OHCA PRN 2015-03

June 4, 2015

ESRD Providers

In PRN 12-03, the Oklahoma Health Care Authority (OHCA) distributed guidance regarding the End Stage Renal Disease (ESRD) Prospective Payment System (PPS) payment methodology beginning July 1, 2012. This letter is to notify you of an error regarding the table that holds services considered separately billable.

During regular claims review, OHCA discovered codes not in the initial guidance document that were inappropriately included on the separately billable table. The codes have now been removed OHCA recouped claims that were inappropriately reimbursed. The date of the recoupment was 5/13/2015.

Services that are not considered part of the ESRD PPS bundle include: the furnishing of blood, blood products and supplies, vaccines and telehealth. These items remain separately billable.

I apologize for any inconvenience this error may cause.
