

EXPLORA

SCAVENGER HUNT

Answer the following questions to familiarize yourself with EBSCO's School Research database. Start by using either the Elementary, Middle School, or Public Library (High School) editions.

Find the image slider at the top of the page. What topics are highlighted?

What are two other ways you can browse or search for topics from the homepage?

Locate the search box at the top. Pick a famous historical figure and do a search for them. Who was the figure and how many results did you find?

What types of search results did you get? Hint: look at the filters on the left and locate Source Types.

Locate the Topic Overview at the top of the results and find one interesting fact from the article.

Visit the Detailed Record for the Topic Overview article. What is the Lexile Level?

Go to the Educator's Edition (there is a link at the top of the page). Find a lesson plan and list its name.

What is something else interesting that you noticed about the Explora database?
