

**OKLAHOMA DEPARTMENT OF TRANSPORTATION
TIE-BID BREAK FORM**

Bid Opening Date: _____
Call Order: _____
Project Number: _____
Job Piece No.: _____
Contract ID: _____
County: _____
ODOT Field District: _____

The ODOT Office Engineer, after analyzing bids submitted on the above-referenced letting date, has determined that _____ and _____ submitted proposals on the above-listed project that have the same total bid amount. Pursuant to OAC 260:115-7-32(o), the determination that two or more bids are equal shall be resolved by a coin toss to determine the successful bid. The coin-toss will be conducted by the ODOT General Counsel's Office and determined by the ODOT Office Engineer. The ODOT Office Engineer will draw lots to determine which bidder will call the coin-toss choosing "heads" or "tails". The opposing bidder will be assigned the remaining result of this choice.

The ODOT State Construction Engineer will record the results and determine the successful bidder.

ODOT State Construction Engineer

John B. Leonard, P.E.
