Subject: Mission Compatibility Certification Letter / ASNs: 2020-WTW-9215 through 9268-OE

Dear Ms. Miller,

The Military Aviation and Installation Assurance Siting Clearinghouse (The Clearinghouse) has reviewed the Pontotoc wind farm project in Sulphur, OK. The Clearinghouse found no adverse impacts to DoD missions in the area and has entered a determination of "No Objection with Provision" via the Federal Aviation Administration's Obstruction Evaluation / Airport Airspace Analysis system.

Our response to the FAA included a notification that further expansion beyond the current project area may be problematic due to proximity to military training routes or military training areas.

We encourage you to consult DoD well in advance of any expansion. If you have any questions, please contact me at steven.j.sample4.civ@mail.mil or at 703-571-0076.

Sincerely,

A handwritten signature in blue ink, reading "Steven J. Sample".
