Dear Pharmacy Provider,

Please be sure that you use your DME provider number not your pharmacy provider number when billing DME claims. DME claims will not process through the pharmacy point-of-sale system.

For a list of providers who are willing to bill for DME supplies, go to <http://www.okhca.org/providers/dme/dmeproviders>. If you are not a contracted DME provider and would like to be, please contact provider contracts at (800) 522-0114, option 5, or download, complete, and return the contract forms from <http://www.okhca.org/providers/enrollment/dme-msc>.

Diabetic supplies should be billed using your DME provider number on a CMS 1500 claim form or using the professional claim option at the OHCA secure web site. Claims will process with the HCPCS codes, not NDC's.
