## User ID Creation for Existing Suppliers

You must complete a new username and password. Any logins from the previous registration portal are no longer valid.

To create an Authorized Account Manager user ID, please follow these steps:

- To create a new primary user ID, visit [supplierportal.ok.gov](http://supplierportal.ok.gov).
- Select the **here to request your user ID** link.

Select the Oklahoma Supplier Portal link above to register or log in. If you are currently registered as a supplier, please visit [here to request your user ID](#). Use the access code: SUPPLIER.

- You will need the access code, supplier ID and IRS tax ID.
  - The access code is SUPPLIER.
  - If the supplier ID is needed, provide a W-9 to [supplier.registration@omes.ok.gov](mailto:supplier.registration@omes.ok.gov).
    - The IRS tax ID is the federal taxpayer identification number (EIN, ITIN or SSN), used to pay taxes on income from state payments that will be reported to the IRS. **Do not enter dashes.**
- In the Requested User ID field, enter the **username** you wish to use.
- The fields for Language Code, Time Zone and Currency Code are not applicable and can be disregarded.

- You will receive two approval emails. The second email will contain the user ID and a temporary password.
- Return to [supplierportal.ok.gov](http://supplierportal.ok.gov), and select the **Oklahoma Supplier Portal Login** button.

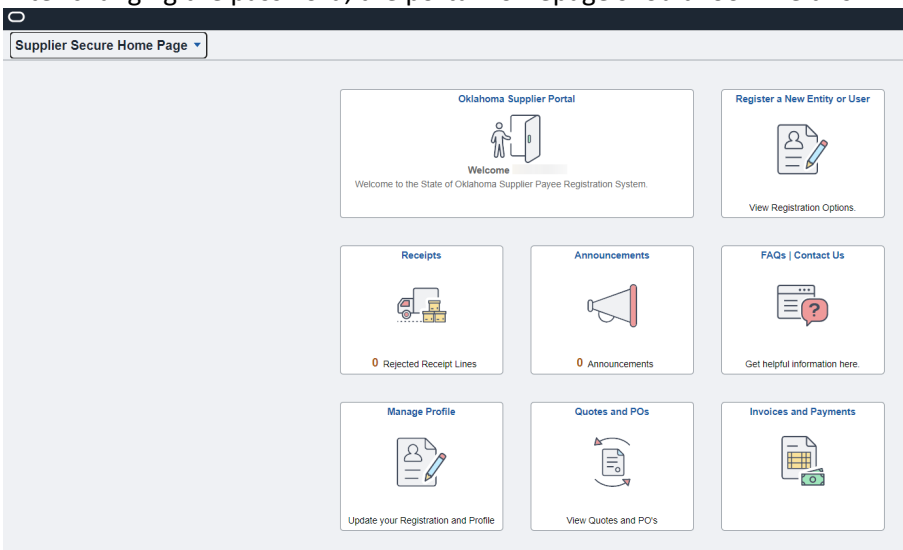

- Sign in using the **Existing Users Sign In** tile. This is where you will sign in going forward.

- Enter the user ID and temporary password.
- You will receive a message the password has expired. Select **Click here to change your password**.

- You will be prompted to enter the temporary password, followed by a new password.
- After changing the password, the portal homepage should look like this:

## Password Management

One of the benefits to the new system is the ability to assign multiple additional user IDs to different individuals based on responsibilities. (Please note: Banking can only be viewed and accessed with a banking user ID.)

- Go to [supplierportal.ok.gov](http://supplierportal.ok.gov), select the **Oklahoma Supplier Portal Login** button and sign in using **Existing Users Sign In**.

- Select **Register a New Entity or User**.

- Select **Register Now** for the user ID you wish to create.
  - The Authorized Account Manager user ID is the only user ID that can assign additional user IDs.
  - The Banking user ID can add or update banking. For questions regarding the banking process, email [eft.registration@omes.ok.gov](mailto:eft.registration@omes.ok.gov).
- The process is like [User ID Creation for Existing Suppliers](#).
- The Requested User ID must be a unique user ID.
- The Email ID should be the email the user ID and temporary password will be sent to.
  - There are no restrictions on how many times the same email can be used.

## Review and Update Supplier Info

To manage and maintain the information on file, use Supplier Change Request. Please review the information on file on a yearly basis to ensure all information is accurate and up to date.
