

How to Apply

All local law enforcement agencies are eligible to apply for the grant. Grants are made for a one-year period. Grant applications can be found on the Oklahoma Attorney General's webpage during the application period; normally mid-May of each year. *Scan the QR Code below to access the Safe OK Grant page.*

Attorney General Safe Oklahoma Grant

GENTNER
DRUMMOND

OKLAHOMA ATTORNEY GENERAL

Safe Oklahoma Grant

The Attorney General's Safe Oklahoma Grant program, established in 2012, is funded by an annual appropriation from the state Legislature and provides local agencies with additional resources to fight violent crime. The sole purpose of the Safe Oklahoma Grant program is to help law enforcement to reduce violent crime in our communities around the state.

Safe OK Grant Can Help

The grant funds can help local law enforcement agencies to directly target crime hot spots in their communities through strategies like increasing the frequency of patrols in high-crime areas; ability to increase the number of boots on the ground; as well as find innovative ways to increase safety in our communities.

Each law enforcement agency faces unique challenges depending on location. The Safe OK Grant funds steps to making communities safer by helping our law enforcement partners by providing additional resources. These resources could include upgrading antiquated equipment; purchasing new resources; and helping pay overtime costs for officers.

Eligibility

To be eligible for a Safe Oklahoma Grant, local law enforcement agencies shall submit proposals to the Office of the Attorney General that focus on decreasing the violent crime within their jurisdiction through one of the following priority strategies (*a complete list can be found on the grant application*):

1. Focusing on intervention and enforcement through the use of increased staffing resources with overtime funds (cannot be used for new hires or regular salary and benefits);
2. Increasing technological capacity to support intervention;
3. Enhancing analytical capacity through development or expansion of capabilities;
4. Engaging with community partners in order to develop partnerships;
5. Increasing direct services to crime victims.
