

October 16, 2023

**RE: Revised COVID Vaccine Billing Guidance for the 2023-2024 Season, Vyvanse®
Reminder**

Revised COVID Vaccine Billing Guidance

- **For pharmacies to receive the enhanced administration fee of \$40.00, the pharmacy must also submit SCC “02” on each claim.** Prior vaccine billing guidance showed SCC “42” as the only required code, however, this will result in the regular administration fee of \$18.34.
- Revised Vaccine Billing Guidance is outlined in Table 1 below.

| Table 1: Vaccine Billing Guidance | | | | |
|-----------------------------------|--|---------------------|------------------------|-------------------------|
| COVID Vaccines | Required Submission Clarification Code(s) (420-DK) | | Ingredient Cost Billed | Administration Fee Paid |
| Any Dose (Adults 19+) | 42 | 02 “Other Override” | Cost of Vaccine | \$40.00* |

*This rate is expected to change when Medicare adjusts their rates following the end of the American Rescue Plan (ARP).

Vyvanse® Reminder

As a reminder, Vyvanse® capsules and chewable tablets are brand preferred. Brand name Vyvanse® is a Tier-1 medication and is available without prior authorization (PA) for members 5 to 20 years of age.

Generic lisdexamfetamine requires PA for all members and PA requests should document the following:

- A reason why brand name Vyvanse® cannot be used
- Documentation showing Vyvanse® unavailability should be included with the PA request if the request is due to supply issues
- A diagnosis is required for all members and other PA criteria may apply depending on the member’s age and diagnosis

Claims that processed at the pharmacy point of sale (POS) for generic lisdexamfetamine without an approved PA are due to a system limitation that is being corrected. Going forward, claims for generic lisdexamfetamine should deny at the pharmacy POS based on Vyvanse® being brand preferred.

Please Note: Complete PA criteria can be found on the OHCA website at www.oklahoma.gov/ohca/pa. Pharmacy PA forms can be found on the OHCA website at <https://oklahoma.gov/ohca/rxforms>.
