

OUSF Affidavit for Telemedicine

www.oklahoma.gov/occ/divisions/public-utility/ousf

An affidavit is required in each of the three funding request processes. This document is relied upon by the Administrator to provide accurate and complete information upon which a Preapproval, Funding Request, or a Change Request, can be evaluated.

1

Preapproval

- Only needed **IF** there is a need to predetermine the amount of potential OUSF funding prior to the start of service.

2

Request for OUSF Funding

- Process requires a Request for Funding to be filed for new service or a change in location.
- The Request results in a determination of the amount the OUSF will fund.

3

Change Request

- **Optional** process once OUSF funding already approved in a Request.
- Available when change in bandwidth, and/or a price decrease occurs.
- New Request is always an option for changes.

Comments:

- **2.1** - A separate Affidavit is required for each funding year that the Beneficiary requests bids. Multiple funding years can be combined *if* the service and price have not changed *and* are in the same contract.

Not applicable for Preapproval or Change Requests.

- **2.2** - To avoid duplicate bidding requirements, if the entity/consortium requested and was approved for a USAC bidding exemption, the OUSF will honor such exemption provided that documentation is provided to support the Tribal bidding process used, or the Funding Commitment Letter (“FCL”) supporting the “Evergreen” contract status (see attachment requirement 4.5). State Master Service Agreements are **not** a substitute for OUSF competitive bidding requirements.

Note: For the “Annual Undiscounted Cost of \$10,000 or Less” exemption, the OUSF will only fund 35% of the \$10,000 annual undiscounted cost.

Section Two - Internet Access and WAN

Internet Access:

2.3	Bandwidth range requested on Form 461 and/or RFP:	
2.4	Bandwidth(s) selected:

Comments:

2.5 - Lengthy notes or explanations can be attached as a separate document. If an attachment is used, enter "See attached" and label the document as "Additional Notes."

2.6 - If Internet and WAN services are procured from **different** Eligible Providers, a separate Affidavit is required for each Eligible Provider. For Preapprovals, leave blank if the provider has not been selected.

2.7 - See the Instructions tab for a detailed definition of Lowest Cost Reasonable Qualifying Bid ("LCRQB").

2.8 - To calculate 125% of the LCRQB, multiply the LCRQB (Annual recurring and nonrecurring charges for eligible services) by 1.25.

(example \$20,000 x 1.25= \$25,000)

2.9 - For multiple locations, enter "See attached" and include this information on the location list.

2.10 to 2.16 – See previous notes for 2.1 to 2.9.

Summary of Bids and Explanation of Bid Selection

2.18	Were all bids considered?	
2.19	Were copies of all bids provided?	
2.20	If "No" to either question, include an explanation of bids not considered or provided.	
2.21	In order to maximize the OUSF funding, explain why lower cost bids were not selected.	

Comments:

2.19 - Please provide a **complete** copy of all bids received in response to the RFP and/or Form 461/465, including bids that were excluded.

2.20 - Lengthy notes or explanations can be attached as a separate document. If an attachment is used, enter "See attached" and label the document as "Additional Notes."

2.21 - The OUSF can only fund up to 125% of the LCRQB less federal funding support. In order to maximize OUSF funding, you may provide an explanation, and additional information supporting your selection of a bid greater than 125% of the LCRQB. If an Eligible Provider was not selected due to *recent* poor service*, e.g., billing errors or outages, please include applicable documentation. This may include but is not limited to copies of invoices showing errors, emails discussing issues with the provider, and/or other correspondence.

Section Three – Alternative Funding Sources

3.2	If eligible, did the Healthcare Entity submit FCC Form 461 or FCC Form 465 to USAC or application documents to any other federal funding programs?	
3.3	For RHC funding, or other alternative government sources of funding, was funding approved?	
3.4	If the answer to 3.3 is “Denied” or “Did Not Apply,” explain why, and provide relevant documentation.	
3.5	Was any RHC funding limited or capped? If yes, provide explanation.	
3.6	If the Healthcare Entity applied for alternative government sources of funding, but did not complete/finish the application process, explain why.	

Comments:

3.2 – If USAC previously deemed the contract to be an “Evergreen” contract, then the consortium/entity is not required to submit a Form 465 for continued funding (maximum of 5 years of Evergreen status). Since “Evergreen” status is ONLY for HCF program, the Form 461 is required every year.

3.4 , 3.5 & 3.6 – Lengthy notes or explanations can be attached as a separate document. If an attachment is used, enter “See attached” and label the document as “Additional Notes.”

Section Four – Required Attachments

SECTION 4: REQUIRED ATTACHMENTS
