

### Welcome to Electronic Case Filing (ECF)

For security purposes, all those wishing to access the ECF System must register with a valid email address and create an ECF account.

To search only, register for a read-only General Public Account.

To file cases and documents, register for the appropriate ECF Filer Account. The four (4) Filer Account Types are discussed below.

### IMPORTANT POINTS:

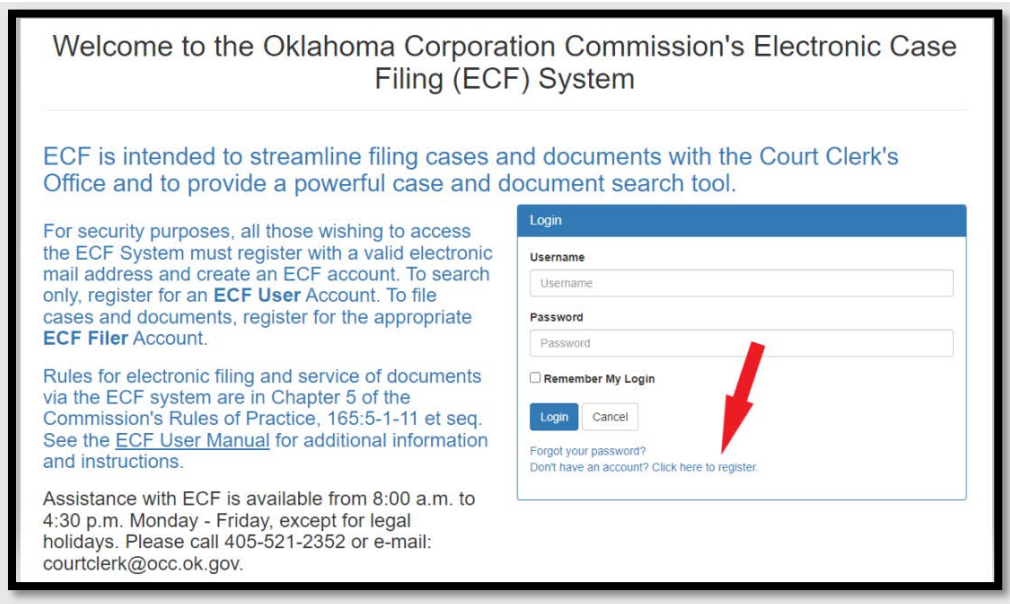

- In ECF, an email address can only be associated with one ECF account.
  - If you have registered for a read-only account but wish to register for an account with filing permissions, you will need to register for that account with a different email address or contact the Court Clerk's office to change the account type assigned to your email address.
- You can register for a read-only General Public Account at any time of day.
  - It should take less than twenty (20) minutes to receive an automatic system email directing you to confirm your email address.
  - Once that is done, you will be registered and will have access to the system's search tools.
- Whether filed by the ECF Filer Account registrant, or on behalf of the registrant by support staff, documents should be filed using the registrant's credentials, *e.g.*, an attorney's username and password.
  - The additional email fields on the registration screen can be used to ensure that support staff receive copies of all emailed notices.
- The registration process for an account with filing privileges (ECF Filer Account) requires a review by the Court Clerk's Office of the registration information submitted.
  - If you submit information to register for an ECF Filer Account after the OCC's business hours, the account cannot be approved and activated until the next business day.
  - ECF Filer registrations submitted late during an OCC business day may, likewise, not be approved until the next business day.

**Registering as a Read-Only General Public ECF User:**

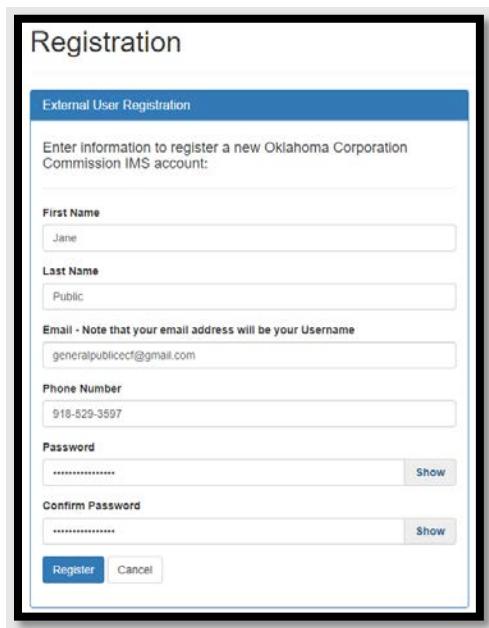

To search and review cases and case documents, register for a read-only **General Public** account.

Begin by going to the Oklahoma Corporation Commission website and follow the prompts to navigate to the ECF System.

Fill in the information on the Registration screen:

**NOTE:** The email address entered on the Registration screen will be your ECF Username.

When you move the cursor into the Password field, a pop-up window will appear with password requirements.

Once the required information is filled in and the password confirmed, click **Register:**

**NOTE:** Emails are sent from the ECF System in batches, approximately every 20 minutes. It may take up to twenty minutes to receive this confirmation email. Be sure to check any Junk or Spam folders if the email does not arrive in your inbox.

Open the email and click **Confirm Email:**

A new ECF tab will open in your browser.
