ANTHONY AGAIN NAMED TO NATIONAL PETROLEUM COUNCIL

Oklahoma Corporation Commissioner Bob Anthony has again been named to serve on the National Petroleum Council (NPC). The invitation to serve was made by U.S. Energy Secretary Rick Perry.

Created in 1946 by President Truman, the Council provides essential advice, information and recommendations to the Secretary of Energy on matters related to U.S. oil and natural gas policies and issues. Anthony has served on the NPC for the past 8 years. The NPC currently has 212 members.

This year Secretary Perry is asking the NPC for studies on carbon capture, and the oil and natural gas transportation infrastructure in the U.S.

Oklahoma is the third largest natural gas producer in the U.S. and the fourth largest oil producer.
