The NEPA document for the subject project is completed. The NEPA document for the subject project requires no environmental commitments on plan for Right-of-Way and Utility. The completed environmental document is located in the construction project document vault.

The project scope of work has not changed since the completion of the NEPA document and the document remains valid. The Construction Commitments will be discussed with the Right-of-Way and Utility Owners at the start of Right-of-Way and Utility Process.

The ODOT Environmental Project Manager will add the AE plan sheet(s) with the Environmental Notes in the Document vault and in the project Correspondence folder in ProjectWise, if required. For consultant design projects, please forward the AE plan sheet(s) to the designer.

The ODOT Environmental Project Manager will add the AE plan sheet(s) to Final Plans in ProjectWise for in-house design projects.
