Why CCBHC's?

What makes CCBHC work?

A comprehensive model joined with a unique payment model.

CCBHC Successes

CCBHC expanded services to better suit individual needs of Oklahomans and number of recipients receiving these services continues to rise.

- **Added** Care Coordination, Vocational, Housing, Nutrition, and Occupational Therapy
- The number of Oklahomans served by CCBHCs has grown **102%** in year 4.
- Increased **Urgent Recovery Centers** from 3 to 10
- Established infrastructure for **Mobile Crisis Teams**

Service Type	Pre CCBHC	Year 4	Percent Increase
Care Management	19	887	4568%
Case Management	5797	10265	77%
Crisis	1290	1467	14%
Peer and Family Supports	5237	9239	76%
Primary Care	7046	8290	18%
Therapy	8354	12392	48%
Vocational and Housing	34	138	306%
Wellness	819	2425	196%

Oklahoma Innovations

Consumer Report Card

Individualized, one-page consumer “report card” included lab results, medication compliance, services received and screenings for each consumer. The cards assigned a grade to the agency on how well services to each consumer were coordinated and provided, with results also available to staff involved in the individual’s care.

Most in Need

Prioritized treatment recipients accounting for the most crisis center and inpatient stays, distributed information in real time to each provider identifying consumers to prioritize stabilization of these individuals.

Telehealth and Law Enforcement

Approximately 12,000 tablets with built-in cellular connection are being used across the state, providing immediate access to care and treatment services.

Devices are within homes, health and emergency departments, sheriffs and police departments helping Oklahomans overcome transportation barriers to accessing care in rural communities.

Technology
use
Increase 
900%

On any given month, over 317
hours of services are provided
through mobile technology
established through CCBHC

Oklahoma Outcomes

Added **981** new jobs to the healthcare workforce sector -an estimated economic impact of **\$34,953,525.41** annually.

CCBHC also realize

- **21% reduction** in the use of psychiatric inpatient beds
- **14% reduction** in ER visits
- **69% reduction** in the use of crisis stabilization and rehabilitation.

Oklahoma Outcomes

Reduced the average time for initial assessment to **3.2 days**

78.4% change in adults receiving a body mass index and follow-up counseling

82.4% increase in children's weight assessments

70% change in suicide risk assessment

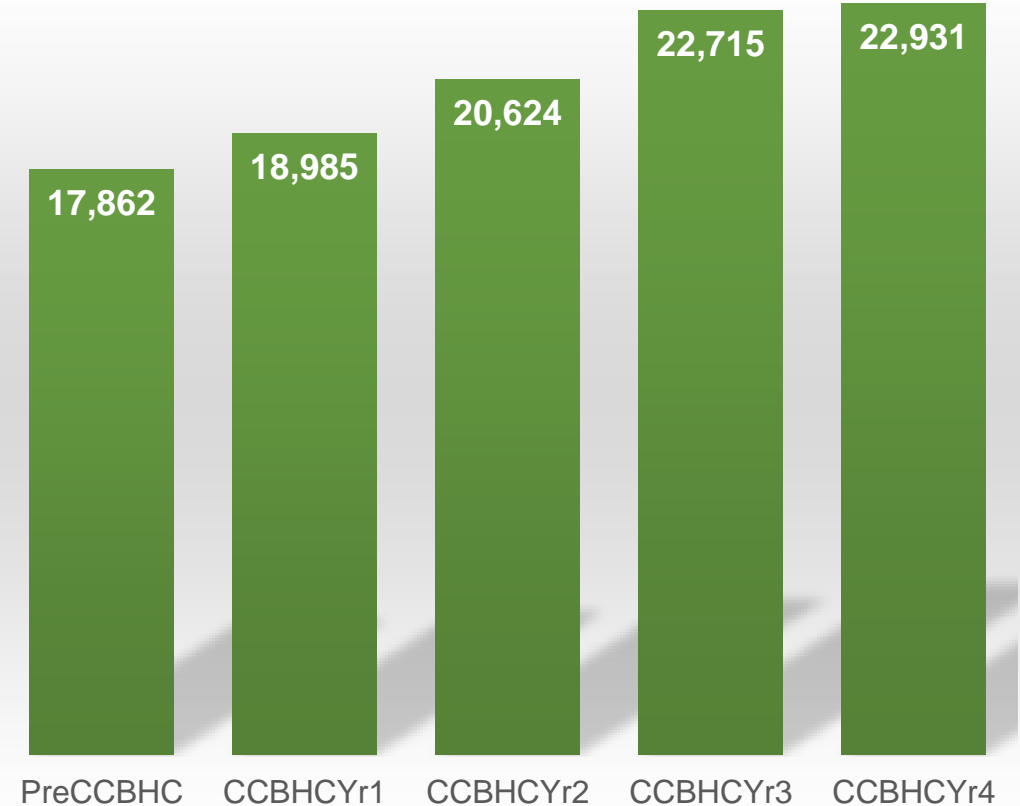

76.4% change in adult suicide risk assessment

75% percent of adults are seen within seven days following a hospitalization and **93%** are seen within 30 days.

70.1% of children are seen within seven days and **92.3%** are seen within 30 days.

Number of Clients Served
By the Three Demonstration CCBHCs
