* The state and county Federal Information processing Standards (FIPS) codes are standardized unique state and county identifiers. The first two positions identify the state, and the last three positions identify the county. For more information, see <http://www.census.gov/geo/www/fips/fips.html>

¹ Estimated population size of persons 16 years and older in households in 2003.

² Those lacking *Basic* prose literacy skills include those who scored *Below Basic* in prose and those who could not be tested due to language barriers.

³ The estimated percent lacking *Basic* prose literacy skills has a margin of error as measured by the associated credible interval. There is a 95% chance that the value of the percent lacking *Basic* prose literacy skills is contained between the lower and upper bound.
