  - a) Statewide – All Districts (EC-1321)

The National Bridge Inspection Standards (NBIS) require that all bridges on public roads be inspected once every two years. The Department has qualified the following consultants and Circuit Engineering Districts:

Boatman Engineering  
Burgess & Niple  
Cobb Engineering Company  
EST  
Guy Engineering Services  
Holloway, Updike & Bellen  
Koneru Consulting  
Lochner (formerly BWR)  
Mehlburger Brawley  
Ollar and Ollar  
Perez Engineering  
SAIC Energy, Environment & Infrastructure (formerly The Benham Companies)

TranSystem  
Circuit Engineering District #2  
Circuit Engineering District #4  
Circuit Engineering District #7  
Circuit Engineering District #8

The Department requested and received responses from 77 counties and 44 cities pertaining to their selection of qualified consultants or CED to perform routine safety bridge inspections. An estimated total of \$5.05 million in Federal funds are needed for the consultant contracts and agreements.

b) Oklahoma County – District IV (EC-1320)

The Department has selected MacArthur Associated Consultants to prepare complete detailed final design plans for the design of the Downtown Oklahoma City Reconnection to the Interstate. The consultant will perform all engineering and drafting services required to conduct studies, prepare complete detailed construction plans for grading, drainage, surfacing, bridges, retaining walls, signing, traffic signalization, lighting, pavement marking, traffic control, storm water pollution prevention, architectural features, landscaping, detours, demolition, specifications and costs estimates. The total, not to exceed, amount is \$500,000.00. This project is included in the STIP 8 Year Construction Work Plan.

5. Item No. 31 – Engineering Contract Supplements – **Mr. Streb**

a) Statewide – All Districts (EC-1232H, Supplemental No. 3)

Holloway, Updike, and Bellen Inc. was previously authorized to perform routine bridge inspections on the local system. This supplement is needed due to additional costs experienced for scour studies and new bridges. The total, not to exceed, amount of this supplement is \$18,000.00. The total engineering contract cost, including supplements, is \$136,735.00.

b) Statewide – All Districts (EC-1232K, Supplemental No. 3)

SAIC Energy, Environment & Infrastructure was previously authorized to perform routine bridge inspections on the local system. This supplement is needed due to additional costs experienced in urban areas as well as more inspections than originally anticipated. The total, not to exceed, amount of this supplement is \$13,750.00. The total engineering contract cost, including supplements, is \$372,342.98.

c) Statewide – All Districts (EC-1215F, Supplemental No. 2)

EST was previously authorized to perform truss and fracture critical bridge inspections on the local system. This supplement is needed for additional time and to finalize the inspections and inspection reports. The total, not to exceed, amount is \$83,176.16. The total engineering contract cost, including supplements, is \$316,310.17.

d) Statewide – All Districts (EC-1213A, Supplemental No. 1)

Lochner was previously authorized to perform inspections of 18 post tensioned box girders with special emphasis on grout in the ducts. The initial investigation was limited to a very small sampling of ducts. This supplement is needed for additional samples, another bridge was added to this contract, and the consultant will need to prepare the repair details including vacuum grouting and epoxy injections. The total, not to exceed, amount is \$422,000.00. The total engineering contract cost, including supplements, is \$1,090,720.00.

e) Statewide – All Districts (EC-1243G, Supplemental No. 3)

Poe & Associates was previously authorized to prepare final design plans for various locations along I-40 in Canadian County. This supplemental is for additional engineering services to incorporate the necessary design changes for noise walls located in the vicinity of Garth Brooks and Czech Hall Road into the final construction plans. The total, not to exceed, amount is \$500,000.00. The total engineering contract cost, including supplements, is \$2,400,000.00.

f) McClain County – District III (EC-647, Supplemental No. 5)
