

SoonerCare Fax Blast

Date: March 19th, 2007

Dear Dental Providers,

We are conducting a survey to better serve you and our members, and also get some feedback about treating our pregnant population. Please assist us by logging on to the secure website on Monday March 19th and opening your global messages. You will find the URL link to our survey. The survey will take approximately one minute of your time.

Group dental practices please fill out a survey for each individual Dentist in your practice.

Thank you for your continued support of the SoonerCare Program.
