

**RULE IMPACT STATEMENT
FOR PROPOSED Permanent RULES**

[as required by 75 O.S., Section 253(B)(2)]

**TITLE 375 OKLAHOMA STATE BUREAU OF INVESTIGATION
CHAPTER 35 INVESTIGATIVE SERVICES**

Authority: 74 O.S., Sections 150 et seq.

1. Brief description of the purpose of the proposed rules:

Revocation to the rules [OAC 375:35] is proposed to remove rules which are duplicative of agency policy and outdated.

2. Classes of persons who will be affected by the proposed rules, including classes that will bear the costs, and information on cost impacts received from private or public entities:

These proposed revisions do not directly affect any class of persons because the procedures remain in place in OSBI policy. There are no known costs to classes of persons or to private or public entities as a direct result of the proposed rules.

3. Classes of persons who will benefit from the proposed rules:

No class of persons will directly benefit from removing the rules.

4. Probable economic impact of the proposed rules upon affected classes of persons or political subdivisions, including a listing of and justification for all fee changes:

The proposed revisions are estimated to be cost and revenue neutral for affected classes of people and political subdivisions.

5. Probable costs and benefits to agency and to any other agency of the implementation and enforcement of rules; source of revenue to be used for implementation; anticipated effect on state revenues, including a projected net loss or gain in such revenues (if it can be projected by agency):

There should be no additional costs to the OSBI or any other agency as a direct result of implementation or enforcement of these rules.

The proposed rules should not impact state revenues.

6. Determination of whether implementation of proposed rules will have economic impact on any political subdivisions:

The proposed rules have no known economic impact on political subdivisions.

7. Explanation of measures taken to minimize compliance costs; determination of whether there are less costly or nonregulatory methods or less intrusive methods for achieving the purpose of the proposed rules:

There are no known compliance costs, and no known less costly or nonregulatory methods for achieving the purpose of the proposed rule[s] that would be *less intrusive* [75:303(D)(2)(g)].

8. Determination of effect of proposed rules on public health, safety, and environment and, if designed to reduce risk to public health, safety and environment, an explanation of the risk and to what extent the proposed rule will reduce the risk:

The proposed rules do not impact public health, safety, or environment.

9. **Determination of any detrimental effect on public health, safety, and environment if proposed rules are not implemented:**

The proposed rules do not impact public health, safety, or environment.

10. **Date rule impact statement was prepared:**

February 10, 2023
