## NOTICE OF INTENT TO CONSTRUCT

In order to comply with the requirements of Section 2 of Oklahoma Senate Bill 808<sup>1</sup> ("OK Siting Laws"), which was approved by the legislature and signed by the Governor, and in advance of certain rules that are to be promulgated by the Oklahoma Corporation Commission ("Commission") pursuant to the passage of SB 808, Apex Clean Energy ("Company"), on behalf of Diamond Spring, LLC, hereby informs the Commission of its intent to construct the Diamond Spring wind energy project (the "Project") located in Murray, Pontotoc, and Johnston Counties, Oklahoma.

The Project has been under active development for several years. The most recent FAA form 7460-1 filing was made on May 27, 2016. A summary of the May 27, 2016 FAA form 7460-1 filings for each wind turbine tower location within the Project boundary is attached as Exhibit A. Exhibit B to this letter presents a diagram showing the real estate analyzed and included in statutory setback compliance. As of the date of this notice, and based on publicly available data, Company attests that the Project design complies with the setbacks required by the OK Siting Laws.

In accordance with the OK Siting Laws, Apex Clean Energy also confirms it is submitting a notice of intent to construct to the Oklahoma Corporation Commission in the form attached hereto as Exhibit C. No project facilities are located within an incorporated area of a municipality, and thus no additional notice is required under SB 808.

Please do not hesitate to contact us with any questions regarding this filing.

Sincerely,

Mark Goodwin  
President

<sup>1</sup> Senate Bill 808 will become effective 90 days after *sine die* of the Oklahoma State Legislature, and Section 2 will appear in the Oklahoma State Statutes in Section 160.21, Title 17.
