SUMMARY:

The proposed rule amendments provide that the Commissioner of Labor may require that applicants for a manager's license in the Alarm, Locksmith & Fire Sprinkler Industry (excluding alarm monitoring) take more than one exam in order to qualify for a license. The circumstances which created the need for the rule amendments are that the Oklahoma Alarm, Locksmith and Fire Sprinkler Industry Committee recommended this amendment to the Commissioner of Labor to ensure that managers are knowledgeable in each category for which they are licensed. The intended effect of the proposed rule amendments is to better ensure public safety by ensuring minimum manager competence regarding each category for which a manager is licensed.
