### Annual Report of Private Attorney Contracts

---

*Fiscal Year 2017*

The Oklahoma Office of the Attorney General is required by Title 74, Section 20i(G) of the Oklahoma Statutes to produce a report on the private legal representation obtained by an agency or official of the executive branch. This report must include a brief description of each contract, the circumstances necessitating each contract, and the amount paid under each contract.

During his tenure, Attorney General Mike Hunter has worked to reduce the amount spent on private attorney contracts. In fiscal year 2017, the amount spent on private attorney contracts was reduced by **\$462,725.38**.

#### **Total Spent on Private Attorneys**

**Fiscal Year 2017: \$ 5.87 million**

**Fiscal Year 2016: \$ 6.33 million**

Fiscal Year 2011: \$ 11.78 million

Under General Hunter's leadership, the office is providing more assistance to the State and its agencies, boards, colleges, and universities. The office utilizes a wide variety of expertise to advise, represent, counsel, and advocate for the State of Oklahoma without the use of private attorneys. While changes in the law, economy, and agency size can and do impact the amount spent on private attorneys, General Hunter's vision is to provide increased and more efficient services.

A majority of the reporting agencies and boards recorded a decrease in spending from the previous fiscal year; however, some of the agencies and boards did show an increase. OMES – Risk Management experienced the largest increase because this agency is now responsible for securing representation for state agencies' workers' compensation claims. Fiscal year 2017 reflects the first full year of expenditures for these costs.

Attorney General Hunter presents for your review the attached report containing all private attorney contracts paid by individual agencies and boards. The report includes the total amounts contracted with our office to represent various agencies and officials of the executive branch obtained during FY2017.
