withdrawn and you will be required to start the application process over. Child Care Restricted Registry — Joshua's List 2.1.1

Welcome

For questions or help using this site, please call the Licensing Records Office at (405)521-2355, or 1-800-347-2276.

If you are a child care program or agency, select:

All others, select:

This is the Child Care Restricted Registry or Joshua's List. Click on the Public Inquiry.

Child Care Restricted Registry

The Restricted Registry search is required for:

- any individual making application for licensure to operate a child care facility;
- any individual signing the application as a household member;
- any individuals age 18 years or older, prior to their residence in a child care facility, excluding residential facilities and child placing agencies; and, caregivers.

Individuals identified as registrants are prohibited from licensure, ownership, employment, and/or residence in a licensed child care facility.

Individuals may be recorded on the child care restricted registry for 3 reasons.

- If a person has a confirmed/substantiated finding of abuse or neglect of children for an incident that occurred on or after July 1, 2010, while in the care of a child care facility.
- If a person has had a child care facility license that has been denied or revoked for incidents that occurred on or after July 1, 2010.
- If a person has a criminal conviction for certain violent crimes or crimes against children.

The number of persons on this registry may be nominal initially since the registry only includes individuals convicted of the named crimes and individuals who committed improper acts on or after July 1, 2010, and after exhausting all appropriate administrative appeals.

The full policy regarding the Child Care Restricted Registry may be found in [OAC 340:110-1-10.1](#).

Authorization to Fingerprint

You have applied for a position that requires the Oklahoma National Background Check Program (ONBCP) to examine any criminal history that you may have. The authority for this requirement is Title 63 O.S. § 1-1945 et. seq.

To initiate the criminal history check, please take this form with you to the fingerprint agency where your appointment has been made. The fee for your fingerprinting will be \$10.

If you do not already have an appointment to be fingerprinted, or need to change your appointment, you can do so at:

<http://www.l1enrollment.com/state/?st=ok>

YOU MUST PRESENT THIS FORM AND A CURRENT, VALID GOVERNMENT-ISSUED PHOTO IDENTIFICATION TO BE FINGERPRINTED (I.E. DRIVER'S LICENSE, STATE ID, MILITARY ID, ETC.)

The Oklahoma State Bureau of Investigation will provide your State and National criminal history results to the ONBCP by means of a secure, web-based system. The ONBCP will review the criminal history information and advise the facility where you are seeking employment whether you are eligible for hire based on the results of your State and National criminal history check.

Please note that if you have a conviction for a barrier offense that would prevent you from working in that position, the ONBCP will notify you and the employer where you have applied. You will receive information on how you may appeal the decision. For information on barrier offenses, visit:

Below the navigation bar, a welcome message reads "Welcome to the OK-SCREEN!" followed by a paragraph explaining the system's purpose and contact information. A section titled "At a Glance" contains a table with application status counts. A callout box with a red arrow points to the "Eligibility Determination Complete" row in the table, containing the text "Look for a record with a completed eligibility determination." Welcome to the OK-SCREEN!

This is not a training site! The Oklahoma Screening and Registry Employee Evaluation Network is used to manage the screening process for employees in long term care settings with direct patient access. The system will guide the user through entering an applicant, conducting checks of public registries and in initiating fingerprint based criminal history checks.

If cleared, and the employer wishes to proceed, you will be notified via email or telephone the employer has authorized you to schedule an appointment for fingerprinting. You will be responsible for a Ten Dollar (\$10) administrative processing fee at the time the appointment is scheduled unless the employer elects to pay the fee. [63 O.S. § 1-1947(I)(4)]

Declarations: By signing this form I consent to registry screening and submission of my fingerprints to the Oklahoma State Bureau of Investigation (OSBI) for forwarding to the Federal Bureau of Investigation for the purpose of conducting a state and national criminal history records check pursuant to 63 O.S. § 1-1947(H). I understand that the results will be shared with the Oklahoma National Background Check Program (ONBCP) operated by the Oklahoma State Department of Health (OSDH).

I understand that if my criminal history record check results reveal information that prevents the Department from making a final determination of employment eligibility, I will be given notice and will have sixty (60) days to make any necessary corrections or additions for the Department to review. If I am unable to make corrections or additions to the record within the sixty (60) days, the Department shall deny eligibility based on the disqualifying results and shall notify me of my right to appeal. The notice shall include the reasons I was found not eligible for employment and a statement that I have a right to appeal the decision. [63 O.S. § 1-1947(K)]

I understand that should I be selected for employment, and as a condition of continued employment, I agree to report to the employer immediately upon being arraigned, indicted, convicted, or pleading guilty or nolo contendere to one or more of the criminal offenses applicable to my license, certification, permit or employment class; or upon being the subject of a substantiated finding on a registry as described in this *Consent and Release* and Title 63, Section 1-1947. I further understand that reporting of an arraignment under this subsection may be cause for leave without pay, placement under direct supervision, restriction from direct patient access, termination, or denial of employment. [63 O.S. § 1-1947(Q)]

I understand the OSDH will store the records of an employer's enrolled employees, the results of the screening and criminal arrest records search, and an identifier issued by the OSBI for the purposes of receiving an automatic notification from the OSBI if a subsequent criminal arrest record submitted into the system matches a set of fingerprints previously submitted. Upon notification, the OSBI will immediately notify the Department and the Department will immediately notify the employee. Information in the database established under this subsection is confidential, is not subject to disclosure under the Oklahoma Open Records Act, and shall not be disclosed to any person except for purposes of this act or for law enforcement purposes. The employee shall promptly respond to Department inquiries regarding the status of an arraignment or indictment. Reporting of an arraignment or indictment under this subsection may be cause for leave without pay, placement under direct supervision, restriction from direct patient access, termination, or denial of employment. [63 O.S. § 1-1947(S)]

The ONBCP will review the criminal history information and advise the facility where you are seeking employment whether you are eligible for hire based on the results of your State and National criminal history check.

Please note that if you have a conviction for a barrier offense that would prevent you from working in that position, the ONBCP will notify you and the employer where you have applied. You will receive information on how you may appeal the decision. For information on barrier offenses, visit: <http://onbc.health.ok.gov>

Escrow Account Requirements

For those companies that desire a centralized means of managing the fees accompanied with the fingerprinting and badging requirements, we offer the option of establishing an escrow account. To establish an escrow account with MorphoTrust, each company must complete an Account Application and submit a deposit either in the form of a company check payable to MorphoTrust or complete the Credit Card Authorization form. VISA and MASTERCARD are the only credit cards accepted.

The deposit check or credit card authorization should be in the amount necessary to cover a minimum of one month's fingerprinting and/or badging services. When an applicant is scheduled for an appointment using your billing code, the proper fees are reserved to cover the cost of that applicant's processing. After the applicant has completed their fingerprinting and/or badging registration and scheduled an appointment, the reserved fees are deducted from your account. A detailed list of those applicants fingerprinted or badged on your account will be sent to you at the beginning of each month.

It will be the responsibility of each company POC to ensure that there is always a positive balance in your account. Any additional checks deposited into the account must include the **account number** on the check. Any credit card authorizations deposited into the account must include the **account number and the amount authorized.**

We appreciate your interest in our escrow account system. If you have any additional questions, please e-mail Heather Morris at hmorris@morphotrust.com. Heather's phone number is 615-778-5878.

Frequently-Asked Questions (FAQs)

How do I get started?

Please visit our website at <http://onbc.health.ok.gov>. Near the top, you will see the following paragraph:

For an OK-SCREEN account, print this [Provider End User Security Agreement Form](#) and submit it to the OK-SCREEN office okscreen@health.ok.gov. Instructions are in the form.

The direct link to the form is:

<http://www.ok.gov/health2/documents/ONBC%20End%20User%20Security%20Agreement.pdf>

Click on the link for the Provider End User Security Agreement, complete the form, and send it to us using the contact information on the form. Once you have an account established, you can begin processing new applicants.

How do I contact the Background Check Office?

Please send email correspondence **ONLY** to: OKSCREEN@health.ok.gov. Do not cc: other employees at ONBCP. We will get to your email as quickly as possible, and emailing multiple parties causes extra work on our end, slowing down our responses to providers.

Fingerprinting Appointment: How are they made?

Providers may save time if they schedule fingerprinting appointments instead of letting applicants make the appointment, and instructions are included on the Authorization to Fingerprint but applicants have not followed instructions on many occasions.

Because an applicant only has to be fingerprinted once for this program, each time an applicant schedules an appointment, they are doing it for the very first time. A high percentage of the time, applicants do not complete this process correctly, creating extra work and delaying determinations of eligibility. After a provider does it a few times, they'll do it perfectly and avoid problems that will invariably slow the process of getting a determination.

Fingerprinting Appointment: How is it paid?

The fingerprinting appointment can be paid for by either the provider or the applicant. Also, it can be pre-paid online or it can be paid at the time of the appointment. Methods of pre-payment are:

Fingerprinting Appointment: Can I pay in advance for my applicants?

For those companies that desire a centralized means of managing the fees accompanied with the fingerprinting and badging requirements, IndentoGo/MorphoTrust offers the option of establishing an escrow account. To establish an escrow account with MorphoTrust, each company must complete an Account Application and submit a deposit either in the form of a company check payable to MorphoTrust or complete the Credit Card Authorization form. Fingerprinting: What forms of ID are acceptable for the fingerprinting appointment?

A government issued identification with that includes a photo-graph is required. If one is not available, the applicant should call the Identogo site to see what, if any, arrangements can be made. The name as it appears in OK-SCREEN **MUST MATCH** the ID that the applicant brings to the fingerprinting appointment.

However, you must schedule ink-cards for submission like a fingerprint appointment through our live scan vendor, Identogo and mail them to their site. How do I hire a Nurse who has been fingerprinted?

If you are hiring a nurse (RN/LPN) through OK-SCREEN, the process depends on the date that the nurse was originally licensed in Oklahoma:

1. If the nurse was originally licensed in Oklahoma prior to 1/1/2013, the nurse has not been fingerprinted for the Board of Nursing (BON), so he/she will have to be fingerprinted for OK-SCREEN exactly like a nurse aide would;
2. If the nurse was originally licensed in Oklahoma **AFTER** 1/1/2013, the nurse has been fingerprinted for the BON and will not have to be fingerprinted again for this process. **You must let us know manually via email that you are hiring a nurse meeting these criteria so we know that there is a determination pending for that individual.** Otherwise, we will not know to make a determination, and you will not receive one.

If I miss-key the last name or Social can I just start a new record?

You could, but please **don't**. We can amend a record to correct information. Please email the office so that we may correct the record. We've seen results get miss-routed because of this practice.

Why is Data Entry Accuracy in OK-SCREEN so important?

You cannot correct this information if you enter it incorrectly. Ensure you enter this information correctly. The name as it appears in OK-SCREEN **MUST MATCH** the ID that the applicant brings to the fingerprinting appointment.

How do I make the providers payment of the \$19 for the background/fingerprinting fee?

There are several methods:

- Credit Card – works just like buying a book on Amazon.com, and it goes through the OK.gov portal
- E-Checking – works like the credit card but you enter your bank account and routing number. This works like paying a utility bill through your online checking.
- Batch Payment – You can use your credit card or e-check to pay for several applications at the end of the month, all of them at once
- Billing – You apply for an account and identify the facilities on the account and who is responsible for the bill. You are assigned an account number; when applications are submitted, it is added to your account. OSDH will bill you for payment each month for the applications that you submit.
- Note: failure to pay bills over 45 days will result in a restricted or closed account.

How can I expedite processing?

Applicants with criminal history records take longer to process. Tell the applicant that crimes that show up on the criminal history report that were not disclosed at the time of application are grounds for dismissal under the law. Also, let the applicant know that this is a NATIONAL background check that will reveal convictions from other states. We are required to send a lot of correspondence to applicants who have barrier offenses in other states. Many of these applicants will not be eligible to work, but they apply anyway, thinking that the OSBI check is all that we run and know that their out-of-state crimes do not show up on the OSBI report. Also, the out-of-state offenses often are not reported on the application where disclosure must be made. **Ensure that you have a current phone number and/or email address in the applicant's file so he/she can be contacted by our office if necessary.**

How long should I wait to call on the status of an applicant?

Please do not call the ONBCP asking about the status of an applicant until it has been right at two weeks since the applicant was sent to be fingerprinted. From the *At a Glance* table on the Home Screen you can monitor the status of an application from the Determination in Process Queue. The status will indicate one of the following and the date of last update:

Background Check Started (IdentoGo has not been contacted for a fingerprinting appointment)

Applicant Data Sent (IdentoGo has been contacted and a fingerprint was scheduled)

Fingerprints Taken TCN: A-LVB00000000 (Fingerprints were taken; we're waiting on the OSBI report)

If, after you see the fingerprints were taken, the applicant is not eligible in two days then either the prints were rejected or there is a criminal history that requires research. Due to the volume of applicants requiring research, you may see a three to four week delay in issuance of the research letter.

If you do not see that the fingerprints were taken contact our office. The applicant may have processed under the wrong agency and will need to be reprinted under the correct agency. **(Note: If they paid more than \$10 this is what happened.)**

Do not wait longer than three weeks.

The applicant may need to take action to make corrections to their criminal history before we can make them eligible, and this may take several weeks in some cases. However, provisional hire is only available for 60 days.

Provisional Hiring: Can the 60-day provisional period be extended?

No. This period is defined in statute. We encourage providers to delay the provisional start date until after the applicant has been fingerprinted. This will minimize the impact if we require information from an applicant. The applicant should respond promptly to our letter. While they have 60 days to respond to our letter, this does not extend their provisional hire window.

Provisional Hiring: What does "direct on-site supervision" mean for a PCA?

The law states, *"The period of provisional employment shall not exceed sixty (60) days pending the completion of the required background check. During this time the employee shall be subject to direct on-site supervision. The sixty-day time period may only be extended for those employees who are appealing the results of the background check. The time period shall only be extended for the duration of the appeal."* [63:1-1947(L)(3)]

We did not provide further definition for the term "direct on-site supervision" so we've suggested we work with DHS Advantage and the OSDH Licensure/Certification Program to come to an agreement on how this subsection will be defined for your industry. We did not use the term line-of-site supervision here, which we did use in reference to volunteers [See 63:1-1945(9)]. We understand that the home-care business model would be impaired by delays in being able to start an employee because of a requirement to have a supervisor in attendance during provisional employment. However, where there is a delay it is because either the prints were rejected or, most likely, because there is a history we are reviewing and will be issuing a letter requesting a response from the applicant. The provider will receive a letter advising if this is the case.

We have automated determinations for applicants with no criminal history. So far, this has been 76% of applicants. For such applicants, determinations are made within 24 to 48 hours of fingerprinting.

Volunteers: Do they have to be fingerprinted?

Only if their duties are equivalent to the duties of a direct patient access employee and those duties involve one-on-one contact with a service recipient of an employer, without line-of-sight supervision by employer staff. Title 63, Section 1-1945, Definitions, provides the following at paragraph 9:

"Direct patient access" means access to a service recipient of an employer, through employment, independent contract, or the granting of clinical privileges, in which the performance of duties involves, or may involve one-on-one contact with a service recipient of the employer on an ongoing basis. The term shall include access to a service recipient's property, medical information or financial information. The term does not include a volunteer unless the volunteer has duties that are equivalent to the duties of a direct patient access employee and those duties involve one-on-one contact with a service recipient of an employer, without line-of-sight supervision by employer staff;

How do I permanently hire an applicant in OK-SCREEN?

On the Employment tab, click on the "Edit" button to the right of the entry for provisional hire. Change the employment status in the drop-down from "Provisional" to Permanent" and enter a permanent hire date and save the record.

Why is there no race selection for "Hispanic?"

According to federal documentation, "Hispanic" is an ethnicity, and not a race. That's why you see on forms, "White, not of Hispanic Descent." For the purposes of this program, if a person is Hispanic, list them as "White" (as in, "White, of Hispanic Descent").

RAP-Back: How does it work?

The Oklahoma National Background Check Program receives the RAP-Back notification. If the arrest is for a barrier offense, this office notifies the applicant/employee that they must by law notify the employer immediately of the arrest. Failure to do so is grounds for dismissal. This office will monitor the case through to disposition. If the case ends in a conviction, the employer (you) will be notified that the individual has become ineligible and must be terminated.

If the arrest is for a non-barrier offense, this office takes no action.

You (the provider) do not need to take any action relative to RAP-Back unless you are notified of a conviction.
