BILLING TIPS FOR CLIENTS With both MEDICARE and MEDICAID

The following drugs will be covered by Oklahoma Medicaid ONLY if they are NOT covered by the client's Medicare Part D Prescription Drug Plan:

Amobarbital	Alprazolam	Quazepam
Barbital	Chlordiazepoxide	Temazepam
Butabarbital	Clorazepate	Triazolam
Methohexital	Diazepam	
Pentobarbital	Estazolam	Loratadine-OTC
Phenobarbital	Flurazepam	Prilosec-OTC
Secobarbital	Halazepam	
	Lorazepam	OTC Nicotine
Clonazepam	Midazolam	Replacement
	Oxazepam	Therapies

You can access this list at

<http://www.okhca.org/client/programs/medicare/covereddrugs.asp>

- These drugs are subject to the same restrictions and prior authorization requirements for both dual eligible and Medicaid-only clients
- To process claims for these drugs, place "04" in the Other Coverage Code of the COB section of your claim
- These drugs should first be billed to the PDP. Post-payment audits will be performed to ensure that Medicaid is the payer of last resort.
- The drugs listed above are the ONLY drugs Medicaid will cover for Medicare dual eligibles. To obtain non-formulary medications, please contact the client's plan directly for the exceptions and appeals process.

CMS pharmacy help desk: 1-866-835-7595 or 1-800-MEDICARE (1-800-633-4227). Neither DHS nor OHCA can help with Medicare-related issues. Please do not refer clients to their DHS caseworkers for issues not related to Medicaid.
