January 31, 2005

Dear Pharmacy Provider,

Please be aware that prescribers of Plavix[®] may begin writing "Stent" on their prescriptions. If you see this on the face of a valid prescription you may enter it in the diagnosis field of the prior authorization form and send the completed form in for prior authorization review.

Effective January 1, 2005 The following SSRIs (Selective Serotonin Reuptake Inhibitors) will be considered Tier-1.

Tier 1	Tier 2
<ul style="list-style-type: none">• citalopram (Celexa)• escitalopram (Lexapro)• fluvoxamine (Luvox)• paroxetine (Paxil)• paroxetine (Paxil CR)• paroxetine (Pexeva)• fluoxetine (Prozac)• sertraline (Zoloft)	<ul style="list-style-type: none">• fluoxetine (Sarafem)• fluoxetine tablets 10 & 20mg• fluoxetine 40mg capsules

Thank you for your continued service to Oklahoma's Medicaid clients.
