RE: Notice of Intent to Construct a Windfarm in Ellis County, Oklahoma

Dear Sir/Madam:

In reference to communication to the Commission from 25 Mile Creek Windfarm LLC on March 21, 2017 of intent to build a wind energy facility and supporting documentation including a map of proposed turbine locations, we wish to update that filing with revised locations of turbines, all within the same project boundary.

25 Mile Creek Windfarm has revised its wind turbine generator (WTG) selection to utilize a larger rated turbine. Due to this, there are fewer proposed turbines. The enclosed attachment shows each revised turbine and its location, all within Ellis County.

25 Mile Creek Windfarm LLC, the project company for the project is now owned by Steelhead America, LLC, a subsidiary of Vestas A/S.

If you require further information, please don't hesitate to contact the undersigned.

Sincerely,

A handwritten signature in blue ink that reads "Ben Ludwig".
