oac.ok.gov

EXECUTIVE SUMMARY

The Oklahoma Aeronautics Commission (Commission) assists with the development of a statewide system of airports, encourages aeronautical safety and development, and coordinates activities with the Federal Aviation Administration (FAA) to develop a national system of civil aviation.

The Oklahoma Airport System Plan (OASP) was approved by the Commission in 1999 and is the long-term planning document used to identify the network of airports needed to serve the state. The OASP identifies airports by functional classification, service level, and design standard.

The Commission's Airport Construction Program (ACP) programs federal and state funds regarding airport development that is consistent with the goals of the OASP. The ACP allows the Commission, FAA, and airport sponsors to anticipate airport funding needs and accommodate changes in project scope, cost, and schedule based on multi-year planning. **Inclusion of a project in the ACP is an indication to the sponsor that the project is under consideration for future funding; however, it is NOT a commitment for future funding.**

Justification is required for projects in the ACP and must be consistent with FAA and Commission regulations, policies and procedures. Some projects listed in this document may not be implemented due to funding restrictions or lack of justification.

The ACP is based on anticipated funding levels that were determined from historic state and federal allocations for airport development in the State of Oklahoma. Once the actual funding levels are established, project implementation and funding will be adjusted.

The Commission welcomes your comments on this document and our ACP process. Please contact the Commission at the following address:

Oklahoma Aeronautics Commission
110 N Robinson Ave., Suite 200
Oklahoma City, OK 73102
(405) 604-6900

Preface

The Commission's recent administrative rule changes have changed the name of this document from Capital Improvement Program (CIP) to Airport Construction Program (ACP) and extended the program from three years to five. Since this change has occurred in the middle of a program year the Commission will wait until the next regular update to add the additional two years although we have gone ahead and made the name change from CIP to ACP.

Annually, the Commission prepares and adopts a five-year ACP. The ACP programs federal and state funds for airport development consistent with the Oklahoma Airport System Plan (OASP). The challenge of strategic programming is the identification and sequencing of the big rock projects and the selection of smaller projects that can be funded in the same fiscal year. Big rock projects are typically very expensive and require federal state apportionment, federal discretionary, federal non-primary entitlement, and State funding.

Oklahoma Airport System Plan

The goal of the OASP is to identify a system of aviation facilities that will meet national and state needs (safety, capacity and geographic access). The OASP also identifies the basic amenities for each airport classification that will enable each airport in the system to perform its system role. The OASP includes 108 publicly owned airports with 99 of these airports included in the National Plan of Integrated Airport Systems (NPIAS).

Definition of "Big Rock Projects"

A big rock project is a project that results in a significant upgrade to the capability of a system airport, is a high cost project that is needed to sustain the capability of a regional business airport, or is a new airport. Examples of big rock projects are a runway extension, construction of parallel taxiway, runway reconstruction or overlay, acquisition of land for a runway extension or runway safety area, installation of approach lighting systems, installation of a localizer or a glide slope, or other projects typically requiring multi-year and multi-source financing such as the Bartlesville Butler Creek relocation project, the R. L. Jones Jr. storm water project and the Stillwater runway extension project. Due to cost, only two or three big rock projects can be underway at any one time.

Sequencing of Big Rock Projects

The sequencing of the big rock projects is critical to the continued orderly development of the Oklahoma airport system. In the programming process, the big rock projects are selected first and other less costly projects are selected second. Obviously, some balance between big rock and less costly projects must be achieved.

Project Selection Criteria

Complete projects currently identified in Commission's five-year ACP

Pavement Management Program (visual inspection converted into a numerical pavement condition)

Oklahoma Airport System Plan and Commission Strategic Plan and Goals

- Emphasis on regional business airport development
- Provide standard Airport Geometry and amenities as per functional classification
- Provide improved approaches to allow all-weather access

• Aesthetic, business friendly Airport Terminal buildings

FAA National Priority System (numerical rating system)

- Biased towards based aircraft and operations
- Does not consider economic impact
- Does not consider geographical coverage

Note: This document is based on anticipated funding levels that were determined from historic state and federal allocations for airport development in the State of Oklahoma. Once the actual funding levels are established, project implementation and funding will be adjusted.

Acronyms and Funding Definitions

The Commission's five-year Airport Construction Program (ACP) can be a very technical document. In order to help define some of the technical items and acronyms for the general public and the aviation community at large we have created the following guide:

Acronyms:

- ACP: Airport Construction Program
- AIP: Airport Improvement Program
- AWOS: Automated Weather Observation System
- APMS: Airport Pavement Management System
- FAA: Federal Aviation Administration
- FOD: Foreign Object Debris
- IAP: Instrument Approach Procedure
- ILS: Instrument Landing System
- L/T/D: Longitudinal/Transverse/Diagonal
- MALSR: Medium-intensity Approach Light System with RAIL
- MIRL/MITL: Medium Intensity Runway or Taxiway Lights
- NPE: Non-Primary Entitlement
- NPIAS: National Plan of Integrated Airport Systems
- NPS: National Priority System
- OAC: Oklahoma Aeronautics Commission
- OASP: Oklahoma Airport System Plan
- ODALS: Omni-directional Approach Light System
- ODO: Overall Development Objective
- PAPI: Precision Approach Path Indicator
- PCI: Pavement Condition Index
- PCL: Pilot Controlled Lighting
- PER: Preliminary Engineering Report
- RAIL: Runway Alignment Indicator Lights
- REIL: Runway End Identifier Lights
- RWY: Runway
- TWY: Taxiway

FAA NPE Funding Structure

An airport in the NPIAS that is classified in the most recent FAA ASSET study is eligible to receive up to \$150,000 of NPE each year. This funding can be banked for up to four years to accumulate \$600,000 with which an airport can do a much larger project. If the airport does not use the funding after they have banked it for four years, the oldest year of funding will expire and be sent back to Washington DC for reallocation unless it is transferred to another airport who can use it in the year it would expire.

FAA State Apportionment and Discretionary Funding Structure

NPIAS airports in Oklahoma are eligible to receive funding from FAA above and beyond their typical NPE funding stream through two sources. The other two sources of federal funding are FAA state apportionment which is a set amount every year determined by a formula based on land mass and population and FAA discretionary funding which can vary year to year based upon the ability of Oklahoma to put forth high priority projects that will compete for funding within the Southwest Region. OAC directs these additional sources of federal funding through the five-year ACP. FAA and OAC policy is that an airport's available NPE funds must be used towards the project in the year state apportionment or discretionary funding is received. It is common practice for an airport to use NPE funds to design a project the year before a construction project takes place for which state apportionment or discretionary funding is utilized.

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to rehabilitate runway 18/36 with an asphalt overlay on the runway. Additionally, improvements will be made on runway 36 Safety Area.

CY 2021: Preliminary Engineering Report

CY 2023: NPE Funded design only

CY 2024: Construct ODO

Project Justification

The Commission’s pavement management program forecasts a PCI rating of less than 65 for runway 18/36. It is more cost effective to rehabilitate the pavement with an asphalt overlay than to let it continue to deteriorate to a condition that will require full depth reconstruction. Runway 36 Safety Area will be improved to meet FAA/OAC standards.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 54 (5 jets) & 12,400
- Runway 18/36: 6,203' x 100'
- Runway 13/31: 2,717' x 50'

Selection Criteria

- Pavement Management: PCI 64
- NPS: Rehabilitate Runway: 70
- NPS: Rehabilitate Runway: 48
- OASP Goals: Safety and Standards, PCI > 65

Agency Fiscal Year	FY 2023	FY 2024	FY 2025	Total
Commission			\$162,500	\$162,500
FAA State Apportionment		\$337,500		\$337,500
FAA Discretionary		\$2,437,500		\$2,437,500
FAA Non-Primary Entitlement	\$150,000	\$150,000		\$300,000
Sponsor		\$16,667	\$162,500	\$179,167
Total	\$150,000	\$2,941,667	\$325,000	\$3,416,667

Federal grants require 10% matching funds while state grants require 5% matching funds. Commission funding is dependent on availability of State funds.

Alva Regional
Regional Business Airport

Businesses Utilizing the Airport:

- Sandrige•Chesapeake Energy•Sonic•Devine Water• Central National Bank•Steggs Aerial Spraying•Midwest Feeders•CRI

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to rehabilitate (overlay) the parallel taxiway system and install taxiway lights.

CY 2020: Preliminary Engineering Report

CY 2023: NPE Funded Design Only

CY 2024: Construct ODO

Project Justification

The existing taxiway pavement will be deteriorated to a point where it needs to be rehabilitated in 2024. Observed distresses include environmental deteriorations such as raveling and longitudinal/transverse cracking. While the parallel taxiway is closed it would be cost effective to install new LED taxiway lights in a can and conduit system that will ensure the airport has 24/7 functionality and increase situational awareness during taxi operations.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 44 (4 jets) & 6,500
- Runway 18/36: 5,001' x 75'

Selection Criteria

- Pavement Management: NA
- NPS: Install TW lighting: 75
- NPS: Rehabilitate TW: 64
- OASP Goals: Safety & Standards, Airside PCI > 65

Agency Fiscal Year	FY 2023	FY 2024	FY 2025	Total
Commission			\$100,000	\$100,000
FAA State Apportionment		\$150,000		\$150,000
FAA Discretionary		\$1,500,000		\$1,500,000
FAA Non-Primary Entitlement	\$150,000	\$150,000		\$300,000
Sponsor		\$16,667	\$100,000	\$116,667
Total	\$150,000	\$1,816,667	\$200,000	\$2,166,667

Federal grants require 10% matching funds while state grants require 5% matching funds. The Commission may provide half of the sponsor's federal match on the above project. Commission funding is dependent on availability of State funds.

Ardmore Downtown Executive

Regional Business Airport

Businesses Utilizing the Airport:

• Noble Foundation • Noble Drilling/Energy • AirEvac Lifeteam

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to rehabilitate/reconstruct the parallel taxiway system and install taxiway lights and signs. The project scope and detailed cost estimate will be determined by a FY 2017 preliminary engineering study.

CY 2017: Preliminary engineering report

CY 2020: Design & Construct ODO

Project Justification

The existing taxiway pavement has deteriorated to a point where it needs to be rehabilitated. Observed distresses include environmental deteriorations such as raveling and longitudinal/transverse cracking. In addition, the parallel taxiway doesn't meet FAA's longitudinal grade standards in several areas. While the parallel taxiway is closed it would be cost effective to install new LED taxiway lights in a can and conduit system with a new electrical vault that will ensure the airport has 24/7 functionality and increase situational awareness during taxi operations. Additionally, it will be cost effective to install airfield guidance signs while the electrical contractor is on-site.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 52 (1 jet) & 12,000
- Runway 17/35: 5,014' x 75'

Selection Criteria

- Pavement Management: Fair to Poor
- NPS: Install TW lighting: 47
- NPS: Rehabilitate TW: 65
- OASP Goals: Safety & Standards, Airside PCI > 65

Agency Fiscal Year	FY 2020	FY 2021	FY 2022	Total
Commission				
FAA State Apportionment				
FAA Discretionary		\$1,391,322		\$1,391,322
FAA Non-Primary Entitlement		\$150,000		\$150,000
FAA American Rescue Plan Act		\$171,258		\$171,258
Sponsor				
Total		\$1,712,580		\$1,712,580

Federal grants require 10% matching funds while state grants require 5% matching funds. The Commission may provide half of the sponsor's federal match on the above project. Commission funding is dependent on availability of State funds.

To view full ACP please visit our website oac.ok.gov

Project Description

The Overall Development Objective (ODO) of the proposed project is to rehabilitate runway 13/31 and install new LED runway lights.

CY 2021: Design and Construct ODO.

Project Justification

The existing runway pavement is exhibiting distresses such as joint damage and minor to moderate joint and corner spalling. The pavement is at a point where it is more cost effective to rehabilitate than let it deteriorate until reconstruction is required. Rehabilitation will include a joint seal and spall repair. The lights have reached the end of their useful life and are beginning to fail regularly. Installing new LED runway lights in a can and conduit system will ensure the airport has 24/7 functionality and increase situational awareness for pilots during inclement weather.

Airport Information

- Regional Business Airport
- Control Tower
- Based Aircraft & Operations: 21 (2 jets) & 26,170
- Runway 13/31: 9,002' x 150'
- Runway 17/35: 5,350' x 100'
- ILS & MALSR 31 end (instrument landing system)

Selection Criteria

- Pavement Management: Fair
- NPS: Rehabilitate Runway: 70
- NPS: Rehab Runway Lighting: 70
- OASP Goals: Airside PCI > 65; Safety and Standards

Grant Approved 7/14/2021

Agency Fiscal Year	FY 2020	FY 2021	FY 2022	Total
Commission			\$735,612	\$735,612
FAA State Apportionment				
FAA Discretionary		\$700,000		\$700,000
FAA Non-Primary Entitlement		\$242,277		
FAA American Rescue Plan Act		\$104,699		\$104,699
Sponsor			\$38,717	\$38,717
Total		\$1,046,976	\$774,329	\$1,821,305

Federal grants require 10% matching funds while state grants require 5% matching funds. The Commission may provide half of the sponsor's federal match on the above project. Commission funding is dependent on availability of State funds.

To view full ACP please visit our website oac.ok.gov

Project Description

The Overall Development Objective (ODO) of the proposed project is to construct a new MRO facility as part of the 2022 Statewide Hangar Loan Program.

CY 2022: Design & Construct ODO.

Project Justification

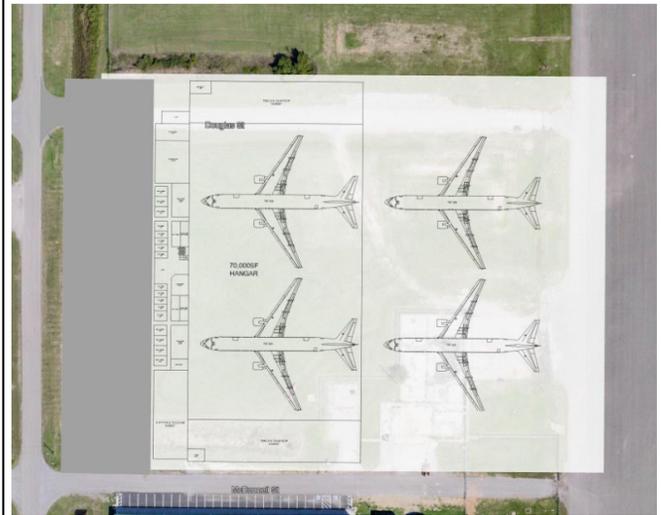

This project consists of constructing a new MRO facility. This is in support of a statewide effort to increase revenue-generating aircraft storage space and maintenance facilities at airports across the state.

Airport Information

- Regional Business Airport
- Control Tower
- Based Aircraft & Operations: 21 (2 jets) & 26,170
- Runway 13/31: 9,002' x 150'
- Runway 17/35: 5,350' x 100'
- ILS & MALSR 31 end (instrument landing system)

Selection Criteria

- Pavement Management: NA
- NPS: Construct hangar: 50
- OASP Goals: Based Aircraft Storage

Agency Fiscal Year	FY 2021	FY 2022	FY 2023	Total
Commission		\$600,000		\$600,000
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement				
Sponsor		\$16,400,000		\$16,400,000
Total		\$17,000,000		\$17,000,000

Federal grants require 10% matching funds while state grants require 5% matching funds. Commission funding is dependent on availability of State funds.

To view full ACP please visit our website oac.ok.gov

Proposed Project

The Overall Development Objective (ODO) of the proposed project is Phase I of taxiway construction to provide a full parallel taxiway for RWY 13/31.

CY 2024: NPE funded Design Only.

CY 2025: Construct ODO.

Project Justification

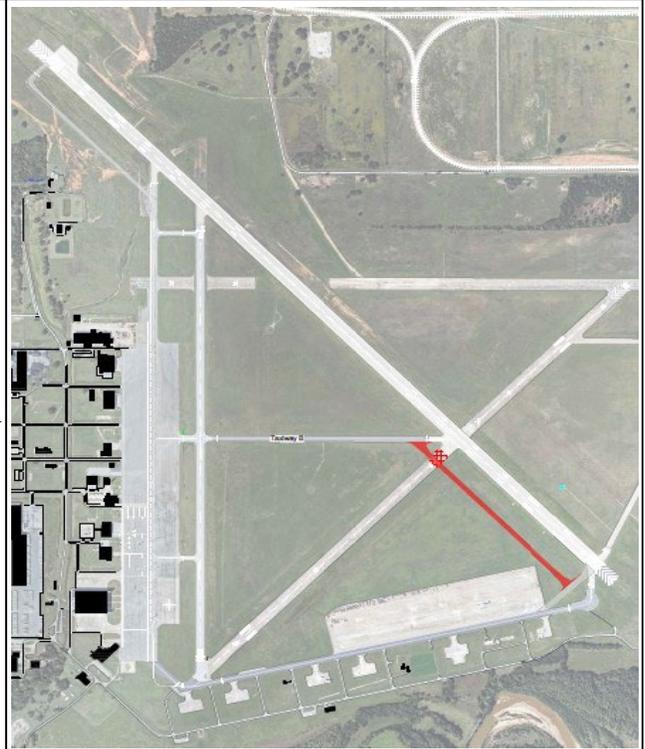

This project aims to provide a full parallel taxiway for Runway 13-31 which is the primary runway at ADM. This will be Phase I of the project and will extend TWY Echo from Taxiway Delta toward TWY Bravo. The project will enhance safety and fulfill the recommendation of having a parallel taxiway for runways that have straight-in instrument approaches.

Airport Information

- Regional Business Airport
- Control Tower
- Based Aircraft & Operations: 21 (2 jets) & 26,170
- Runway 13/31: 9,002' x 150'
- Runway 17/35: 5,350' x 100'
- ILS & MALSR 31 end (instrument landing system)

Selection Criteria:

- Pavement Management: N/A
- NPS: Construct Taxiway: 60
- OASP Goals: Safety & Standards

Agency Fiscal Year	FY 2024	FY 2025	FY 2026	Total
Commission			\$250,000	\$250,000
FAA State Apportionment		\$600,000		\$600,000
FAA Discretionary		\$3,750,000		\$3,750,000
FAA Non-Primary Entitlement	\$360,000	\$150,000		\$510,000
Sponsor		\$40,000	\$250,000	\$290,000
Total	\$360,000	\$4,540,000	\$500,000	\$5,400,000

Federal grants require 10% matching funds while state grants require 5% matching funds. The Commission may provide half of the sponsor's federal match on the above project. Commission funding is dependent on availability of State funds.

To view full ACP please visit our website oac.ok.gov

Atoka Municipal

District Airport

Project Description

The Overall Development Objective (ODO) of the proposed project is to conduct a preliminary siting study for a new airport location. This will be Phase I of the planning study - Phase II is expected to be funded in FY 2023.

CY 2022: Planning Study - Phase I

CY 2023: Planning Study - Phase II

Project Justification

The current location of the airport faces many safety and standards issues and is severely constrained and cannot support current and anticipated demand aircraft. The siting study will help establish the feasibility of a new airport location to support the longer runway and facilities needed in order to serve the demand aircraft in the area.

Airport Information

- District Airport
- Based Aircraft & Operations: 13 & 3,500
- Runway 18/36: 3,015' x 60'

Selection Criteria

- Pavement Management: NA
- NPS: Conduct Planning Study: 64
- OASP Goals: Safety and Standards

Agency Fiscal Year	FY 2021	FY 2022	FY 2023	Total
Commission		\$142,500		\$142,500
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement				
Sponsor		\$7,500		\$7,500
Total		\$150,000		\$150,000

Federal grants require 10% matching funds while state grants require 5% matching funds. Commission funding is dependent on availability of State funds.

To view full ACP please visit our website oac.ok.gov

Atoka Municipal

District Airport

Project Description

The Overall Development Objective (ODO) of the proposed project is to complete environmental and preliminary design for a new airport location. This will be Phase II of the planning study - Phase I is expected to be funded in FY 2022.

CY 2022: Planning Study - Phase I

CY 2023: Planning Study - Phase II

Project Justification

The current location of the airport faces many safety and standards issues and is severely constrained and cannot support current and anticipated demand aircraft. Phase II of planning study will determine environmental impacts and establish a preliminary design for the new airport location to support the longer runway and facilities needed in order to serve the demand aircraft in the area.

Airport Information

- District Airport
- Based Aircraft & Operations: 13 & 3,500
- Runway 18/36: 3,015' x 60'

Selection Criteria

- Pavement Management: NA
- NPS: Conduct Planning Study: 64
- OASP Goals: Safety and Standards

Agency Fiscal Year	FY 2022	FY 2023	FY 2024	Total
Commission			\$142,500	\$142,500
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement		\$142,500		\$142,500
Sponsor			\$15,000	\$15,000
Total		\$142,500	\$157,500	\$300,000

Federal grants require 10% matching funds while state grants require 5% matching funds. Commission funding is dependent on availability of State funds.

To view full ACP please visit our website oac.ok.gov

Blackwell-Tonkawa Municipal

Regional Business Airport

Project Description

The Overall Development Objective (ODO) of the proposed project is to widen and overlay runway 17/35.

CY 2019: Preliminary Engineering Report.

CY 2022: NPE funded Design Only.

CY 2023: Construct ODO.

Project Justification

Areas of the runway pavement are exhibiting traffic induced failures which can lead to unsafe conditions and other seasonal environmental distresses. The based aircraft and itinerant traffic continue to increase and the airport now has demonstrated aircraft demand that moves airport reference code to a B-II. A B-II standard runway width is 75'. This project will rehabilitate the existing runway pavement and widen the runway to 75' to meet FAA standards.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 11 & 5,000
- Runway 17/35: 3,501' x 60'

Selection Criteria

- Pavement Management: PCI 58
- NPS: Repair runway pavement: 68, Widen runway: 50
- OASP Goals: Runway pavement PCI > 65, Safety & Standards

Agency Fiscal Year	FY 2022	FY 2023	FY 2024	Total
Commission			\$109,167	\$109,167
FAA State Apportionment		\$415,000		\$415,000
FAA Discretionary		\$1,000,000		\$1,000,000
FAA Non-Primary Entitlement	\$157,200	\$550,000		\$707,200
Sponsor		\$17,467	\$109,167	\$126,634
Total	\$157,200	\$1,982,467	\$218,334	\$2,358,001

Federal grants require 10% matching funds while state grants require 5% matching funds. The Commission may provide half of the sponsor's federal match on the above project. Commission funding is dependent on availability of State funds.

To view full ACP please visit our website oac.ok.gov

Boise City Municipal

District Airport

Project Description

The Overall Development Objective (ODO) of the proposed project is to rehabilitate the runway pavement, install LED runway lights, install windcone, and install LED PAPIs with flight check.

CY 2020: NPE Funded Design Only.

CY 2021: Construct ODO.

Project Justification

The Commission's pavement management program forecasts a PCI rating of 59 for runway 04/22 for year 2021.

Currently, the runway pavement is exhibiting medium and low severity longitudinal and transverse cracks and raveling. Since the PCI rating is below 65 (the threshold PCI value below which the pavement experiences rapid deterioration) it is more cost effective to rehabilitate the pavement than to let it continue to deteriorate to a condition that will require full depth reconstruction. It will also be efficient for the airport if new LED runway lights are installed while the runway is closed. The windcone is also in disrepair and the airport is in need of PAPIs for both runway ends to increase safety on each approach patch. It will be more cost effective to install the windcone and PAPIs while the contractor is on site.

Airport Information

- District Airport
- Based Aircraft & Operations: 15 & 3,500
- Runway18/36: 4,211' x 60'

Selection Criteria

- Pavement Management: 59
- NPS: Repair runway pavement: 68
- OASP Goals: Runway PCI > 65

Agency Fiscal Year	FY 2020	FY 2021	FY 2022	Total
Commission			\$551,278	\$551,278
FAA State Apportionment		\$513,577		\$513,577
FAA Discretionary				
FAA Non-Primary Entitlement	\$116,115	\$950,000		\$1,066,115
FAA American Rescue Plan Act		\$162,619		\$162,619
Sponsor		\$12,902	\$29,015	\$41,917
Total	\$116,115	\$1,639,098	\$580,293	\$2,335,506

Federal grants require 10% matching funds while state grants require 5% matching funds. Commission funding is dependent on availability of State funds.

Broken Bow Municipal

Community Airport

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to rehabilitate the runway.

CY 2024: Design and Construct ODO.

Project Justification

The Commission's pavement management program forecasts a PCI rating of less than 65 for runway 17/35 for year 2021. Currently, the runway pavement is exhibiting medium and low severity longitudinal and transverse cracks, alligator cracking, and swelling. It is more cost effective to rehabilitate the pavement than to let it continue to deteriorate to a condition that will require full depth reconstruction.

Airport Information

- Community Airport
- Based Aircraft: 7
- Runway 03/21: 3,200 x 50'

Selection Criteria

- Pavement Management: PCI 62
 - NPS: Construct taxilane: 66
 - OASP Goals: Safety and Standards;
- Airside PCI > 65

Agency Fiscal Year	FY 2023	FY 2024	FY 2025	Total
Commission			\$570,000	\$570,000
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement				
Sponsor			\$30,000	\$30,000
Total			\$600,000	\$600,000

Federal grants require 10% matching funds while state grants require 5% matching funds. Commission funding is dependent on availability of State funds.

Chickasha Municipal

Regional Business Airport

Businesses Utilizing the Airport:

- Atwoods • Chickasaw Nation • Chickasha Wings • Love's
- Nicola Bank • MedFlight • Walmart • Waste Management

Project Description

The Overall Development Objective (ODO) of the proposed project is to rehabilitate (joint seal and spall repair) the runway and taxiway pavement.

CY 2022: Design and Construct ODO.

Project Justification

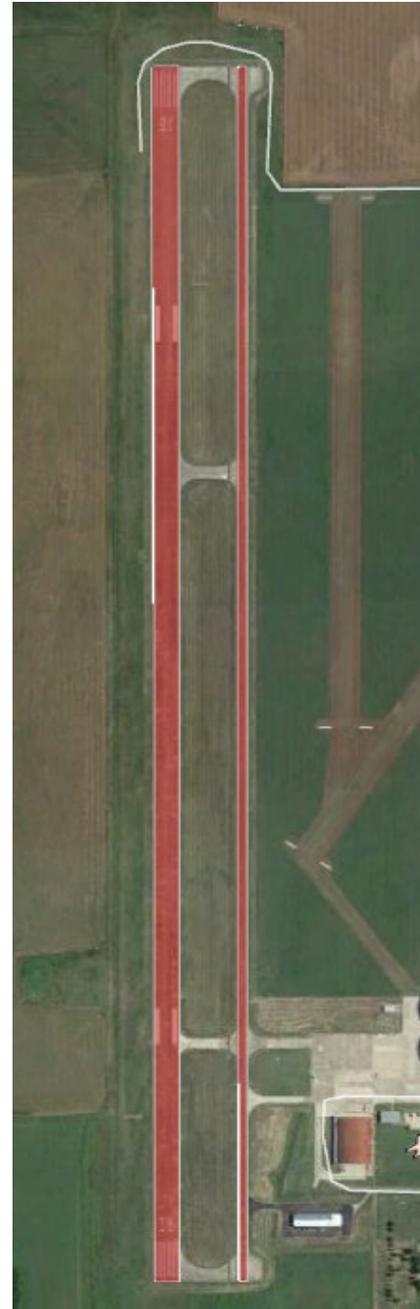

The existing runway pavement is exhibiting distresses such as joint damage and minor to moderate joint and corner spalling. The pavement is at a point where it is more cost effective to rehabilitate than let it deteriorate until a point where reconstruction is required. Additionally, it is cost effective to rehabilitate the parallel taxiway system while the workers and equipment are on site.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 38 & 10,200
- Runway 18/36: 5,101' x 100'

Selection Criteria

- Pavement Management: PCI 70
- NPS: Rehabilitate runway: 70
- NPS: Rehabilitate taxiway: 66
- OASP Goals: Airside PCI > 65

Agency Fiscal Year	FY 2021	FY 2022	FY 2023	Total
Commission			\$475,000	\$475,000
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement				
Sponsor			\$25,000	\$25,000
Total			\$500,000	\$500,000

Federal grants require 10% matching funds while state grants require 5% matching funds. Commission funding is dependent on availability of State funds.

Claremore Regional Regional Business Airport

Businesses Utilizing the Airport:

- Google •BancFirst •Baker Hughes •Walmart •RCB Bank •GRDA
- G.A.P. Roofing •HyPro Inc •Xcaliber International •AXH

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to rehabilitate a portion of the terminal apron.

CY 2023: Design and construct ODO.

Project Justification

The Commission’s pavement management program forecasts a PCI rating of 60 for the apron for year 2023.

The apron was originally constructed in 1995 and is showing signs of medium to high severity cracking and rutting. Since the PCI rating is below 65 (the threshold PCI value below which the pavement experiences rapid deterioration) it is more cost effective to rehabilitate the pavement than to let it continue to deteriorate to a condition that will require full depth reconstruction. The entire apron will not be rehabilitated during this project due to budget/justification shortfalls.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 70 & 15,000
- Runway 18/36: 5,200' x 75'

Selection Criteria

- Pavement Management: PCI 58
- NPS: Rehabilitate apron: 60
- OASP Goals: Safety & standards

Agency Fiscal Year	FY 2021	FY2022	FY 2023	Total
Commission			\$50,000	\$50,000
FAA State Apportionment		\$750,000		\$750,000
FAA Discretionary				
FAA Non-Primary Entitlement		\$150,000		\$150,000
Sponsor			\$50,000	\$50,000
Total		\$900,000	\$100,000	\$1,000,000

Federal grants require 10% matching funds while state grants require 5% matching funds. Commission funding is dependent on availability of State funds.

Clarence E. Page Municipal Airport (Oklahoma City)

Regional Business Airport

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to reconstruct portions of the apron area.

CY 2021: Design & Construct ODO.

Project Justification

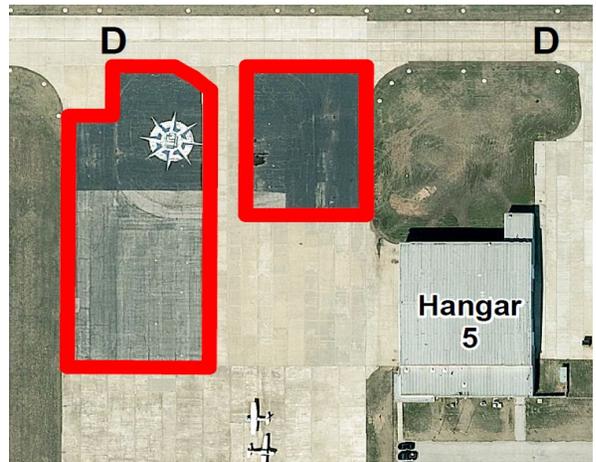

Currently the pavement serving the hangar area and the main apron area are exhibiting significant distresses to include longitudinal/transverse cracking, raveling, and block cracking. Given the age of the pavement and its current condition it is time to reconstruct the full pavement section as a rehabilitation would not provide for a long-term solution to the pavement distresses.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 55 (1 jet) & 42,554
- Runway 17L/35R: 3,502' x 75'
- Runway 17R/35L 6,014' x 100'

Selection Criteria

- Pavement Management: NA
- NPS: Rehabilitate Apron: 60
- OASP Goals: Airside PCI > 65

Agency Fiscal Year	FY 2020	FY 2021	FY 2022	Total

Cushing Municipal

Regional Business Airport

Project Description

The Overall Development Objective (ODO) of the proposed project is to realign the parallel taxiway for Runway 18/36.

CY 2024: NPE Funded Design-Only

CY 2025: Construct ODO

Project Justification

This project aims to provide a full parallel taxiway for Runway 18/36 which is the primary runway at CUH. This will be Phase I of the project and will start from the Runway 36 connector and extend north toward Taxiway Bravo. The project will enhance safety and fulfill the FAA recommendation of having a parallel taxiway for runways with instrument approaches.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 27 & 5,800
- Runway 18/ 36: 5,201' x 100'

Selection Criteria

- Pavement Management: PCI 65
- FAA National Priority Rating: 68
- OASP Goals: Runway PCI > 65; Safety & Standards

Agency Fiscal Year	FY 2024	FY 2025	FY 2026	Total
Commission			\$250,000	\$250,000
FAA State Apportionment		\$288,900		\$288,900
FAA Discretionary		\$3,750,000		\$3,750,000
FAA Non-Primary Entitlement	\$360,000	\$461,100		\$821,100
Sponsor		\$40,000	\$250,000	\$290,000
Total	\$360,000	\$4,540,000	\$500,000	\$5,400,000

Federal grants require 10% matching funds while state grants require 5% matching funds. The Commission may provide half of the sponsor's federal match on the above project. Commission funding is dependent on availability of State funds.

David Jay Perry (Goldsby)

District Airport

Project Description

The Overall Development Objective (ODO) of the proposed project is to rehabilitate a portion of the terminal apron and install perimeter fencing and gates along the northwest section of the airport.

CY 2021: NPE Funded Design-Only

CY 2022: Construct ODO

Project Justification

The Commission's pavement management program forecasts a PCI rating of less than 65 for the apron. Since the PCI rating is below 65 (the threshold PCI value below which the pavement experiences rapid deterioration) it is more cost effective to rehabilitate the pavement than to let it continue to deteriorate to a condition that will require full depth reconstruction.

Airport Information

- District Airport
- Based Aircraft & Operations: 45 & 15,000
- Runway 13/31: 3,004' x 60'
- Runway 17/35: 1,801' x 60'

Selection Criteria

- Pavement Management: PCI: 61
- NPS: Rehabilitate Apron: 58
- OASP Goals: Safety and standards

Agency Fiscal Year	FY 2021	FY 2022	FY 2023	Total
Commission			\$159,804	\$159,804
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement	\$63,180	\$351,031		\$414,211
Sponsor		\$7,020	\$47,415	\$54,435
Total	\$63,180	\$358,051	\$207,219	\$628,450

Federal grants require 10% matching funds while state grants require 5% matching funds. Commission funding is dependent on availability of State funds.

El Reno Regional Regional Business Airport

Businesses Utilizing the Airport:

- Escott Aerial Spraying • Eagle Med • Interior by Dene
- Aero Spray Inc.

Project Description

The Overall Development Objective of the proposed project is to construct a new terminal building.

CY 2022: Design and Construct terminal building.

Funding: The Commission will participate in 50 percent of the project cost. However, the Commission share will not exceed the Commission's funding policy for terminal buildings (\$500,000).

Project Justification

The terminal building is actually part of an old WWII roundtop hangar. The building has become outdated and is in constant need of repair/maintenance. The existing building does not provide sufficient room and facilities to accommodate the mix between waiting passengers, pilots, and others visiting the airport. The improvements will provide passengers and users of the terminal the facilities and amenities they would expect to receive at a Regional Business Airport. With the airport's proximity to the OKC Metro area, the increase in business jet type traffic has been noticeable and the terminal's inability to handle these passengers could have a negative impact on the "front door" to the community of El Reno.

Airport Information

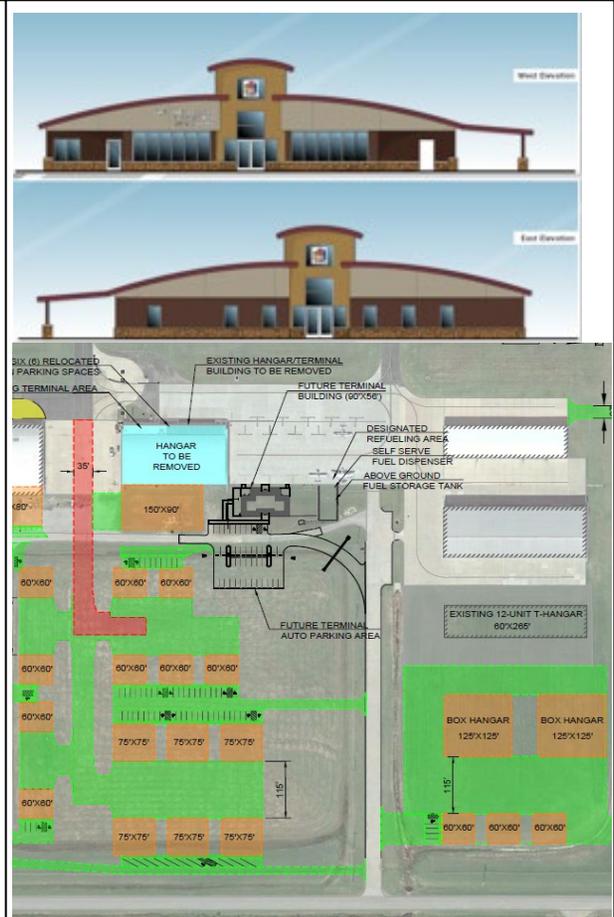

- Regional Business Airport
- Based Aircraft & Operations: 23 & 24,825
- Runway 17/35: 5,600 x 75
- Runway 13/31: 4,017 x 190 (turf)

Selection Criteria

- Pavement Management: N/A
- NPS: Terminal Building: 49
- OASP Goals: Provide a functioning terminal building

Design Phase Approved 8/12/2020: \$139,310

(50% OAC / 50% Sponsor)

Agency Fiscal Year	FY 2012	FY 2022	FY 2022	Total

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to rehabilitate Runway 17/35.

CY 2022: Design & Construct ODO.

Project Justification

The existing runway pavement is exhibiting distresses such as joint damage and minor to moderate joint and corner spalling. The pavement is at a point where it is more cost effective to rehabilitate than to let it deteriorate until reconstruction is required. Rehabilitation will consist of joint seal and spall repair.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 54 (1 jet) & 24,825
- Runway 17/35: 5,600' x 75'

Selection Criteria

- Pavement Management: Good to Fair
- NPS: Rehabilitate runway: 68
- OASP Goals: Runway PCI > 65, Safety & Standards

Agency Fiscal Year	FY 2021	FY 2022	FY 2023	Total

El Reno Regional Regional Business Airport

Businesses Utilizing the Airport:

- Escott Aerial Spraying • Eagle Med • Interior by Dene
- Aero Spray Inc.

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to construct taxilanes for the City's new hangar development.

CY 2024: Design & Construct ODO.

Project Justification

The objective of the proposed project is to design and construct a new taxilane that will facilitate the airport's new hangar and terminal layout. As part of a master plan conducted several years ago, the airport identified a need to realign the terminal area and future hangar locations as well as the need to replace their 4 large existing hangar structures. These taxilanes will go to improve the terminal area (terminal building is in the Commission's ACP for FY22) and ensure successful future development for years to come.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 54 (1 jet) & 24,825
- Runway 17/35: 5,600' x 75'

Selection Criteria

- Pavement Management: NA
- NPS: Construct taxilanes: 58
- OASP Goals: Safety & Standards

Agency Fiscal Year	FY 2022	FY 2023	FY 2024	Total

El Reno Regional Regional Business Airport

Businesses Utilizing the Airport:

- Escott Aerial Spraying • Eagle Med • Interior by Dene
- Aero Spray Inc.

Proposed Project

The Overall Development Objective (ODO) is to design and install Medium Intensity Taxiway Lights (MITL), rehabilitate the Runway End Identifier Lights (REIL), rehabilitate the Precision Approach Path Indicator (PAPI) system, and install Runway Guidance Signs.

CY 2025: Design & Construct ODO.

Project Justification

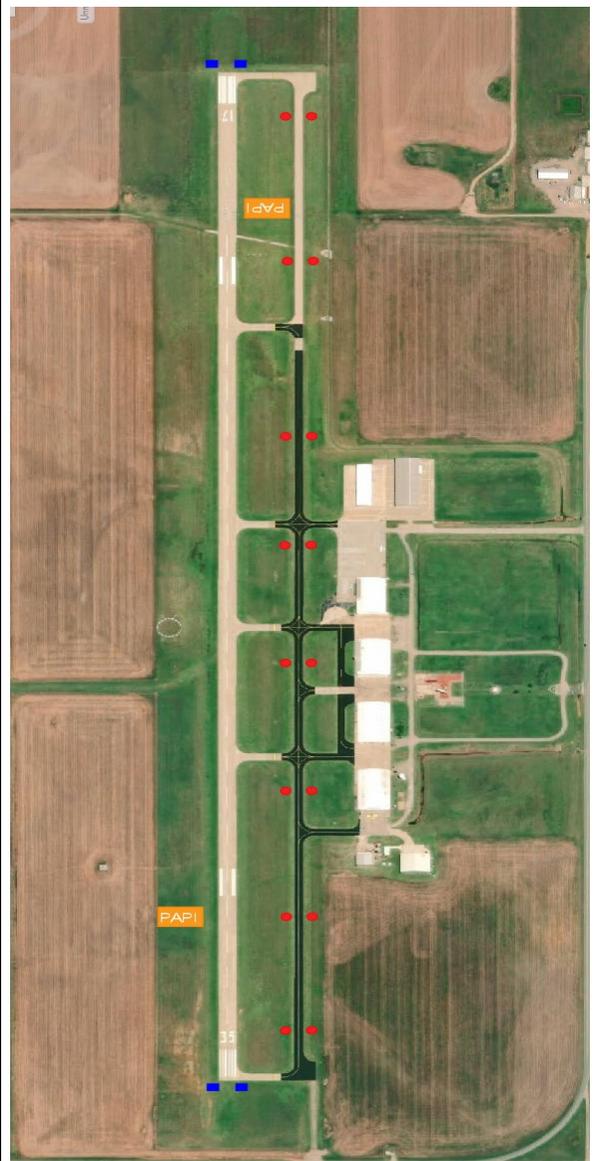

The airport is growing to the point that new visual lighting aids would significantly benefit the increasing IFR traffic. These visual aids include installing MITL and Runway Guidance Signs as none of these lighting improvements currently exist. The current PAPIs were installed in the early 1990s and are subject to frequent malfunctions and repairs and need to be replaced. The REILs were installed in 2001 and also are subject to frequent malfunctions and need to be replaced.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 54 (1 jet) & 24,825
- Runway 17/35: 5,600' x 75'

Selection Criteria

- Pavement Management: NA

Elk City Regional Business Airport

Regional Business Airport

Businesses Utilizing the Airport:

- Atwoods • Bar-S Foods • Chesapeake • Love's Country Stores
- Infinistar • Patterson Drilling • Schlumberger • USA Tank

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to rehabilitate the runway lights, PAPIs, and AWOS.

CY 2021: Design and construct ODO.

Project Justification

The lights have reached the end of their useful life and are beginning to fail regularly. Installing new LED runway lights in a can and conduit system will ensure the airport has 24/7 functionality and increase situational awareness for pilots during inclement weather. Additionally, it will be cost effective to rehabilitate the PAPIs and AWOS while the electrical contractor is on site.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 30 & 8,040
- Runway 17/35: 5,399' x 75'

Selection Criteria

- Pavement Management: NA
- NPS: Install RW lighting: 79
- NPS: Vertical/Visual guidance: 79
- OASP Goals: Safety & Standards

Grant Approved 7/14/2021

Agency Fiscal Year	FY 2020	FY 2021	FY 2022	Total

Fairview Municipal

District Airport

Project Description

The Overall Development Objective (ODO) of the proposed project is to construct Phase II of the parallel taxiway system.

CY 2020: Preliminary Engineering Report.

CY 2023: NPE funded Design Only.

CY 2024: Construct ODO.

Project Justification

The airport continues to see increased traffic due to the recent runway widening and extension. With this increased traffic some aircraft have been required to wait on the apron while landing/departing aircraft back taxi on the runway.

Therefore, construction of a parallel taxiway system will improve the safety for the flying public that utilize this airport. This parallel taxiway will be a multiple phase project. Phase II will construct the parallel taxiway from the apron to the end of runway 17.

Airport Information

- District Airport
- Based Aircraft & Operations: 18 & 5,400
- Runway 17/35: 4,400' x 75'

Selection Criteria

Project Description

The Overall Development Objective (ODO) of the proposed project is to construct a new box hangar as part of the 2022 Statewide Hangar Grant Program.

CY 2022: Design & Construct ODO.

Project Justification

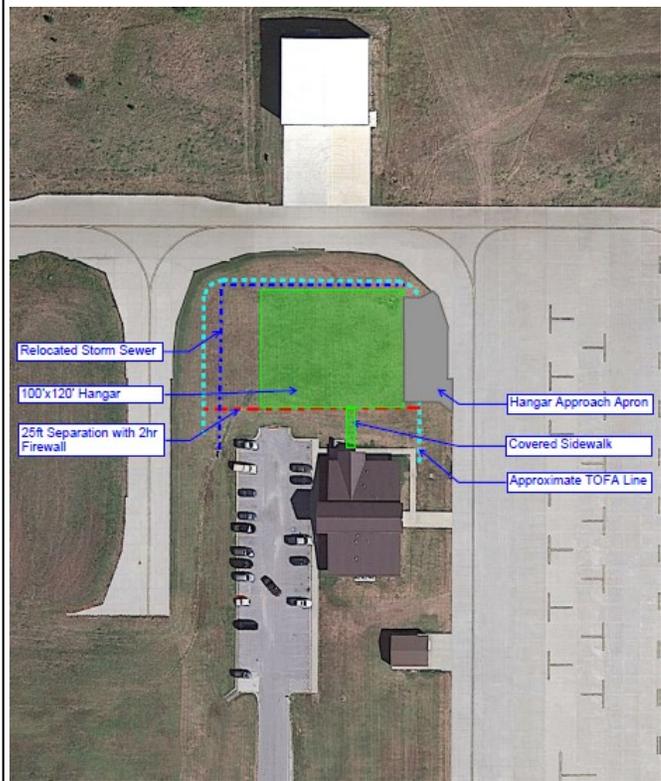

This project consists of constructing a new 100' x 120' FBO hangar. This is in support of a statewide effort to increase revenue-generating aircraft storage space and maintenance facilities at airports across the state.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 28 (3 jets) & 29,650
- Runway 18/36: 5,200' x 75'

Selection Criteria

- Pavement Management: NA
- NPS: Construct hangar: 50
- OASP Goals: Based Aircraft Storage

Agency Fiscal Year	FY 2021	FY 2022	FY 2023	Total
Commission		\$300,000		\$300,000
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement				
Sponsor		\$900,000		\$900,000
Total		\$1,200,000		\$1,200,000

Federal grants require 10% matching funds while state grants require 5% matching funds. Commission funding is dependent on availability of State funds.

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to rehabilitate (overlay) runway 18/36 and runway lights.

CY 2018: Preliminary Engineering Report.

CY 2021: NPE funded Design Only.

CY 2022: Construct ODO.

Project Justification

The existing runway pavement is exhibiting seasonal environmental distresses such as weathering, raveling, and longitudinal/transverse cracking. The pavement is at a point where it is more cost effective to rehabilitate than let it deteriorate until a point where reconstruction is required. The lights have reached the end of their useful life and are beginning to fail regularly. Installing new LED runway lights in a can and conduit system will ensure the airport has 24/7 functionality and increase situational awareness for pilots during inclement weather.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 42 (4 jets) & 29,650
- Runway 18/36: 5,200' x 75'

Selection Criteria

- Pavement Management: PCI 63
- NPS: Rehabilitate runway: 67, Install RW lighting: 68
- OASP Goals: Runway PCI > 65

Agency Fiscal Year	FY 2021	FY 2022	FY 2023	Total
Commission			\$165,945	\$165,945
FAA State Apportionment		\$136,675		\$136,675
FAA Discretionary		\$2,700,000		\$2,700,000
FAA Non-Primary Entitlement	\$238,960	\$150,335		\$389,295
Sponsor		\$26,552	\$165,945	\$192,497
Total	\$238,960	\$3,013,562	\$331,890	\$3,584,412

Federal grants require 10% matching funds while state grants require 5% matching funds. The Commission may provide half of the sponsor's federal match on the above project. Commission funding is dependent on availability of State funds.

Guthrie-Edmond Regional Airport

Businesses Utilizing the Airport:

- Lazy E • Oak Tree Golf and Country Club • Crabtree Aviation
- Bloss Enterprises • Cobb Engineering • Spiritwing Aviation

Project Description

The Overall Development Objective (ODO) of the proposed project is to realign the south portion parallel taxiway and reconfigure the apron.

CY 2021: Preliminary Engineering Report.

CY 2024: NPE funded Design Only.

CY 2025: Construct ODO.

Project Justification

This project consists of relocating the parallel taxiway in order to meet FAA runway/taxiway separation standards. The pavement is coming to the end of its life cycle and it will be time to reconstruct the taxiway pavement in the proper location. This is in support of the increase of larger aircraft utilizing the airport and to ensure complete operational capability for decades to come. This project will also support apron reconfiguration in coordination with the new taxiway location.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 132 (4 Jets) & 23,000
- Runway 16/34: 5,001' x 75'

Selection Criteria

- Pavement Management: PCI 36 Poor
- NPS: Realign taxiway: 71
- OASP Goals: PCI > 65, Safety & Standards

Agency Fiscal Year	FY 2024	FY 2025	FY 2026	Total
Commission			\$300,000	\$300,000
FAA State Apportionment		\$750,000		\$750,000
FAA Discretionary		\$4,500,000		\$4,500,000
FAA Non-Primary Entitlement	\$432,000	\$150,000		\$582,000
Sponsor		\$48,000	\$300,000	\$348,000
Total	\$432,000	\$5,448,000	\$600,000	\$6,480,000

Federal grants require 10% matching funds while state grants require 5% matching funds. The Commission may provide half of the sponsor's federal match on the above project. Commission funding is dependent on availability of State funds.

To view full ACP please visit our website oac.ok.gov

Guymon Municipal

Regional Business Airport

Businesses Utilizing the Airport:

- Seaboard Foods•Hitch Enterprise•Oklahoma Cardiovascular
- 5R Companies•Apollo MedFlight•Love's Travel Stops

Project Description

The Overall Development Objective (ODO) of the proposed project is to rehabilitate the runway and taxiway pavement. The project scope and detailed cost estimate will be determined by an FY 2018 preliminary engineering study.

CY 2018: Preliminary Engineering Report.

CY 2020: NPE funded Design Only.

CY 2021: Construct ODO.

Project Justification

The existing runway and taxiway pavements are exhibiting seasonal environmental distresses such as weathering, raveling, and longitudinal/transverse cracking. More severe distresses such as block cracking have also been observed. No structural distresses have been noted, therefore the pavement appears to be structurally sound and able to handle the traffic load. The pavement is at a point where it is more cost effective to rehabilitate than let it deteriorate until a point where reconstruction is required.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 38 & 19,250
- Runway 18/36: 5,904' x 100'

Selection Criteria

- Pavement Management: PCI 61
- NPS: Rehabilitate runway: 72
- NPS: Rehabilitate taxiway: 67
- OASP Goals: Airside PCI > 65

Agency Fiscal Year	FY 2020	FY 2021	FY 2022	Total
Commission				
FAA State Apportionment		\$216,217		\$216,217
FAA Discretionary		\$3,649,000		\$3,649,000
FAA Non-Primary Entitlement	\$323,107	\$458,483		\$781,590
FAA American Rescue Plan Act		\$480,412		\$480,412
Sponsor		\$35,901		
Total	\$323,107	\$4,840,013		\$5,163,120

Federal grants require 10% matching funds while state grants require 5% matching funds. The Commission may provide half of the sponsor's federal match on the above project. Commission funding is dependent on availability of State funds.

Halliburton Field (Duncan)

Businesses Utilizing the Airport:

- Halliburton Energy •Family Dollar •McAsland Energy
- Carroll Surveying •Sooner Trucking •Robinson Trucking

Project Description

The Overall Development Objective (ODO) of the proposed project is to rehabilitate the main apron and construct a taxilane.

CY 2022: NPE Funded Design Only

CY 2023: Construct ODO

Project Justification

Currently the airport pavements are exhibiting longitudinal and transverse cracking, joint/corner spalling, and other distresses due to seasonal environmental conditions. The pavement is at a point where it needs basic maintenance in order to preserve the condition and prevent further deterioration and the need for more expensive rehabilitation. A taxilane will also be developed in order to improve access to future hangar development south of the terminal building in the interest of spurring economic development at the airport.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 37 (1 jet) & 8,750
- Runway 17/ 35: 6,326' x 100'

Selection Criteria

- Pavement Management: PCI 39 Poor
- NPS: Rehabilitate Apron: 62
- NPS: Construct Taxilane: 57
- OASP Goals: Safety and Standards; Airside PCI > 65;
Improve Airport Access

Agency Fiscal Year	FY 2022	FY 2023	FY 2024	Total
Commission			\$475,000	\$475,000
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement	\$90,000	\$550,000		\$640,000
Sponsor		\$10,000	\$55,556	\$65,556
Total	\$90,000	\$560,000	\$530,556	\$1,180,556

Federal grants require 10% matching funds while state grants require 5% matching funds. The Commission may provide half of the sponsor's federal match on the above project. Commission funding is dependent on availability of State funds.

Hobart Regional
Regional Business Airport

- Businesses Utilizing the Airport:**
 • Air Evac • Sesaco • SKF • Department of Corrections
 • Elkview Hospital • KSWO Media

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to rehabilitate runway 17/35 (crack seal and seal coat).

CY 2022: Design & Construct ODO.

Project Justification

The existing runway pavement is exhibiting seasonal environmental distresses such as weathering, raveling, and longitudinal/transverse cracking. The pavement is at a point where it is more cost effective to rehabilitate than let it deteriorate until a point where reconstruction is required. Rehabilitation will include a crack seal/seal coat.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 9 & 1,885
- Runway 17/35: 5,507' x 100'

Selection Criteria

- Pavement Management: PCI 63
- NPS: Rehabilitate runway: 66
- OASP Goals: Runway PCI > 65, Safety & Standards

Agency Fiscal Year	FY 2022	FY 2023	FY 2024	Total
Commission		\$285,000		\$285,000
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement				
Sponsor		\$15,000		\$15,000

Jones Memorial (Bristow)

District Airport

Project Description

The Overall Development Objective (ODO) of the proposed project is to construct a new terminal building. This is phase 2 following construction of the new runway and involves EDA/OAC/Local funding.

CY 2020: Design ODO.

CY 2021: Construct ODO.

Project Justification

This project consists of constructing a new terminal building. This is in support of the new runway constructed approximately 250 ft. east of the existing runway centerline. Given that this is a new runway, there are other infrastructure support items that are needed at the airport to ensure the success of the runway construction. The terminal area will be enhanced during the EDA portion of this project by constructing a new terminal building that will be needed to support the increased traffic and business created by the construction of the new runway.

Airport Information

- District Airport
- Based Aircraft & Operations: 18 & 2,000
- Runway 18/36: 3,379' x 50'

Selection Criteria

- Pavement Management: NA
- NPS: Terminal Building: 50
- OASP Goals: Provide a functioning terminal building

Grant Approved 8/11/2021

Agency Fiscal Year	FY 2017	FY 2018	FY 2022	Total
Commission			\$259,224	\$259,224
EDA	\$688,766			\$688,766
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement

Kingfisher Municipal

District Airport

Businesses Utilizing the Airport:

- Bank First•Faeginns Cattle•Pioneer Telephone•Drilling Fluids Technology•P&K John Deere•Wheeler Brothers Grain

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to reconstruct the taxilanes and apron area.

CY 2021: Design and Construct ODO.

Project Justification

Currently the pavement serving the hangar area and the main apron area are exhibiting significant distresses to include longitudinal/transverse cracking, raveling, and block cracking. Given the age of the pavement and its current condition it is time to reconstruct the full pavement section as a rehabilitation would not provide for a long-term solution to the pavement distresses.

Airport Information

- District Airport
- Based Aircraft & Operations: 13 & 3,200
- Runway 17/35: 2,800' x 60'

Selection Criteria

- Pavement Management: Fair to Poor
- NPS: Rehabilitate Apron: 60
- OASP Goals: Airside PCI > 65

Design Phase Approved 1/13/2021: \$39,300
(95% OAC / 5% Sponsor)

Agency Fiscal Year	FY 2020	FY 2021	FY 2022	Total
Commission			\$380,000	\$380,000
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement				
Sponsor			\$20,000	\$20,000
Total			\$400,000	\$400,000

Federal grants require 10% matching funds while state grants require 5% matching funds. Commission funding is dependent on availability of State funds.

Madill Municipal

District Airport

Project Description

The Overall Development Objective (ODO) of the proposed project is to construct a new 4,000 ft. x 75 ft. runway approximately 240 ft. east of the existing runway.

CY 2023: Preliminary Engineering Report.

CY 2025: NPE Funded Design Only.

CY 2026: Construct ODO.

Project Justification

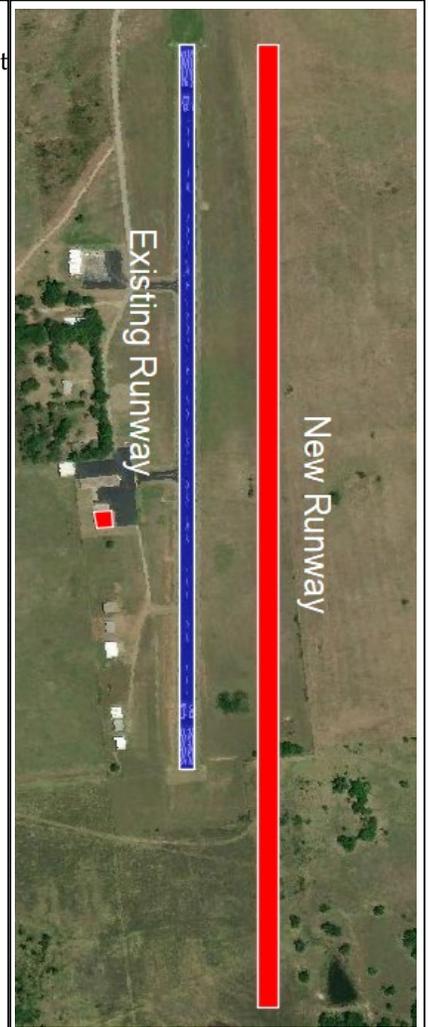

This project consists of constructing a new runway approximately 240 ft. east of the existing runway. Based on the airport's recently completed planning study, the existing runway does not meet standards due to its proximity to the hangar and terminal area. In addition there is rising terrain towards the hangar and terminal area which would inhibit the ability to construct a parallel taxiway that meets standards. The planning study also identified traffic demand to support the airport's reference code changing from B-I to B-II.

Airport Information

- District Airport
- Based Aircraft & Operations: 21 & 4,000
- Runway 18/36: 3,005' x 60'

Selection Criteria

- Pavement Management: PCI 73
- NPS: Construct runway: 50
- OASP Goals: Safety & Standards, PCI > 65

Agency Fiscal Year	FY 2025	FY 2026	FY 2027	Total
Commission			\$250,000	\$250,000
FAA State Apportionment		\$600,000		\$600,000
FAA Discretionary		\$3,750,000		\$3,750,000
FAA Non-Primary Entitlement	\$360,000	\$150,000		\$510,000
Sponsor		\$40,000	\$250,000	\$290,000
Total	\$360,000	\$4,540,000	\$500,000	\$5,400,000

Federal grants require 10% matching funds while state grants require 5% matching funds. The Commission may provide half of the sponsor's federal match on the above project. Commission funding is dependent on availability of State funds.

Max Westheimer (Norman)

Regional Business Airport

Businesses Utilizing the Airport:

- Johnson Controls • Dillards • Embassy Suites • ConocoPhillips
- Walmart • Hiland Dairy • R.T. Oliver Investments • Waddell & Reed

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to construct a new Air Traffic Control Tower.

CY 2020: Planning Study

CY 2022: NPE Funded design only

CY 2023: Construct ODO

Project Justification

The tower at Westheimer is one of the oldest contract air traffic control towers in the state. It is well past its service life and although the internal equipment has been updated and the structure itself has been rehabilitated several times over the last couple decades, it is time to construct a new tower. This new tower will be a separate structure and not attached to the terminal building like the current tower is.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 114 (7 jets) & 48,733
- Runway 17/35: 5,199' x 100'
- Runway 03/21: 4,748' x 100'

Selection Criteria

- Pavement Management: NA
- NPS: 34
- OASP Goals: Safety & Standards

Agency Fiscal Year	FY 2022	FY 2023	FY 2024	Total
Commission			\$250,000	\$250,000
FAA State Apportionment		\$600,000		\$600,000

**Max Westheimer
(Norman)**

Regional Business Airport

Businesses Utilizing the Airport:

- Johnson Controls • Dillards • Embassy Suites • ConocoPhillips
- Walmart • Hiland Dairy • R.T. Oliver Investments • Waddell & Reed

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to rehabilitate the parallel taxiway systems for runway 3/21. This will be Phase 2 of the overall taxiway system rehabilitation.

CY 2017: Preliminary Engineering Report.

CY 2023: NPE funded Design Only.

CY 2024: Construct ODO.

Project Justification

The Commission's pavement management system forecasts a PCI rating of 64 for the parallel taxiway system to RW 18/36 in year 2019. The parallel taxiway system to RW 3/21 is in a similar state of deterioration. Since the PCI rating of the parallel taxiway system pavements will be near 65 (the threshold PCI value below which the pavement typically experiences rapid deterioration), it is more cost effective to rehabilitate the pavement in its current condition than to let it continue to deteriorate to a condition that would require more extensive repairs and/or reconstruction.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 107 (5 jets) & 48,700
- Runway 17/35: 5,199' x 100'
- Runway 03/21: 4,748' x 100'

Selection Criteria

- Pavement Management: PCI 65

Muskogee - Davis Regional

Regional Business Airport

Businesses Utilizing the Airport:

- Chickasaw Nation • Seminole Nation • Eagle Med • Carrefour
- Dillards • Koch Industries • JCR Exploration • Petty Air

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to rehabilitate the Runway 13/31 lights, PAPIs, beacon, electrical vault, and homerun.

CY 2020: Preliminary Engineering Report.

CY 2022: NPE funded Design Only.

CY 2023: Construct ODO.

Project Justification

The lights have reached the end of their useful life and are beginning to fail regularly. Installing new LED runway lights in a can and conduit system will ensure the airport has 24/7 functionality and increase situational awareness for pilots during inclement weather. Additionally, it will be cost effective to rehabilitate the PAPIs, vault, beacon, and homerun while the electrical contractor is on site.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 90 (2 jets) & 12,000
- Runway 13/31: 7,202' x 150'
- Runway 04/22: 4,498' x 75'
- Runway 18/36: 1,904' x 60'

Selection Criteria

Regional Business Airport

Businesses Utilizing the Airport:

- Chickasaw Nation • Seminole Nation • Eagle Med • Carrefour
- Dillards • Koch Industries • JCR Exploration • Petty Air

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to rehabilitate Runway 13/31.

CY 2025: NPE funded Design Only.

CY 2026: Construct ODO.

Project Justification

The existing runway pavement is exhibiting seasonal environmental distresses such as weathering, raveling, and longitudinal/transverse cracking. The pavement is at a point where it is more cost effective to rehabilitate than let it deteriorate until a point where reconstruction is required. Rehabilitation will include an overlay.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 90 (2 jets) & 12,000
- Runway 13/31: 7,202' x 150'
- Runway 04/22: 4,498' x 75'
- Runway 18/36: 1,904' x 60'

Selection Criteria

- Pavement Management: PCI 65
- NPS: Rehabilitate runway: 70
- OASP Goals: Runway PCI > 65

Agency Fiscal Year	FY 2025	FY 2026	FY 2027	Total
Commission			\$200,000	\$200,000
FAA State Apportionment		\$450,000		\$450,000
FAA Discretionary		\$3,000,000		\$3,000,000

Okemah Municipal Community Airport

Project Description

The Overall Development Objective (ODO) of the proposed project is to construct two new hangars as part of the 2022 Statewide Hangar Grant Program.

CY 2022: Design & Construct ODO.

Project Justification

This project consists of constructing a new 8-unit T-hangar along with a 60' x 60' box hangar. This is in support of a statewide effort to increase revenue-generating aircraft storage space at airports to address the consistent hangar shortage across the state.

Airport Information

- District Airport
- Based Aircraft & Operations: 0 & 700
- Runway 18/36: 3,400' x 60'

Selection Criteria

- Pavement Management: NA
- NPS: Construct hangar: 50
- OASP Goals: Based Aircraft Storage

Agency Fiscal Year	FY 2021	FY 2022	FY 2023	Total
Commission		\$300,000		\$300,000
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement				
Sponsor		\$792,500		\$792,500
Total		\$792,500		\$1,092,500

Federal grants require 10% matching funds while state grants require 5% matching funds. Commission funding is dependent on availability of State funds.

Okmulgee Regional Regional Business Airport

Project Description

The Overall Development Objective (ODO) of the proposed project is to install new LED runway lighting and signage.

CY 2025: Design and Construct ODO.

Project Justification

The lights have reached the end of their useful life and are beginning to fail regularly. Installing new LED runway lights in a can and conduit system will ensure the airport has 24/7 functionality and increase situational awareness for pilots during inclement weather.

Airport Information

- District Airport
- Based Aircraft & Operations: 19 & 12,410
- Runway 18/36: 5,150' x 101'

Selection Criteria

- Pavement Management: NA
- NPS: Replace Lighting: 68
- OASP Goals: Safety and standards

Project Description

The Overall Development Objective of the proposed project is to construct a new terminal building.

CY 2023: Design and Construct terminal building.

Project Justification

The current building has become outdated and is in need of repair/maintenance and updating. The existing building does not provide sufficient room and facilities to accommodate the mix between waiting passengers, pilots, and others visiting the airport. The improvements will provide passengers and users of the terminal the facilities and amenities they would expect to receive at a Regional Business Airport. This will also relocate the terminal to the west of the existing terminal building allowing for apron to be constructed in front of the terminal (the airport had apron in front of the terminal prior to the realignment of the parallel taxiway system).

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 53 (3 Jets) & 51,500
- Runway 17/35: 7,201 x 150'

Selection Criteria

- Pavement Management: NA
- NPS: Terminal Building: 47
- OASP Goals: Provide a functioning terminal building

Agency Fiscal Year	FY 2021	FY 2022	FY 2023	Total
Commission			\$500,000	\$500,000
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement				
Sponsor			\$2,000,000	\$2,000,000
Total			\$2,500,000	\$2,500,000

Federal grants require 10% matching funds while state grants require 5% matching funds. Commission funding is dependent on availability of State funds.

To view full ACP please visit our website oac.ok.gov

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to expand the terminal apron.

CY 2023: Design and construct ODO

Project Justification

The existing apron used to be in a standard configuration directly in front of the terminal building until the parallel taxiway had to be realigned to meet FAA standards. This led to two smaller aprons being utilized, one north and one south of the terminal building. This project will expand the apron area closest to the terminal building to accommodate the traffic that the airport has.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 53 (3 Jets) & 51,500
- Runway 17/35: 7,201 x 150'

Selection Criteria

- Pavement Management: NA
- NPS: Expand Apron: 46
- OASP Goals: Safety & Standards

Agency Fiscal Year	FY 2022	FY 2023	FY 2024	Total
Commission			\$75,000	\$75,000
FAA State Apportionment		\$1,035,000		\$1,035,000
FAA Discretionary				
FAA Non-Primary Entitlement		\$315,000		\$315,000
Sponsor			\$75,000	\$75,000
Total		\$1,350,000	\$150,000	\$1,500,000

Federal grants require 10% matching funds while state grants require 5% matching funds. Commission funding is dependent on availability of State funds.

**Richard Lloyd Jones Jr.
(Tulsa)**

Businesses Utilizing the Airport:

- Unit Drilling Company •Kimberly-Clark •Arby's •Laredo Petroleum

Project Description

The Overall Development Objective (ODO) is reconstruct the connector taxiways for primary runway 1L/19R. The project scope and detailed cost estimate will be determined by a FY 2018 preliminary engineering study.

CY 2019: Preliminary engineering report

CY 2021: NPE funded Design Only.

CY 2022: Construct ODO.

Project Justification

The current pavement condition of the connector taxiways that serve runway 1L/19R are deteriorating to a point where it is necessary to conduct significant rehabilitation. Because of the non-standard nature of these taxiways (fillets, direct access from apron to runway, large size, and high speed taxiway angles) it would be appropriate to reconstruct these connectors to ensure they meet current FAA standards to ensure runway incursions are reduced and safety is increased in the runway environment.

Airport Information

- Regional Business Airport - reliever
- Based Aircraft & Operations: 517 (33 jets) & 188,024
- Runway 1L/19R: 5,102' x 100'
- Runway 1R/19L: 4,208' x 100'
- Runway 13/31: 2,641' x 50'
- Control Tower

Selection Criteria

- Pavement Management: 64
- NPS: Rehabilitate taxiway: 67
- OASP Goals: Taxiway PCI > 65

Agency Fiscal Year	FY 2021	FY 2022	FY 2023	Total
Commission			\$150,000	\$150,000
FAA State Apportionment		\$300,000		\$300,000

Total	\$150,000	\$2,716,667	\$300,000	\$3,166,667

Federal grants require 10% matching funds while state grants require 5% matching funds. The Commission may provide half of the sponsor's federal match on the above project. Commission funding is dependent on availability of State funds.

Richard Lloyd Jones Jr. (Tulsa)

Businesses Utilizing the Airport:

•Unit Drilling Company•Kimberly-Clark•Arby's•Laredo Petroleum

Regional Business Airport

Project Description

The Overall Development Objective (ODO) is rehabilitate crosswind runway 13/31, relocate LED lights, and install PAPIs.

CY 2024: Design & Construct ODO.

Project Justification

Currently the pavement is exhibiting distresses due to seasonal environmental conditions (i.e. aging, oxidation, and weathering). Distresses observed include low to medium longitudinal cracking, transverse cracking and patching. No major structural failures were observed, therefore the pavement section is concluded to be structurally adequate to support the existing traffic. Overlaying the pavement will protect the base structure and extend the life of the pavement. While the runway is closed for rehabilitation, the existing LED runway lights will be relocated to the proper location and PAPIs will be installed.

Airport Information

- Regional Business Airport - reliever
- Based Aircraft & Operations: 355 (21 jets) & 195,091
- Runway 1L/19R: 5,102' x 100'
- Runway 1R/19L: 4,208' x 100'
- Runway 13/31: 2,641' x 50'
- Control Tower

Selection Criteria

- Pavement Management: PCI 36
- NPS: Rehabilitate Runway: 72
- NPS: Install Runway PAPIs: 84
- OASP Goals: Runway PCI > 65, Safety & Standards

Agency Fiscal Year	FY 2023	FY 2024	FY 2025	Total

**Robert S. Kerr
(Poteau)**

Regional Business Airport

Businesses Utilizing the Airport:

- Bill White Auto • Elite Trailers • Kelworth Trucking
- Southern Star

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to extend runway 18/36 and rehabilitate the existing runway.

CY 2020: Preliminary Engineering Report

CY 2023: NPE funded design only

CY 2024: Construct ODO

Project Justification

With the current runway length of 4,007', the airport is not usable by most jet traffic. The sponsor intends to provide documented aircraft demand that satisfies FAA's aviation demand criteria for the runway extension. The extension of the runway and taxiway will be approximately 1,000' to the south to achieve a total length of 5,000'. In addition, the runway pavement is exhibiting raveling and longitudinal and transverse cracks. Since the PCI rating is projected to be near 65, it is more cost effective to rehabilitate the pavement than to let it continue to deteriorate to a condition that will require full depth reconstruction.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 26 (1 Jet) & 8,024
- Runway 17/35: 4,007' x 75'

Selection Criteria

- Pavement Management: NA
- NPS: Rehabilitate runway: 68
- NPS: Extend runway: 53
- OASP Goals: Meet Aviation Demand, Safety & Standards

Agency Fiscal Year	FY 2023	FY 2024	FY 2025	Total

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to install LED runway lights, lighted windsock, and an electrical vault as well as rehabilitate taxiway pavement.

CY 2023: Design and Construct ODO.

Project Justification

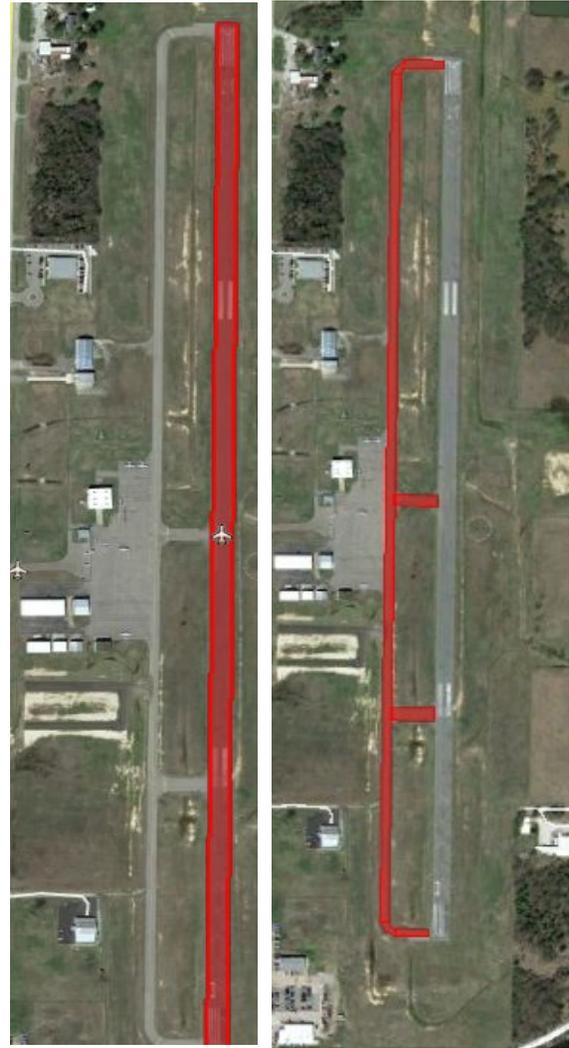

The airports lighting system is beginning to age significantly and is due for replacement. The existing electrical vault does not meet standards and needs to be replaced. This project will install a new electrical vault and cabling out to the homerun, converting the runway lights to LED, and a lighted windsock. Additionally, the taxiway PCI is forecasted to be below 65. The pavement is at a point where it is more cost effective to rehabilitate than let it deteriorate until a point where reconstruction is required.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 27 & 2,764
- Runway 18/36: 4,006' x 75'

Selection Criteria

- Pavement Management: NA
- NPS: Install RW lighting: 68
- NPS: Rehabilitate Taxiway: 64
- OASP Goals: Safety & Standards

Proposed Project

The Overall Development Objective (ODO) of the proposed project is Phase 2 of the Parallel Taxiway Realignment project which will construct a new hangar taxilane area.

CY 2021: Design and Construct ODO

Project Justification

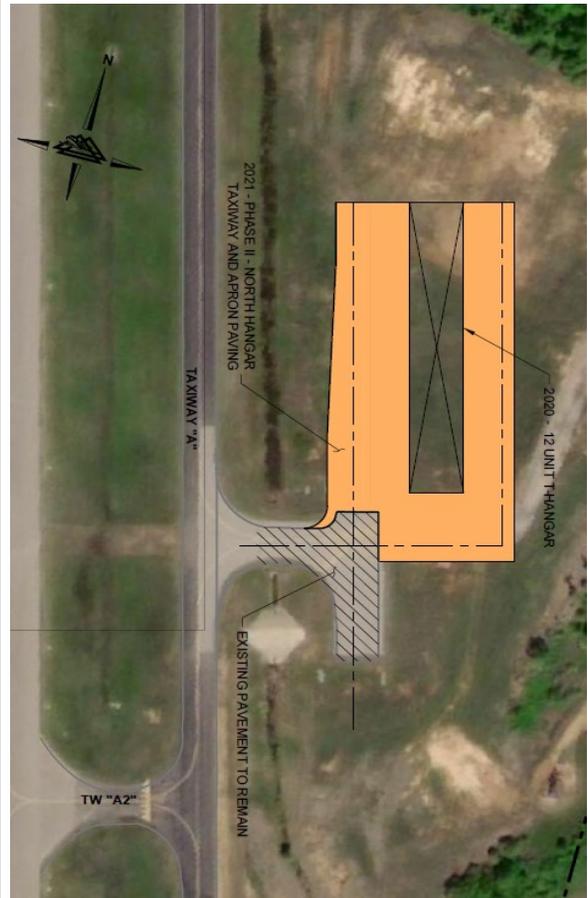

The existing parallel taxiway system is at a non-standard separation for a B-II airport. In addition there are several hangars that are penetrations to the runway's instrument approach surfaces. The pavement is at a point in its life cycle, particularly the south portion of the taxiway system, where it makes sense to reconstruct rather than repair. Given the above circumstances it is time for the airport to realign the entire parallel taxiway system. The first few phases of this realignment will be to construct a new hangar taxilane area and relocate the hangars that need to be removed so that the eventual parallel taxiway system can meet standards.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 32 & 17,150

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to improve airport drainage.

CY 2023: Design and Construct ODO.

Project Justification

The objective of this project is to investigate sinkholes in the airport area of operations, complete a drainage study, and design drainage improvements in the airfield areas, prevent continuous erosion, and preserve the safety areas at the Shawnee Regional Airport.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 39 (2 jets) & 9,182
- Runway 17/35: 5,997' x 100'

Selection Criteria

- Pavement Management: NA
- NPS: Improve Drainage: 42
- OASP Goals: Safety and Standards

Agency Fiscal Year	FY 2022	FY 2023	FY 2024	Total
Commission			\$450,000	\$450,000
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement		\$450,000		\$450,000
Sponsor			\$73,685	\$73,685
Total		\$450,000	\$523,685	\$973,685

Federal grants require 10% matching funds while state grants require 5% matching funds. Commission funding is dependent on availability of State funds.

Shawnee Regional Regional Business Airport

Businesses Utilizing the Airport:

- Citizen Pottawatomie Nation •Exxon Mobil •Eaton Corp.
- Dillards •Anadarko Petroleum •Atwoods •AT&T

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to rehabilitate and expand the main apron.

CY 2025: NPE Funded Design Only.

CY 2026: Construct ODO.

Project Justification

The existing apron pavement is exhibiting seasonal environmental distresses such as weathering, raveling, and longitudinal/transverse cracking. The pavement is at a point where it is no longer cost effective to continue to rehabilitate it and it is at a point where reconstruction is required. It would also be more efficient and cost effective to expand the apron to accommodate the demand while workers and equipment are present.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 39 (2 jets) & 9,182
- Runway 17/35: 5,997' x 100'

Selection Criteria

- Pavement Management: Fair to Poor
- NPS: Rehabilitate Apron: 62
- NPS: Expand Apron: 44
- OASP Goals: Airside PCI > 65

Agency Fiscal Year	FY 2025	FY 2026	FY 2027	Total
Commission			\$125,000	\$125,000
FAA State Apportionment		\$225,000		\$225,000
FAA Discretionary		\$1,875,000		\$1,875,000
FAA Non-Primary Entitlement	\$180,000	\$150,000		\$330,000
Sponsor		\$20,000	\$125,000	\$145,000
Total	\$180,000	\$2,270,000	\$250,000	\$2,700,000

Federal grants require 10% matching funds while state grants require 5% matching funds. The Commission may provide half of the sponsor's federal match on the above project. Commission funding is dependent on availability of State funds.

South Grand Lake Regional (Ketchum)

District Airport

Project Description

The Overall Development Objective (ODO) of the proposed project is to construct a parallel taxiway system to serve Runway 18/36.

CY 2019: Preliminary Engineering Report

CY 2022: NPE Funded design only

CY 2023: Construct ODO

Project Justification

The airport continues to see increased traffic, especially during peak summer season. With this increased traffic some aircraft have been required to wait while landing/departing aircraft back taxi on the runway. Therefore, construction of a parallel taxiway system will improve the safety and efficiency of the airport for the flying public. This project is for Phase I and will begin at the south end of the airfield.

Airport Information

- Community Airport
- Based Aircraft & Operations: 14 (1 jet) & 8,890
- Runway 18/36: 4,730 & 60'

Selection Criteria

- Pavement Management: NA
- NPS: Construct taxiway: 56
- OASP Goals: Safety and standards

Agency Fiscal Year	FY 2022	FY 2023	FY 2024	Total
Commission			\$271,473	\$271,473
FAA State Apportionment		\$664,383		\$664,383
FAA Discretionary		\$4,072,095		\$4,072,095
FAA Non-Primary Entitlement	\$390,921	\$150,036		\$540,957
Sponsor		\$43,436	\$271,473	\$314,909
Total	\$390,921	\$4,929,950	\$542,946	\$5,863,817

Federal grants require 10% matching funds while state grants require 5% matching funds. The Commission may provide half of the sponsor's federal match on the above project. Commission funding is dependent on availability of State funds.

Stan Stamper Municipal (Hugo)

Regional Business Airport

Project Description

The Overall Development Objective (ODO) of the proposed project is to construct new hangars as part of the 2022 Statewide Hangar Grant Program.

CY 2022: Design & Construct ODO.

Project Justification

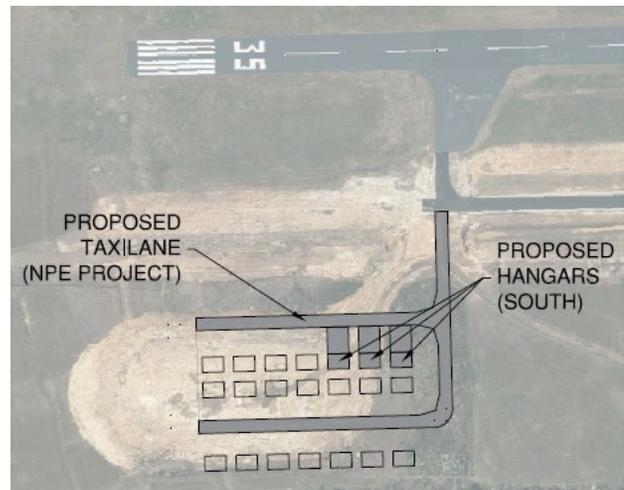

This project consists of constructing four (4) new 42' x 30' box hangars. This is in support of a statewide effort to increase revenue-generating aircraft storage space at airports to address the consistent hangar shortage across the state.

Airport Information

- District Airport
- Based Aircraft & Operations: 14 & 4,835
- Runway 17/35: 4,007' x 75'

Selection Criteria

- Pavement Management: NA
- NPS: Construct hangar: 50
- OASP Goals: Based Aircraft Storage

Agency Fiscal Year	FY 2021	FY 2022	FY 2023	Total
Commission		\$41,955		\$41,955
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement				
Sponsor		\$97,897		\$97,897
Total		\$139,852		\$139,852

Federal grants require 10% matching funds while state grants require 5% matching funds. Commission funding is dependent on availability of State funds.

Stigler Regional Airport

District Airport

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to install LED runway lights, PAPIs, and windsock and rehabilitate the AWOS.

CY 2021: Design only.

CY 2022: Construct ODO.

Project Justification

The lights have reached the end of their useful life and are beginning to fail regularly. Installing new LED runway lights in a can and conduit system will ensure the airport has 24/7 functionality and increase situational awareness for pilots during inclement weather. Additionally, it will be cost effective to install the PAPIs and windsock and rehabilitate the AWOS while the electrical contractor is on site.

Airport Information

- District Airport
- Based Aircraft & Operations: 11 (1 jet) & 6,610
- Runway 17/35: 4,296' x 60'

Selection Criteria

- Pavement Management: NA
- NPS: Install RW lighting: 77
- NPS: Vertical/Visual guidance: 77
- OASP Goals: Safety & Standards

Agency Fiscal Year	FY 2021	FY 2022	FY 2023	Total
Commission			\$360,373	\$360,373
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement	\$62,100	\$352,127		\$414,227
Sponsor		\$6,900	\$37,500	\$44,400
Total	\$62,100	\$359,027	\$397,873	\$819,000

Federal grants require 10% matching funds while state grants require 5% matching funds. . Commission funding is dependent on availability of State funds.

Stigler Regional Airport

District Airport

Project Description

The Overall Development Objective (ODO) of the proposed project is to construct a parallel taxiway system to serve Runway 17/35. The parallel taxiway to serve Runway 17/35 will provide direct access to the runway ends.

CY 2022: Preliminary Engineering Report

CY 2025: NPE Funded design only

CY 2026: Construct ODO

Project Justification

The airport continues to see increased traffic and tenants. With this increased traffic some aircraft are required to wait while landing/departing aircraft back taxi on the runway. Therefore, construction of a parallel taxiway system will improve the safety for the flying public that utilize this airport. A previous project has completed the dirtwork in preparation of the parallel taxiway construction.

Airport Information

- Community Airport
- Based Aircraft & Operations: 11 (1 jet) & 6,610
- Runway 18/36: 4,730 & 60'

Selection Criteria

- Pavement Management: NA
- NPS: Construct taxiway: 56
- OASP Goals: Safety and standards

Agency Fiscal Year	FY 2025	FY 2026	FY 2027	Total
Commission			\$110,250	\$110,250
FAA State Apportionment		\$178,414		\$178,414
FAA Discretionary		\$1,653,750		\$1,653,750
FAA Non-Primary Entitlement	\$158,760	\$152,336		\$311,096
Sponsor		\$17,640	\$110,250	\$127,890
Total	\$158,760	\$2,002,140	\$220,500	\$2,381,400

Federal grants require 10% matching funds while state grants require 5% matching funds. The Commission may provide half of the sponsor's federal match on the above project. Commission funding is dependent on availability of State funds.

Stillwater Regional Commercial Service Airport

Businesses Utilizing the Airport:

- Armstrong World Industries
- ASCO Aerospace
- Citizen Pottawatomie Nation
- Devon Energy
- Special Energy
- Total Energy

Project Description

The Overall Development Objective of the proposed project is to construct a new terminal building.

CY 2024: Construct terminal building.

Funding: The Commission will participate in 50 percent of the project cost. However, the Commission share will not exceed the Commission's funding policy for terminal buildings (\$500,000).

Project Justification

Currently, the terminal building does not provide sufficient room and facilities on the airside to accommodate waiting passengers. The improvements will provide the passengers the expected facilities required to accommodate larger aircraft while maintaining the security needed for commercial operations.

Airport Information

- Commercial Service Airport
- Based Aircraft & Operations: 71 & 79,967
- Runway 17/35: 7,401' x 100'
- Runway 04/22: 5,004' x 75'

Selection Criteria

- Pavement Management: N/A
- NPS: Terminal Building: 49
- OASP Goals: Provide a functioning terminal building

Agency Fiscal Year	FY 2023	FY 2024	FY 2025	Total
Commission			\$500,000	\$500,000
FAA State Apportionment				
FAA Discretionary	\$3,200,000	\$6,365,000		\$9,565,000

Stroud Municipal Community Airport

Project Description

The Overall Development Objective (ODO) of the proposed project is to construct a T-hangar building as part of the 2022 Statewide Hangar Grant Program.

CY 2022: Design & Construct ODO.

Project Justification

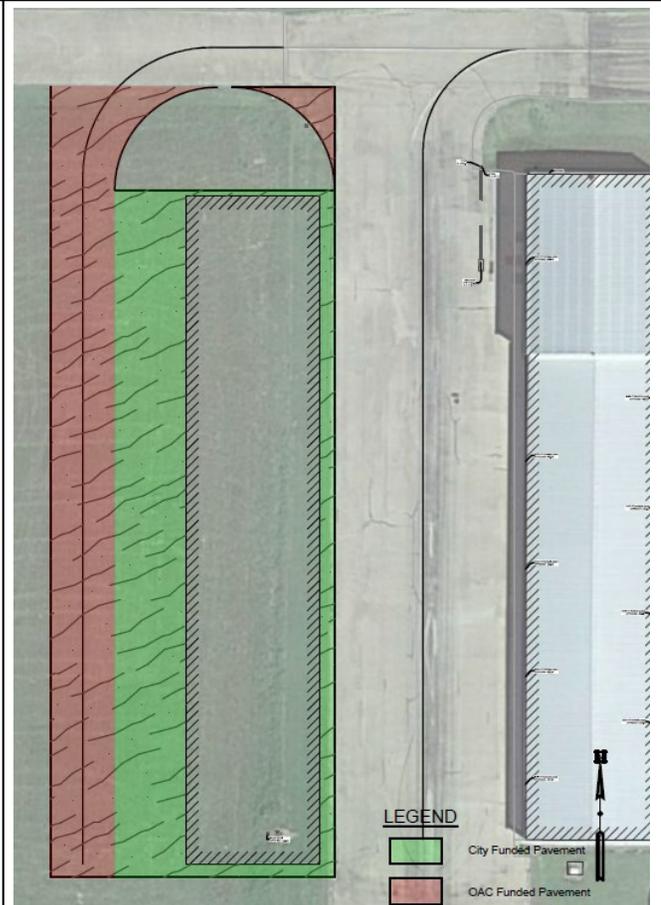

This project consists of constructing a new 8-bay T-hangar structure to include a small box hangar on one end. This is in support of a statewide effort to increase revenue-generating aircraft storage space at airports to address the consistent hangar shortage across the state.

Airport Information

- District Airport
- Based Aircraft & Operations: 10 & 3,600
- Runway 18/36: 3,000' x 60'

Selection Criteria

- Pavement Management: NA
- NPS: Construct hangar: 50
- OASP Goals: Based Aircraft Storage

Agency Fiscal Year	FY 2021	FY 2022	FY 2023	Total
Commission		\$235,293		\$235,293
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement				
Sponsor		\$549,017		\$549,017
Total		\$784,310		\$784,310

Federal grants require 10% matching funds while state grants require 5% matching funds. Commission funding is dependent on availability of State funds.

Stroud Municipal

Community Airport

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to extend runway 18/36 and install LED runway lights.

CY 2024: NPE funded design only

CY 2025: Construct ODO

Project Justification

With the current runway length of 3,000', the airport cannot satisfy demand. The sponsor intends to provide documented aircraft demand that satisfies FAA's aviation demand criteria for the runway extension. The extension of the runway will be approximately 750' to the south to achieve a total length of 3,750', which will meet the runway length requirement as calculated using FAA design standards. This project will also include installation of new LED runway lights along the extension and existing runway edge.

Airport Information

- Community Airport
- Based Aircraft & Operations: 10 & 3,600
- Runway 18/36: 3,000' x 60'

Selection Criteria

- Pavement Management: NA
- NPS: Extend runway: 59
- OASP Goals: Meet Aviation Demand, Safety & Standards

Agency Fiscal Year	FY 2024	FY 2025	FY 2026	Total
Commission			\$350,000	\$350,000
FAA State Apportionment		\$750,000		\$750,000
FAA Discretionary				
FAA Non-Primary Entitlement	\$72,000	\$150,000		\$222,000
Sponsor		\$8,000	\$68,422	\$76,422
Total	\$72,000	\$908,000	\$418,422	\$1,398,422

Federal grants require 10% matching funds while state grants require 5% matching funds. The Commission may provide half of the sponsor's federal match on the above project. Commission funding is dependent on availability of State funds.

Tahlequah Municipal

Regional Business Airport

Businesses Utilizing the Airport:

- Tri-B Nursery •Parkhill Plants •Atwoods •Reasor's •Kraft Foods
- Highland Dairy •Taylor Concrete •GRDA •Young Farms

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to rehabilitate the apron and improve the runway safety area.

CY 2022: Design & Construct ODO

Project Justification

Currently the apron PCI is below 65, the threshold where pavement begin to deteriorate rapidly. It is important to rehabilitate the pavement now to extend its life before complete reconstruction is required. In addition, it will be efficient and cost effective while contractors are on site to conduct some minor fixes to the runway 35 safety area that do not meet standards.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 55 (1 jet) & 15,400
- Runway 17/35: 5,001' x 75'

Selection Criteria

- Pavement Management: Poor
- NPS: Rehabilitate Apron: 60
- OASP Goals: Safety & Standards, PCI > 65

Agency Fiscal Year	FY 2021	FY 2022	FY 2023	Total
Commission			\$500,000	\$500,000
FAA State Apportionment		\$450,000		\$450,000
FAA Discretionary				\$0
FAA Non-Primary Entitlement		\$150,000		\$150,000
Sponsor			\$57,895	\$57,895
Total		\$600,000	\$557,895	\$1,157,895

Federal grants require 10% matching funds while state grants require 5% matching funds. Commission funding is dependent on availability of State funds.

Thomas P. Stafford Airport (Weatherford)

Businesses Utilizing the Airport:

- Allen Foods • Bank of Hydro • ConAgra • Eagle Aviation
- Florida Power and Light • LineX • Love's • Phillips 66

Project Description

The Overall Development Objective of the proposed project is to construct a new terminal building.

CY 2021: Design and Construct terminal building.

Funding: The Commission will participate in 50 percent of the project cost. However, the Commission share will not exceed the Commission's funding policy for terminal buildings (\$500,000).

Project Justification

The current building has become outdated and is in need of repair/maintenance and updating. The existing building does not provide sufficient room and facilities to accommodate the mix between waiting passengers, pilots, and others visiting the airport. The improvements will provide passengers and users of the terminal the facilities and amenities they would expect to receive at a Regional Business Airport.

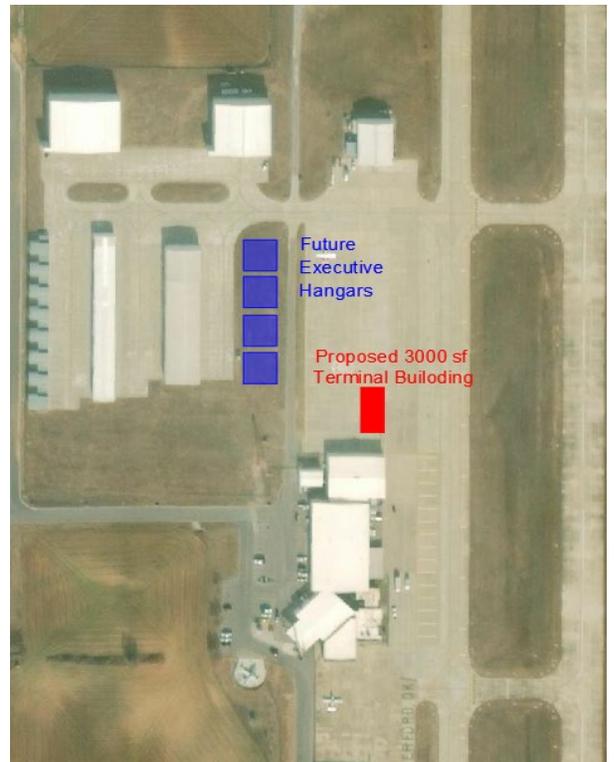

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 19 (1 jet) & 8,000
- Runway 17/35: 5,100' x 75'

Selection Criteria

- Pavement Management: N/A
- NPS: Construct Terminal Building: 45
- OASP Goals: Provide a functioning terminal building

Grant Approved 7/14/2021

Agency Fiscal Year	FY 2020	FY 2021	FY 2022	Total
Commission			\$500,000	\$500,000

Watonga Regional Regional Business Airport

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to reconstruct runway 17/35 and the connecting taxiways and install LED runway lights.

CY 2020: NPE funded Design Only.

CY 2021: Construct ODO.

Project Justification

The Commission’s pavement management program forecasts a PCI rating of 38 for runway 17/35 for year 2021.

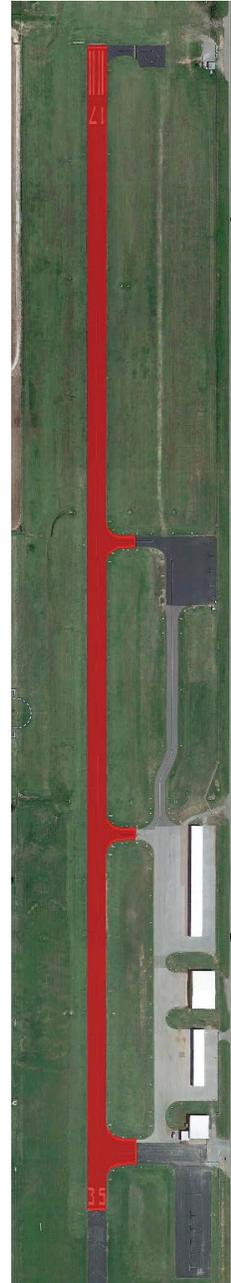

Currently, the runway pavement is exhibiting medium and high severity longitudinal and transverse cracks, medium severity raveling throughout, and some areas of base failures. Since the PCI rating is significantly below 65 (the threshold PCI value below which the pavement experiences rapid deterioration) and with the observed distresses it is likely the pavement requires full depth reconstruction.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 16 & 2,900
- Runway 17/35: 4,001' x 60'

Selection Criteria

- Pavement Management: 38
- NPS: Rehabilitate runway: 67
- OASP Goals: Runway PCI > 65

Agency Fiscal Year	FY 2020	FY 2021	FY 2022	Total
Commission

West Woodward Airport

Regional Business Airport

Businesses Utilizing the Airport:

- Atwoods•Chicken Express•Eagle Med•Edge Drilling •Mewbourne Oil•Precision Pipeline•Sage Holdings•Sandridge

Project Description

The Overall Development Objective of the proposed project is to construct new connector taxiways.

CY 2023: Design and Construct Connector Taxiways.

Project Justification

This project’s objective is to construct a new taxiway to provide access to Runway 23. Current access to Runway 23 is through an aligned taxiway that crosses Runway 17 at an angle. This project will address the non-standard access by providing a taxiway that crosses Runway 17 at a right angle and provides proper access to Runway 23.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 27 (1 jet) & 6,030
- Runway 17/35: 5,502 x 100
- Runway 05/23: 2,500 x 60

Selection Criteria

- Pavement Management: N/A
- NPS: Connector Taxiway: 45

Wiley Post (Oklahoma City)

Regional Business Airport

Businesses Utilizing the Airport:

- Love's Travel Stops • BancFirst • MidFirst Bank • Sandridge Energy
- Dobson Technologies • Mathis Brothers • Continental Resources

Proposed Project

The Overall Development Objective (ODO) of the proposed projects consists of rehabilitating the runway 13/31 pavement and lighting.

CY 2020: NPE Funded Design only.

CY 2021: Construct ODO.

Project Justification

The airport sponsor has funded and received the result of an airfield electrical study (Airfield Lighting and Electrical System Improvements, October 2013). The report states that the megger tests are 0.030 for the homerun and 0.07 for runway 13/31. The megger test results indicate the circuits have passed the threshold of reliable operation (megger test below 1.0). The remaining airfield electrical equipment has been updated to LED lights over the last 5 years and this is the final phase to finish converting the entire airfield over to LED. The runway pavement is exhibiting distresses due to seasonal environmental conditions (e.g. LTD cracking, joint spalling, corner breaks). No major structural failures were observed, therefore the pavement section is concluded to be structurally adequate to support the traffic that uses the runway. Rehabilitation of the pavement will protect the base structure and extend the life of the pavement.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 422 (86 jets) & 70,027
- Runway 17L/35R: 7,198' x 150'

Project Description

The Overall Development Objective (ODO) of the proposed project is to widen runway 17R/35L to 100'.

CY 2020: Planning Study

CY 2022: NPE Funded design only

CY 2023: Construct ODO

Project Justification

The existing runway width of 17R/35L does not meet standards for the current traffic load that the runway has, especially during times of high traffic or when the primary runway is closed down. In order to meet the current and future aircraft demand for the secondary runway it needs to be widened to 100'.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 295 (69 jets) & 70,027
- Runway 13/31: 4,214' x 100'

**William R Pogue Municipal
(Sand Springs) Airport**
Regional Business Airport

Businesses Utilizing the Airport:

- Angel Flight • Baker Petrolite • CEI Construction
- Crankcase Services • Equinox Aviation • Walmart

Proposed Project

The Overall Development Objective (ODO) of the proposed project is to rehabilitate the runway lights.

CY 2024: Design and Construct ODO.

Project Justification

The lights have reached the end of their useful life and are beginning to fail regularly. Installing new LED runway lights in a can and conduit system will ensure the airport has 24/7 functionality and increase situational awareness for pilots during inclement weather.

Airport Information

- Regional Business Airport
- Based Aircraft & Operations: 56 (5 ME) & 30,000
- Runway 17/35: 5,799' x 100'

Selection Criteria

- Pavement Management: NA
- NPS: Install RW lighting: 68
- OASP Goals: Safety & Standards

Agency Fiscal Year	FY 2023	FY 2024	FY 2025	Total
Commission		\$475,000		\$475,000
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement				
Sponsor		\$25,000		\$25,000
Total		\$500,000		\$500,000

Federal grants require 10% matching funds while state grants require 5% matching funds. . Commission funding is dependent on availability of State funds.

Statewide AWOS Package

Project Description

The Overall Development Objective (ODO) of the proposed project is to replace or install an Automated Weather Observing System (AWOS) at a total of 7 airports.

Replacement Systems:

- Ada Regional
- Alva Regional
- Claremore Regional
- Grove Municipal
- Sallisaw Municipal

New Systems:

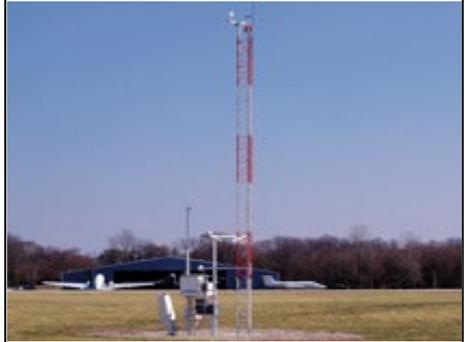

- Fairview Municipal
- South Grand Lake Regional

CY 2022: Design and construct overall development objective.

Project Justification

The replacement and installation of AWOS systems will improve the safety of each selected airport by providing pilots with accurate, real-time weather information. There will be a total of 8 AWOS systems installed or replaced at airports across the state. Individual project pages will be created once the locations are identified and approved.

Design Phase Approved 1/26/2022: \$215,385

Agency Fiscal Year	FY 2020	FY 2021	FY 2022	Total
Commission			\$1,187,500	\$1,187,500
FAA State Apportionment				
FAA Discretionary				
FAA Non-Primary Entitlement				
Sponsor			\$62,500	\$62,500
Total			\$1,250,000	\$1,250,000

Federal grants require 10% matching funds while state grants require 5% matching funds. Commission funding is dependent on availability of State funds.

State System

Oklahoma Aeronautics Commission

Project Description

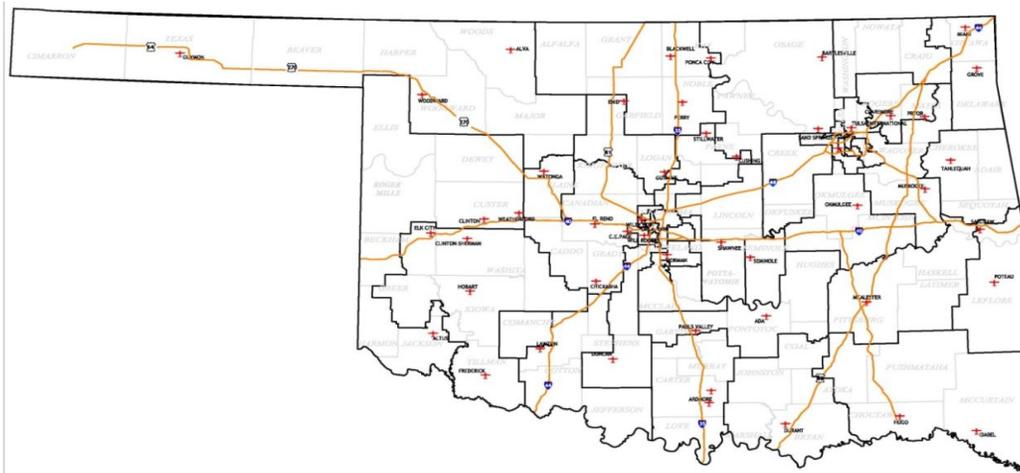

The Overall Development Objective is to conduct preliminary engineering studies at various locations within the Oklahoma Airport System. The Commission's various locations grant activities are categorized into the following work element(s):

CY 2021 Work Elements for Federal FY 2021 various locations grant:

1. Conduct preliminary engineering reports to determine project scope and detailed cost estimate to assist the Commission and FAA with the programming of federal and state funds. Projects that would be considered for preliminary engineering reports through this grant are projects anticipated for construction in FY 2024 and 2025. As those projects are identified they will be listed on this ACP page.

- PER – Fairview Municipal Airport - \$65,815
- PER – Guthrie-Edmond Regional Airport - \$82,400
- PER – Miami Municipal Airport - \$84,900
- PER – Pauls Valley Municipal Airport - \$91,850
- DBE - \$6,000

Grant Approved 5/12/2021

Agency Fiscal Year	FY 2020	FY 2021	FY 2022	Total
Commission				
FAA State Apportionment		\$297,868		\$297,868
FAA Discretionary				
FAA Non-Primary Entitlement				
FAA American Rescue Plan Act		\$33,097		\$33,097
Sponsor				
Total		\$330,965		\$330,965

Federal grants require 10% matching funds while state grants require 5% matching funds. Commission funding is dependent on availability of State funds.

FY 2021 Airport Construction Program

State funds are from FY 2022

Airport	Project Description	Total Project Cost	Funding Plan					
			FAA NPE	FAA State Apportionment	FAA Discretionary	FAA ARP Act	OAC	Local Match
Ardmore Downtown Executive	Rehabilitate Parallel TWY and install TWY lights/signs	\$1,712,580	\$150,000		\$1,391,322	\$171,258		
Ardmore Municipal	Rehabilitate RWY 13/31 (joint seal and spall repair) and Install LED RWY lighting	\$1,821,305	\$242,277		\$700,000	\$104,699	\$735,612	\$38,717
Ardmore Municipal	Construct MRO Hangar	\$17,000,000					\$600,000	\$16,400,000
Atoka Municipal	Phase 1 - Preliminary Siting Study for New Airport Location	\$150,000					\$142,500	\$7,500
AWOS Package (Statewide)	Install or replace 7 AWOS systems	\$1,250,000					\$1,187,500	\$62,500
Boise City Municipal	Rehabilitate RWY 04/22 (Overlay) & install RWY lights	\$2,206,489	\$950,000	\$513,577		\$162,619	\$551,278	\$29,015
Clarence E. Page (OKC)	Reconstruct Apron	\$980,426	\$600,000	\$77,935		\$75,326		\$227,165
Clinton Regional	Rehabilitate Apron	\$508,773	\$150,000			\$16,667	\$325,000	\$17,106
El Reno Regional	Construct terminal building	\$1,000,000					\$500,000	\$500,000
El Reno Regional	Rehabilitate RWY 17/35	\$766,667	\$150,000				\$570,000	\$46,667
Elk City Regional	Rehabilitate RWY lights, PAPIs, & AWOS	\$976,048	\$487,500			\$54,167	\$404,954	\$29,427
Grove Municipal	Construct Box Hangar	\$1,200,000					\$300,000	\$900,000
Guymon Municipal	Rehab RWY 18/36 (Overlay) and parallel TWY (Overlay)	\$4,804,112	\$458,483	\$216,217	\$3,649,000	\$480,412		
Jones Memorial (Bristow)	Construct terminal building and install self-serve fuel (EDA: \$688,766.39)	\$1,204,568	\$688,766				\$259,224	\$256,578
Kingfisher Municipal	Rehabilitate apron	\$400,000					\$380,000	\$20,000
Okemah Municipal	Construct Box and T-Hangars	\$1,092,500					\$300,000	\$792,500
Pauls Valley Municipal	Construct Taxilane	\$571,100					\$542,545	\$28,555
Pauls Valley Municipal	Construct Box Hangar	\$1,153,888	\$770,000			\$68,888	\$300,000	\$15,000
Seminole Municipal	Phase 2 - Realign parallel TWY (construct taxilanes)	\$695,100		\$625,590		\$69,510		
Stan Stamper Municipal	Construct Box Hangars	\$139,852					\$41,955	\$97,897
Stroud Municipal	Construct T-Hangar Building (w. Small Box)	\$784,310					\$235,293	\$549,017
Thomas Municipal	Construct Box Hangars	\$1,000,000					\$600,000	\$400,000
Thomas P. Stafford (Weatherford)	Construct Terminal Building	\$1,642,140	\$537,473			\$59,719	\$500,000	\$544,948
Various Locations	Develop Preliminary Engineering Reports for FY 2024 and 2025 projects.	\$330,965		\$297,868		\$33,097		
Watonga	Rehabilitate/reconstruct RWY	\$2,527,442	\$362,022	\$412,676	\$1,500,000	\$252,744		
Wiley Post (OKC)	Rehabilitate RWY 13/31 pavement & lights	\$1,043,333	\$300,000	\$639,000		\$104,333		
Fiscal Year ACP Totals:		\$46,961,597	\$5,846,521	\$2,782,863	\$7,240,322	\$1,653,439	\$8,475,861	\$20,962,591

Due to the way FAA funds are granted at the end of the federal fiscal year, state grant funds that are associated with a federal grant are listed in the following fiscal year (i.e. a federal grant from federal FY 2021 will have any associated state grant funds from state FY 2022)

Highlighted projects have already been granted.

FY 2022 Airport Construction Program

State funds are from FY 2023

Airport Name	Project Description	Total Project Cost	Funding Plan				
			FAA NPE	FAA State Apportionment	FAA Discretionary	OAC	Local Match
Chickasha Municipal	RWY and TWY Pavement Rehabilitation (joint seal & spall repair)	\$500,000				\$475,000	\$25,000
Claremore Regional	Rehabilitate Apron Phase I	\$1,000,000	\$150,000	\$750,000		\$50,000	\$50,000
Clinton Regional	Rehabilitate RWY (Overlay)	\$2,650,000	\$300,000	\$225,000	\$1,875,000	\$125,000	\$125,000
David J Perry (Goldsby)	Rehabilitate Apron	\$558,250	\$351,031			\$159,804	\$47,415
Enid Woodring Regional	Reconstruct RWY 13/31	\$1,911,111	\$600,000	\$850,000		\$380,555	\$80,556
Frederick Regional	Rehab RWY 17/35 Lighting System & Install PAPIs	\$710,527	\$450,000			\$200,000	\$60,527
Grove Municipal	Rehab RWY 18/36 Pavement (Overlay) and RWY Lights	\$3,318,900	\$150,335	\$136,675	\$2,700,000	\$165,945	\$165,945
Hobart Regional	Rehabilitate RWY 17/35	\$300,000				\$285,000	\$15,000
McCurtain County Regional (Idabel)	Rehab RWY 2/20 (Overlay)	\$3,111,111	\$150,000	\$150,000	\$2,500,000	\$155,555	\$155,556
Muskogee Davis Regional	Rehabilitate RWY 13/31 Lighting, PAPIs, vault, beacon, and homerun.	\$1,771,111	\$450,310	\$150,000	\$993,690	\$88,555	\$88,556
Perry Municipal	Rehabilitate Runway Pavement	\$300,000				\$285,000	\$15,000
Ponca City Regional	Construct Terminal Building	\$2,500,000				\$500,000	\$2,000,000
RL Jones Jr (Tulsa)	Reconstruct Connector TWYs for RWY 19R/1L	\$3,000,000	\$150,000	\$300,000	\$2,250,000	\$150,000	\$150,000
Stigler Regional	Install LED runway lights, PAPIs, and windsock. Rehabilitate AWOS	\$750,000	\$352,127			\$360,373	\$37,500
Tahlequah Municipal	Rehabilitate apron pavement and improve runway safety area.	\$1,157,895	\$150,000	\$450,000		\$500,000	\$57,895
Various Locations	Develop Preliminary Engineering Reports for FY 2025 and 2026 projects.	\$500,000		\$450,000		\$50,000	
Fiscal Year ACP Totals:		\$24,038,905	\$3,253,803	\$3,461,675	\$10,318,690	\$3,930,787	\$3,073,950

Due to the way FAA funds are granted at the end of the federal fiscal year, state grant funds that are associated with a federal grant are listed in the following fiscal year (i.e. a federal grant from federal FY 2021 will have any associated state grant funds from state FY 2022)

FY 2023 Airport Construction Program

State funds are from FY 2024

Cushing Municipal	Reconstruct Taxiway - Phase I	\$5,000,000	\$461,100	\$288,900	\$3,750,000	\$250,000	\$250,000
El Reno Regional	Lighting & Signage - MITL, REIL, PAPI, Guidance Signs	\$1,024,290	\$192,000	\$579,861		\$150,000	\$102,429
Guthrie-Edmond Regional	Realign South Portion of the Parallel Taxiway and Reconfigure Apron	\$6,000,000	\$150,000	\$750,000	\$4,500,000	\$300,000	\$300,000
Okmulgee Regional	Install Runway Lights and Signs	\$450,000				\$427,500	\$22,500
Pauls Valley Municipal	Reconstruct Runway 17/35	\$5,280,000	\$600,000	\$192,000	\$3,960,000	\$264,000	\$264,000
Stroud Municipal	Runway Extension (750') and Install Runway Lights	\$1,318,422	\$150,000	\$750,000		\$350,000	\$68,422
Various Locations	Develop Preliminary Engineering Reports for FY 2028 and 2029 projects.	\$500,000		\$450,000		\$50,000	
West Woodward	Construct Terminal Building	\$1,500,000				\$500,000	\$1,000,000
Fiscal Year CIP Totals:		\$26,072,712	\$1,703,100	\$3,610,761	\$15,960,000	\$2,541,500	\$2,257,351

Due to the way FAA funds are granted at the end of the federal fiscal year, state grant funds that are associated with a federal grant are listed in the following fiscal year (i.e. a federal grant from federal FY 2021 will have any associated state grant funds from state FY 2022)

FY 2026 Airport Construction Program

State funds are from FY 2027

Airport Name	Project Description	Total Project Cost	Funding Plan				
			FAA NPE	FAA State Apportionment	FAA Discretionary	OAC	Local Match
Enid Woodring Regional	Apron Rehabilitation / Reconfiguration	\$2,500,000	\$150,000	\$225,000	\$1,875,000	\$125,000	\$125,000
Madill Municipal	Reconstruct Runway	\$5,000,000	\$150,000	\$600,000	\$3,750,000	\$250,000	\$250,000
Miami Regional	Realign South Portion of the Parallel Taxiway	\$4,000,000	\$150,000	\$450,000	\$3,000,000	\$200,000	\$200,000
Muskogee (Davis Field)	Rehabilitate Runway	\$4,000,000	\$150,000	\$450,000	\$3,000,000	\$200,000	\$200,000
Sallisaw Municipal	Rehabilitate Runway	\$2,000,000	\$150,000	\$150,000	\$1,500,000	\$100,000	\$100,000
Shawnee Regional	Apron Rehabilitation and Expansion	\$2,500,000	\$150,000	\$225,000	\$1,875,000	\$125,000	\$125,000
Stigler Regional	Construct Parallel TWY	\$2,205,000	\$152,336	\$178,414	\$1,653,750	\$110,250	\$110,250
Various Locations	Develop Preliminary Engineering Reports for FY 2029 and 2030 projects.	\$500,000		\$450,000		\$50,000	
Fiscal Year CIP Totals:		\$20,205,000	\$902,336	\$2,503,414	\$14,778,750	\$1,035,250	\$985,250

Due to the way FAA funds are granted at the end of the federal fiscal year, state grant funds that are associated with a federal grant are listed in the following fiscal year (i.e. a federal grant from federal FY 2021 will have any associated state grant funds from state FY 2022)

Airport Construction Program Totals FY 2022 - 2026

Year	Total	Funding Plan				
		FAA NPE	FAA State Apportionment	FAA Discretionary	State	Local Match
FAA FY 2021 (state funding is from FY 2022)	\$47,370,357	\$5,076,521	\$2,782,863	\$7,240,322	\$8,478,906	\$22,207,194
FAA FY 2022 (state funding is from FY 2023)	\$24,038,905	\$3,253,803	\$3,461,675	\$10,318,690	\$3,930,787	\$3,073,950
FAA FY 2023 (state funding is from FY 2024)	\$27,859,828	\$3,669,367	\$4,214,383	\$13,072,095	\$3,895,604	\$3,008,379
FAA FY 2024 (state funding is from FY 2025)	\$37,439,474	\$3,335,000	\$3,132,500	\$24,977,500	\$3,587,500	\$2,406,974
FAA FY 2025 (state funding is from FY 2026)	\$26,072,712	\$1,703,100	\$3,610,761	\$15,960,000	\$2,541,500	\$2,257,351
FAA FY 2026 (state funding is from FY 2027)	\$20,205,000	\$902,336	\$2,503,414	\$14,778,750	\$1,035,250	\$985,250
Totals	\$182,986,276	\$17,940,127	\$19,705,596	\$86,347,357	\$23,469,547	\$33,939,099

Due to the way FAA funds are granted at the end of the federal fiscal year, state grant funds that are associated with a federal grant are listed in the following fiscal year (i.e. a federal grant from federal FY 2021 will have any associated state grant funds from state FY 2022)
