MINUTES

I. CALL TO ORDER

The meeting was called to order by Chair Eddie Sims at 10:31 a.m.

II. ROLL CALL

Roll call was taken with all members present but Jason Likens. Sharon Holland was a guest in attendance.

III. INTRODUCTION AND ANNOUNCEMENTS

There were no introductions or announcements.

IV. APPROVAL OF MINUTES – April 12th, 2016

A motion was made by Valerie Austin to approve the minutes and was seconded by Celesa Green. Mr. Sims gave a brief synopsis of the minutes for the members that were unable to attend. The motion passed unanimously after a roll call vote.

V. BUSINESS

A. Planning for Stroke triage and transport

The next joint Region 6 and 8 stroke working group will meet on June 8th at 5:30 p.m. The working group meeting that occurred on May 11th discussed stroke patient priorities and timeframes. The consensus was that a patient with onset of symptoms less than three hours would be a priority I stroke patient, a patient with onset of symptoms between three and eight hours will be a priority II patient. Patients with onset of symptoms greater than eight hours would be a priority III patient. Priority I and III stroke patients should be treated initially at any Level I, II, or III stroke hospital. Priority II stroke patients must be seen at either a Level I stroke hospital or a Level II facility with the ability to perform endovascular thrombectomy. The next working group meeting will discuss the interfacility portion of the plan. A special meeting of the Region 6 RPC will be called after the working group meeting to begin writing the plan.

Brandon Bowen provided a brief update of the Region 5 stroke plan and spoke briefly about the current state of affairs for a statewide stroke and STEMI registry. There was discussion about the desire for a stroke patient CQI process and protection as well as the need for an education component that should be rolled out concurrently with the stroke plan.

B. Discuss Regional Trauma Plan

There was discussion about the hospital destination by county and if there are still appropriate and a requirement within the bylaws that a Level III trauma center must have a helipad. The discussion about destination led to a brief synopsis of the Oklahoma City hospital rotation meeting that occurred recently. The hospital rotation committee is currently looking at options to the current rotation to see if patients

Creating a State of Health

would be better served by revising the current unassigned patient destination procedures.

A question was raised about EMResource and how best to show the differing capabilities of agencies that hold one license over two or more campuses. Currently, all sites under a hospital license are listed as having the licensure level of the main campus despite not having the exact same capabilities. This led to another question about whether the Trauma Referral Center (TReC) can perform the additional duties of adding stroke and STEMI patient destinations to the current duties. This may be possible but the contract would have to undergo changes.

A decision was made to amend the trauma destinations, if necessary, until after any on-call hospital rotation changes are completed.

VI. PUBLIC COMMENT

VII. NEXT MEETINGS

- A. Regional Trauma Advisory Board
May 17th, 2016 – 1:30 p.m.
INTEGRIS Canadian Valley Hospital
Yukon, OK
- B. Oklahoma Trauma and Emergency Response Advisory Council
June 1st, 2016 – 1:00 p.m.
Oklahoma State Department of Health
Oklahoma City, OK
- C. Regional Planning Committee
August 16th, 2016 – 11:30 a.m.
Norman Regional Hospital
Norman, OK
- D. Regional Trauma Advisory Board
August 16th, 2016 – 1:30 p.m.
Norman Regional Hospital
Norman, OK

VIII. ADJOURNMENT

A motion was made by Valerie Austin to adjourn. The motion was seconded by Celesa Green and passed after a unanimous roll call vote.
