DATE: February 16, 2021

SUBJECT: Scope of Work

EXISTING PROGRAMMED INFORMATION

J/P Number: 34333(04) County: McCurtain Highway: US-259 Division: Two
PS&E Date: N/A R/W Date: FFY 2026 Discussion Date: N/A
Programmed Estimate: TBD
Project Description: US-259: From 6.25 mi N. of Jct SH-3, Extend N. 6.00 mi

PROPOSED IMPROVEMENT

Project Intent: To improve the safety of the US-259 corridor through Hochatown.

Description of Proposed Improvements:

A preliminary engineering study will be done to determine potential improvements to the US-259 corridor though Hochatown. Improvements to consider could include but are not limited to speed reductions, additional lanes, etc.

A project will be developed in the interim for intersection modification (traffic signals) on US-259 at the intersections of Sherry Lane, SH 259A (South), and Stevens Gap Road. This will include addition of turn bays and access management where not currently present.

Project Termini

For the study:

Beginning of Project: Approx. 6 mi north of Jct SH-3 on US-259

End of Project: Approx. 12.5 mi north of Jct SH-3 on US-259

For interim project:

Beginning of Project: 2000' south of each intersection on US-259

End of Project: 2000' north of each intersection on US-259

- Use 500' in both directions on the cross streets
