AGREED ORDER

With agreement of the parties the court enters the following Order:

The Temporary Restraining Order of April 29, 2021, entered by the Okmulgee County District Court is vacated. All Oklahoma cannabis licensees have ninety (90) days from the date of this Order to become compliant with the Metrc seed to sale tracking and tagging system. During the ninety day period OMMA will conduct at least five seminars via the internet to educate licensees on implementation of the Metrc system. Further, OMMA will ensure adequate call staff is retained to be reasonably

responsive to questions licensees might have about program implementation during the ninety day ramp-up period.

Dispensaries shall have one hundred eighty (180) days from the date of this Order to sell or legally dispose of all untagged cannabis products in their inventory.

All allegations and causes of action alleged by Plaintiffs are dismissed without prejudice except for Plaintiffs' claims for declaratory and/or injunctive relief on the following issues:

- (1) Whether licensees are wrongfully required to pay for implementation of the Metrc seed to sale tracking and tagging system;
- (2) Whether OMMA misapplied funds intended to cover the cost of cannabis oversight so as to require an Order for the return of the diverted funds for their intended purpose; and
- (3) Whether class action status is appropriate.

All of OMMA and Metrc's defenses and dispositive motions not mooted by this Order are preserved.

OMMA shall have adequate enforcement staff to aggressively locate and prosecute any cannabis licensee not complying with this Order.

The parties may request further hearings as are warranted.

Dated this 25th day of February, 2022

District Judge Natalie Mai

This Order is approved by Plaintiffs.
