EMERGENCY ORDER OF EMBARGO AND RECALL

This Emergency Order is issued by the State Commissioner of Health (“Commissioner”) of the Oklahoma State Department of Health (“OSDH” or “the Department”) under the authority to protect public health, safety and/or welfare granted by 75 O.S. § 314.1 and 63 O.S. § 427.6(L). OSDH finds that an emergency exists and it is imperative emergency action be taken to protect public health, safety and/or welfare. The existence of said emergency and the requirements OSDH deems necessary to meet the emergency are as follows:

FACTS

1. The Oklahoma Medical Marijuana Authority (“OMMA” or “Authority”), acting as a division of OSDH, is the state agency with statutory authority to license and regulate medical marijuana businesses pursuant to 63 O.S. §§ 420 *et seq.* and 63 O.S. §§ 427.1 *et seq.*
2. Moreover, pursuant to 63 O.S. § 427.6(L), OSDH, by and on behalf of the Commissioner, has the authority upon a finding that an emergency exists requiring immediate action to protect public health or welfare to issue an order for immediate action.
3. Pursuant to 63 O.S. § 427.24(A), when OSDH finds that a medical marijuana or medical marijuana product (1) “fails to meet the requirements of” 63 O.S. §§ 420 *et seq.* and 63 O.S. §§ 427.1 *et seq.* related to health and safety; (2) “is handled in violation of applicable laws or

rules and regulations of the Department”; or (3) “may be poisonous, deleterious to health or is otherwise unsafe” the medical marijuana or medical marijuana product shall be embargoed.

4. Pursuant to Oklahoma Administrative Code (“OAC”) 310:681-8-1(g)(1), if medical marijuana or medical marijuana product is found to exceed allowable thresholds as set out in 310:681 by a licensed medical marijuana testing laboratory or “is in violation of applicable laws, rules or regulations,” the medical marijuana or medical marijuana product shall be embargoed.

5. All medical marijuana or medical marijuana product subject to an embargo shall be affixed with “an electronic or physical tag or other appropriate marking or hold... which shall give notice that the medical marijuana or medical marijuana product is or is suspected of being manufactured, produced, transferred, sold or offered for sale in violation of applicable laws or rules and regulations of the Department and is embargoed.” 63 O.S. § 427.24(A). “The notice shall further provide a warning to all persons not to remove or dispose of the medical marijuana or medical marijuana product until permission for removal or disposal is given by the Department.”

Id.

6. The hold affixed in accordance with 63 O.S. § 427.24(A) includes “a hold in the State’s inventory tracking system.” OAC 310:681-8-1(g)(1)(B).

7. Per 63 O.S. § 427.17(N)(14), OMMA is vested with the authority to promulgate rules which develop policies and procedures providing for “the immediate recall of medical marijuana or medical marijuana products that test above allowable thresholds or are otherwise determined to be unsafe.”

8. OAC 310:681-8-1(g)(2) requires a recall be instituted “[i]n the event any medical marijuana or medical marijuana products that exceed allowable testing thresholds, are the subject

of an embargo, or a derivative thereof, or that otherwise fail to meet standards set forth in” OAC 310:681-8.

9. All commercial licensees with knowledge of such an event are required to immediately notify OMMA. OAC 310:681-8-1(g)(2)(A).

10. No medical marijuana or medical marijuana products subject to a recall may be sold or transferred. OAC 310:681-8-1(g)(2)(B).

11. Pursuant to OAC 310:681-8-1(g)(2)(C), “[e]very commercial licensee who is in possession or has ever had possession” of the subject medical marijuana or medical marijuana products are required to do the following:

- a. Ensure the subject medical marijuana or medical marijuana products are not transferred; OAC 310:681-8-1(g)(2)(C)(i).
- b. “Create a distribution list of all commercial licensees that received the medical marijuana or medical marijuana products subject to the recall, including the licensee's name, license number, address and contact information;” OAC 310:681-8-1(g)(2)(C)(ii).
- c. “Create a list identifying all medical marijuana or medical marijuana products subject to the recall, including the category..., product description, net contents, batch number, and, if applicable, the name and license number of the commercial licensee that cultivated or manufactured the medical marijuana or medical marijuana product subject to the recall;” OAC 310:681-8-1(g)(2)(C)(iii)
- d. Identify and provide notice to all affected commercial licensees and patients; OAC 310:681-8-1(g)(2)(C)(iv).

e. “Communicate with the Department regarding the status of the recall and immediately provide all required information and documentation to the Department within forty-eight (48) hours unless granted additional time...” OAC 310:681-8-1(g)(2)(C)(v).

12. Failure to participate in a recall “may result in revocation, suspension, and monetary penalties.” OAC 310:681-8-1(g)(2)(C)(iv).
