4a. FINANCIAL UPDATE

Carrie Evans, Chief Financial Officer

Ms. Evans reported on the financial transactions through the month of November. She stated that we continue to remain under budget \$12.6 million state dollars and continue to be 9% under budget in Medicaid program spending and 12.2% under budget in administration. She noted that we did go over budget in our revenue with 8.3% over budget in our drug rebates and 23% in our medical refunds. Ms. Evans predicted that it appears we will be right on budget maybe about \$1 million approximately or further under for the month of December. Member George Miller asked Ms. Evans to explain any plans for a flu epidemic. She stated that right now the budget doesn't accommodate the flu, but that we do have unbudgeted carry over if needed. For more detailed information, see Item 4a in the board packet.

4b. MEDICAID DIRECTOR'S UPDATE

Garth Splinter, State Medicaid Director

Dr. Splinter reported on the November data and noted that the members increased by about 36,000 in medical homes, with a corresponding decrease in SoonerCare traditional members due to how people are put into the medical home model. He stated that there was a slight decrease in Insure Oklahoma but overall the number of people served by the Medicaid program in November went up 7,643. Dr. Splinter noted that dual enrollees are down slightly about 50 members and long term care nursing home members also just down slightly. He said there is a slight increase in total providers with almost 1,200 dentists enrolled. He state that EHR added 5 hospitals and we continue to add physicians so that we are at 91.5 million federal dollars that have flowed through OHCA to practices and hospitals that have a substantial amount of Medicaid business so that they can obtain electronic health records. For more detailed information, see Item 4b in the board packet.

Mike noted that he attended the advisory committee meeting at the Milbank Trust in New York City this past week and mentioned the great work that they continue to do. Mike said that there was a report in a national publication named Health Affairs that featured a story on Oklahoma for the electronic enrollment system and noted that we are still the only state in the nation that has successfully implemented electronic enrollment.

*Items shaded above represent a 10% or more increase (green) or decrease (red) from the previous fiscal year's average.

**Due to federal regulations, OHCA must have an approved agreement on file for all providers providing care to our members. To meet this requirement OHCA is directly contracting with providers that had previously billed through a group or agency. This contributed to the increase in the provider counts for Mental Health Providers.

***Decrease in current month's count is due to contract renewal period which is typical during all renewal periods.

A public meeting about the rules will be hosted at 1 p.m., Monday, March 4, in the Ponca meeting room of the OHCA.

 - 2. The Agency is also proposing rule revisions which will control utilization of Rehabilitation services by imposing limits on the number of units that qualified providers will be reimbursed. The utilization limits will be prior authorized by OHCA or its designated agent and will be directly correlated to the individual member's level of need.
 - 3. Utilization parameters will be increased for Medication Training and Support.
 - 4. Revised rules also change the provider qualifications for Behavioral Health Rehabilitation Specialists including specific degree, certification & training requirements. Proposed revisions to Behavioral Health Case Management rules change provider qualifications for Case Managers including specific degree and training requirements as well as remove documentation submission requirements as a condition of payment for the provision of case management services.

 - 6. Licensed Behavioral Health Provider rules are revised to correct references to the Agency's behavioral health provider manual.

* Portions of this rule have been previously seen by the MAC and OHCA Board as an Emergency Rule. Since then, new revisions were added.

2. 12-40 Inpatient Behavioral Health -

- 1. Agency Inpatient Psychiatric Hospital rules are being revised to clarify the medical necessity criteria required for admission and continued stays in psychiatric residential treatment facility (PRTF) and acute levels of care.
- 2. Changes are also being proposed to the rules regarding Individual Plans of Care to ensure early parent/guardian involvement in the treatment of children under the age of 18 receiving inpatient psychiatric services as well as
- 3. to revise the "active treatment" requirements for individuals 18-21 years of age receiving services in an acute psychiatric hospital by making the requirements less proscriptive for this age group since they typically do not receive services in children's psychiatric units, so providers should not be held to the same requirements.
