

STATE OF OKLAHOMA
UNIFORM CRIME REPORT
ANNUAL REPORT
JANUARY—DECEMBER 2003

COMPILED BY THE
OKLAHOMA STATE BUREAU
OF
INVESTIGATION

This publication is issued by the Oklahoma State Bureau of Investigation as authorized by Director A. DeWade Langley. Nine hundred copies have been printed by Career Tech Printing Services, Stillwater, Oklahoma, at an approximate cost of \$4,622.60. Copies have been deposited with the Publications Clearinghouse of the Oklahoma Department of Libraries.

“*Crime in Oklahoma*” has been prepared by the Information Services Division and the Management of Information Services Division of the OSBI. Persons directly responsible for the creation of this publication are listed below. Through their efforts, the data contained within this report was compiled and the design layout created.

Section Supervisor	Linda DeArman
Field Services Supervisor	Rodney Eaton
Field Services Unit	Freda Atkinson Greg Feuerborn Derrie Fox Mike Goodloe Sharon Maxwell Jenni McDaniel Terry Miller Kay Thurman Jenny Virden
CDC & A Unit Supervisor	Jon Steen
Data Entry Staff	Andrea Bighead Judy Burnside Cora Hollis Terry Miller Elizabeth Riccardi Claudette Scott
MIS Division Director	Ben Gherezgiher
MIS Staff	Jo Miller Jebessa Mosisa Michael Paul

A special note of appreciation is extended to the law enforcement administrators and UCR reporters in the 298 sheriffs' offices and police departments throughout Oklahoma, who made this data available.

ON THE COVER

As we honor the brave soldiers overseas, we must also appreciate the law enforcement officers who serve on the home front, ensuring the safety and security of our communities everyday.

Oklahoma law enforcement agencies have approximately 9,200 sworn officers serving over 400 agencies. The largest law enforcement agencies in the state have over 1,000 officers while the smallest department may have only one officer. A recent study conducted by the Eastern Kentucky University's Justice and Safety Center, supported by the National Institute of Justice, showed that 90 percent of all law enforcement agencies in the United States have fewer than 50 officers, and half of all law enforcement agencies have 10 or fewer officers. These agencies, despite their size, face many of the same problems as their large urban and suburban counterparts. In Oklahoma over 60 percent of the agencies in the state have 10 or fewer officers. The majority of the time, one officer patrols hundreds of square miles, with backup being on call several miles away.

With manpower so limited in these agencies, it is hard for the officers to attend law enforcement related training courses. Agencies rely on other sources to keep them updated on current issues, tactics, and products, such as websites designed for the law enforcement community. The Oklahoma State Bureau of Investigation developed a bulletin on our website, www.osbi.state.ok.us, in July 2001, called "Officer Safety." This bulletin was designed to assist the law enforcement community by providing officer safety issues such as disguised weapons, hazardous materials, threats against police officers and even police vehicle safety recalls. Officers are encouraged to contact the OSBI to share any information they feel is important to officer safety. This bulletin can also be provided via e-mail or fax.

Men and women become officers to make a difference in their communities. They go to work everyday, unaware of what the day will bring but knowing that they will somehow make it safer for each of us. Whether its arresting a DUI driver, responding to a domestic assault, or stopping a speeding car, they provide us with the assurance that our homes will be safe. We should take the time to thank our officers for providing that safety and security.

OSBI COMMISSION

The OSBI Commission consists of one sheriff, one district attorney, one police chief, and four lay members. Each member is appointed by the Governor and approved by the Senate to serve a seven-year staggered term.

The Commission has five statutory responsibilities: to appoint the Director of the OSBI; to hear complaints against the OSBI or any of its employees; to make recommendations to the Director of any needed disciplinary action as a result of any investigation conducted upon a complaint received; to establish general procedures with regard to assisting law enforcement officers and district attorneys; and to establish a program of training for agents. The current Commission members are:

TED FARISS – CHAIRMAN, LAY MEMBER

Mr. Fariss is a farmer and rancher in Dewey County and is the Chief Operating Officer of the Bank of Western Oklahoma in Elk City. He was appointed to the Commission by Governor David Walters in 1994. He was reappointed by Governor Frank Keating in 2001.

STANLEY GLANZ – VICE CHAIRMAN, SHERIFF MEMBER

Mr. Glanz has served as the Sheriff of Tulsa County since 1989. He served 23 years at the Tulsa Police Department. He was appointed to the Commission by Governor Henry Bellmon in 1989. He was reappointed by Governor Frank Keating in 1995 and again in 2002.

RUSSELL NOBLE – LAY MEMBER

Mr. Noble is the President of the Sea Cattle Company and the Quien Sabe Corporation in Ardmore, Oklahoma. He is a trustee of the Samuel Roberts Noble Foundation. He was appointed to the Commission by Governor Frank Keating in 1997.

ANNE HOLZBEIERLEIN – LAY MEMBER

Ms. Holzbeierlein has many years of community service that includes the Edmond Board of Education, Edmond Women's Club, and the Women in Leadership Organization. She brings to the Commission experience in administration through the private sector. She was appointed to the Commission by Governor Brad Henry in 2003.

DONALD HUMPHREYS – LAY MEMBER

Mr. Humphreys works as an investigator in the legal department of the Oklahoma State Department of Health. He was appointed to the Commission by Governor Frank Keating in 1998.

ROB HUDSON – DISTRICT ATTORNEY MEMBER

Mr. Hudson is a District Attorney that serves Logan and Payne Counties. He was appointed to the Commission by Governor Frank Keating in 2002.

MICKEY PERRY – POLICE CHIEF MEMBER

Mr. Perry currently serves as police chief in Claremore. He is a veteran law enforcement official with 34 years of law enforcement experience, 11 of those with the Oklahoma Bureau of Narcotics. He is an active member of many professional organizations such as the Oklahoma Association of Chiefs of Police (OACP), Oklahoma Sheriffs and Peace Officers Association (OSPOA) and the International Association of Chiefs of Police (IACP). He was appointed to the Commission by Governor Brad Henry in 2003.

July 12, 2004

Dear Oklahomans:

Gathering of criminal history information through Uniform Crime Reporting became mandatory in 1973. Since that time, agencies across the state and nation have been reporting summary based data to the OSBI and ultimately the FBI. This information has been used for years to identify trends and provide law enforcement planners, educators, and the public at large with statistical information concerning crime in Oklahoma and the nation.

For years, the FBI and other states have been moving towards a new system, an incident based system, which will provide much more information and allow for more accurate analysis. The Oklahoma version of this system has been under development for several years and is now being tested around the state. The State Incident Based Reporting System (SIBRS) is a new system that provides many great opportunities for the law enforcement community. Agencies contributing to SIBRS fall into two broad categories, hosted and non-hosted.

Hosted agencies are those smaller agencies that do not currently have their own records management system (RMS). After minimal training, provided by the OSBI, these agencies can access SIBRS via the Internet by going to the OSBI web site and submitting their reports. The non-hosted agencies are larger agencies that have their own records management systems. In order to avoid dual entry of data, it will be necessary for those agencies to develop interfaces between their systems and SIBRS. This will allow their data to be automatically transmitted.

I know of no new computer system that is without bugs or glitches, and I am sure that this one will be no exception. We have worked, and are working, very hard to make this transition as painless as possible for all concerned, but change we must. If we are to provide the best possible service to our state and nation, we must move forward. I would like to thank you in advance for your patience and cooperation as we move into this new and exciting era in law enforcement.

Sincerely,

A handwritten signature in black ink that reads "A. DeWade Langley". The signature is written in a cursive, flowing style.

A. DeWade Langley
Director

INTRODUCTION

BACKGROUND

The Uniform Crime Reporting Program (UCR) was conceived, developed, and implemented by law enforcement for the express purpose of serving as a tool for operational and administrative purposes. Under the auspices of the International Association of Chiefs of Police, the UCR Program was developed in 1930. Prior to that date, no comprehensive system of crime information on a national scale existed. This was primarily because criminal statutes varied so greatly from state to state in their use of terminology to define criminal behavior. To overcome this problem, a set of definitions for specific criminal acts was devised. These definitions were developed following an in-depth research effort relative to each of the state criminal extant statutes. It was determined that law enforcement agencies would tabulate the number of criminal acts as defined by the UCR Program as these acts were brought to their attention. Recognizing the problem of coping with sheer volume, it was decided that only those criminal acts deemed serious would be counted. It was necessary to define "serious." In this regard, a criminal act is considered serious if it meets a set of criteria; namely, that the act would occur regardless of geographical location; that it would be an offense most likely to be reported to law enforcement; that it would affront the moral sensitivities of our society's rational being; and that it would occur with sufficient frequency so that counting it would be worthwhile statistically.

STATE UCR PROGRAM

During that period of time when UCR was still a concept, it was recognized that individual states would also need crime information of particular interest to the state but of no great importance to the national view of crime. It was not until the latter part of the 1960's that funds became available for states to consider the development of their own individual reporting systems.

The purpose for a state UCR Program is multifaceted. First, with personnel administering a state program, more direct and meaningful contact with individual contributors is realized. Second, the ability to expand contributions exists due to state personnel being readily available to lend assistance. Third, mandatory participation ensures a law enforcement agency will either enhance an already existent records system or will install one capable of producing the needed data. Fourth, with state personnel reviewing information emanating from law enforcement contributors and this information being checked at the national level, the validity and completeness of data are further ensured. Fifth, individual state programs can address problems that are unique to the state.

The Oklahoma State Bureau of Investigation assumed the statewide administration of the UCR Program on September 1, 1973. This document is the thirtieth annual report, presenting statistical information collected and compiled through the year 2003 with a comparative analysis of the years 2002 and 2001.

LAW ENFORCEMENT BULLETIN SPECIAL REPORT

Last year, the Oklahoma State Bureau of Investigation (OSBI) announced the first major change in crime reporting in over 70 years. With the announcement of the new State Incident Based Reporting System (SIBRS), the state is entering a new era of in-depth and far reaching crime information providing more details on crimes committed and an understanding of possible relationships between victims and suspects.

The OSBI worked hard to implement SIBRS. Since our first announcement last year, we have converted over 100 agencies to SIBRS with many more scheduled.

We first targeted "Hosted" agencies since they were agencies we would be serving directly. Secondly, to assist "Non-Hosted" agencies in making the transition, we reached out to many of the vendors serving Oklahoma law enforcement. Earlier this summer, we held a meeting for these vendors to insure they were aware of the transition to SIBRS and the need for their products to be compliant with the new requirements.

We clarified that the OSBI doesn't endorse any particular system. Our goal is to make all vendors aware of the new requirements, provide them with the technical interface documents to the new system, and to offer the OSBI's help to insure a smooth transition for local law enforcement.

The efforts have been worthwhile. We continue to meet with vendors representing a large number of agencies in Oklahoma. We are also working with the Oklahoma Criminal Justice Resource Center, whose ODIS program is used by a large number of agencies. And, finally, we are happy to report that the two largest police departments in the state, the Oklahoma City and Tulsa Police Departments have committed to the transition to SIBRS as a priority for their departments.

The future for UCR in Oklahoma is bright. SIBRS makes Oklahoma a leader among the states in transitioning to Incident Based Reporting. Additionally, with SIBRS allowing agencies to share their data, we are opening the doors to the ideals of cooperative and timely information sharing. As the world changes, the need for improved sharing of critical information among law enforcement agencies is at an all time high, and the OSBI is proud that the state of Oklahoma will be one of the leaders in this effort.

Respectfully,

A handwritten signature in dark ink, appearing to read "Rusty Featherstone".

Rusty Featherstone
Director, Information Services Division

INDEX
CRIME
SUMMARY

OKLAHOMA STATE BUREAU OF INVESTIGATION

INDEX CRIME TRENDS

This section presents a general overview of the crime data collected for the year 2003. The following sections of this report provide a detailed breakdown and analysis of crime related activities in Oklahoma for the past three years.

TYPE OF OFFENSES	YEAR	NUMBER OF OFFENSES	% CHANGE
MURDER	2003	206	+26.4
	2002	163	-11.9
	2001	185	+2.2
RAPE	2003	1,501	-4.6
	2002	1,573	+5.9
	2001	1,486	+4.5
ROBBERY	2003	3,224	+8.7
	2002	2,966	+8.0
	2001	2,746	+5.0
AGGRAVATED ASSAULT	2003	12,827	-0.5
	2002	12,885	-3.2
	2001	13,308	+2.7
VIOLENT CRIMES TOTAL	2003	17,758	+1.0
	2002	17,587	-0.8
	2001	17,725	+3.2
BURGLARY	2003	34,846	-0.9
	2002	35,171	+1.7
	2001	34,569	+9.2
LARCENY (THEFT)	2003	103,404	+3.2
	2002	100,185	+6.0
	2001	94,527	-1.7
AUTO THEFT	2003	12,958	+1.5
	2002	12,772	+1.6
	2001	12,568	+1.8
NON-VIOLENT CRIMES TOTAL	2003	151,208	+2.1
	2002	148,128	+4.6
	2001	141,664	+1.1
INDEX CRIMES * GRAND TOTAL	2003	168,966	+2.0
	2002	165,715	+4.0
	2001	159,389	+1.3

* A collection of statistics regarding arson is shown separately and is not reflected in the Index Offense totals in this publication. Totals on this report may not equal 100.0% due to rounding plus or minus variances of 0.1%.

OKLAHOMA STATE BUREAU OF INVESTIGATION

RATE OF INDEX CRIME

Index Crimes totaled 168,966 for 2003, constituting 4,812 offenses per 100,000 population. This represents an increase of 2.0% from those reported in 2002.

LARGEST CATEGORY OF INDEX CRIMES

The largest category reported in 2003 was larceny (theft) with 103,404 offenses. Property loss was valued at \$55,629,432. The number of thefts increased 3.2% from 2002, with a 4.4% decrease in dollar loss.

VIOLENT CRIME

The number of violent crimes (murder, rape, robbery, and aggravated assault) increased 1.0% from 2002.

NON-VIOLENT CRIME

Non-violent crimes (burglary [breaking and entering], larceny [theft], and auto or other motor vehicle theft) reflected an increase of 2.1% in 2003.

VALUE OF PROPERTY STOLEN

Stolen property valued at \$165,523,334 was reported in 2003; of that amount, 24.7% was recovered. The dollar loss decreased by \$889,761 or 0.5% compared to 2002.

MURDERS

A total of 206 murders was reported in 2003, representing an increase of 26.4% from 2002.

LAW ENFORCEMENT OFFICERS KILLED OR ASSAULTED

One (1) officer was killed in 2003 as the result of a felonious act.

One (1) officer was killed in 2003 as the result of an accident or negligent act.

Eight hundred two (802) law enforcement officers were assaulted during 2003. Assaults on officers decreased 4.9% from the 2002 figure of 843.

CRIME CLEARANCE

The clearance rate for all index crimes reported in 2003 was 17.2%; the rate for 2002 was 17.9%.

OKLAHOMA STATE BUREAU OF INVESTIGATION

ARRESTS FOR INDEX CRIMES

A total of 23,860 arrests was made for index crimes, constituting 14.3% of all arrests made in 2003.

A total of 166,654 arrests for all offenses was reported in 2003. This is an increase of 259 or 0.2% more arrests than were reported in 2002.

DRUG ABUSE ARRESTS

There were 23,046 arrests for drug abuse violations; of that number, 8.1% were persons under 18 years of age.

Possession of marijuana constituted 48.9% of the total drug abuse arrests, while sale of marijuana accounted for 4.7% of arrests. Possession of opium, cocaine and derivatives comprised 13.2% of the total drug abuse arrests; sale of opium, cocaine and derivatives equaled 2.7% of the total drug abuse arrests.

ALCOHOL RELATED ARRESTS

Alcohol related arrests (driving under the influence, drunkenness, and other liquor law violations) accounted for 29.3% of all arrests in 2003. This percentage represents the arrest of 46,942 adults and 1,904 juveniles.

RATIO OF LAW ENFORCEMENT EMPLOYEES

In 2003, there were 9,077 full-time law enforcement employees in Oklahoma, a decrease of 1.2% from 2002. The police employee ratio was 2.6 employees per 1,000 inhabitants.

POPULATION

The estimated population in Oklahoma for 2003 was 3,511,532. This is a 0.5% increase from 2002.

LAW ENFORCEMENT AGENCY CONTRIBUTORS

The total number of law enforcement agencies contributing to the Uniform Crime Reporting Program in 2003 was 298. There were 301 contributing agencies in 2002.

OKLAHOMA STATE BUREAU OF INVESTIGATION

INDEX CRIMES - A TEN-YEAR COMPARISON

TOTAL INDEX CRIMES REPORTED

YEAR	TOTAL
1994	181,204
1995	183,271
1996	186,600
1997	182,160
1998	167,295
1999	157,266
2000	157,301
2001	159,389
2002	165,715
2003	168,966

The number of index crimes decreased 6.8% from 1994 to 2003. The largest total for this ten-year period occurred in 1996.

TOTAL VIOLENT CRIMES REPORTED

YEAR	TOTAL
1994	21,196
1995	21,748
1996	19,710
1997	18,552
1998	18,038
1999	17,064
2000	17,176
2001	17,725
2002	17,587
2003	17,758

There was a steady upward trend in the total number of violent crimes reported between 1994 and 1995. This trend reversed in 1996 with a decline of 18.3% from 1995 to 2003.

OKLAHOMA STATE BUREAU OF INVESTIGATION

MURDER

YEAR	TOTAL
1994	226
1995	400
1996	223
1997	229
1998	204
1999	231
2000	181
2001	185
2002	163
2003	206

1999 indicates the highest number of murders for the ten-year period, excluding 1995. The total for that year included the victims of the Alfred P. Murrah Federal Building bombing.

RAPE

YEAR	TOTAL
1994	1,614
1995	1,460
1996	1,545
1997	1,517
1998	1,512
1999	1,379
2000	1,422
2001	1,486
2002	1,573
2003	1,501

The 1994 figures were the highest for the ten-year period. The lowest figure in 1999 shows a decrease of 14.6% from the 1994 figures.

OKLAHOMA STATE BUREAU OF INVESTIGATION

ROBBERY

YEAR	TOTAL
1994	4,171
1995	3,786
1996	3,519
1997	3,445
1998	3,076
1999	2,781
2000	2,615
2001	2,746
2002	2,966
2003	3,224

In 2003, robberies decreased 22.7% from the number reported in 1994.

AGGRAVATED ASSAULT

YEAR	TOTAL
1994	15,185
1995	16,102
1996	14,423
1997	13,361
1998	13,246
1999	12,673
2000	12,958
2001	13,308
2002	12,885
2003	12,827

Aggravated assault reports increased consistently from 1994 through 1995. The 2003 figure indicates a 15.5% decrease in reports when compared to 1994, but it reflects a 20.3% decrease from 1995.

OKLAHOMA STATE BUREAU OF INVESTIGATION

NON - VIOLENT CRIME

YEAR	TOTAL
1994	160,008
1995	161,523
1996	166,890
1997	163,608
1998	149,257
1999	140,202
2000	140,125
2001	141,664
2002	148,128
2003	151,208

The 2003 reported offenses were 9.4% lower than the highest figure in 1996.

BURGLARY

YEAR	TOTAL
1994	40,700
1995	41,649
1996	41,445
1997	39,993
1998	38,224
1999	34,465
2000	31,661
2001	34,569
2002	35,171
2003	34,846

Overall, the number of burglaries has declined since 1994. Slight fluctuations have occurred from 1996 through 2003.

OKLAHOMA STATE BUREAU OF INVESTIGATION

LARCENY

YEAR	TOTAL
1994	103,861
1995	103,612
1996	109,506
1997	108,975
1998	97,485
1999	93,608
2000	96,116
2001	94,527
2002	100,185
2003	103,404

In 1996, totals were the highest reported in a ten-year period, with the 2003 figure showing a 5.6% decrease from 1996.

MOTOR VEHICLE

YEAR	TOTAL
1994	15,447
1995	16,262
1996	15,939
1997	14,640
1998	13,548
1999	12,129
2000	12,348
2001	12,568
2002	12,772
2003	12,958

The number of vehicles stolen was at its lowest in 1999. There was a decrease of 20.3% from the highest figure in 1995 to 2003.

OKLAHOMA STATE BUREAU OF INVESTIGATION

ARSON

YEAR	TOTAL
1994	1,424
1995	1,535
1996	1,725
1997	1,415
1998	1,329
1999	1,322
2000	1,286
2001	1,106
2002	1,121
2003	1,179

Of the past ten years, 1996 ranked highest in the number of actual offenses.

VALUE OF PROPERTY STOLEN - RECOVERED

YEAR	VALUE STOLEN	VALUE RECOVERED
1994	145,836,188	46,875,169
1995	163,222,335	55,727,273
1996	164,565,956	50,647,159
1997	165,804,963	45,764,096
1998	157,235,657	44,881,824
1999	147,350,446	41,574,010
2000	150,185,171	41,007,671
2001	161,787,155	42,231,529
2002	166,413,095	39,884,188
2003	165,523,334	40,807,739

The value of property stolen was at its highest in 2002, with the highest volume of recovery in 1995.

UNIFORM CRIME
REPORTING
PROGRAM

LEGISLATIVE MANDATE

The Annual Report "*Crime In Oklahoma*" presents criminal justice information in terms of offenses known to the police and criminal arrest activity in accordance with guidelines and regulations prescribed by law.

The Oklahoma Legislature, in establishing the Uniform Crime Reporting (UCR) statute, mandated the responsibility and authority for UCR data collection and dissemination to the Oklahoma State Bureau of Investigation. Guidelines established for the operation of the state's UCR Program are listed below:

SECTION 1. A Uniform Crime Reporting system shall be established under the direction, control, and supervision of the Director of the Oklahoma State Bureau of Investigation. The Director shall have the power and duty, by such rules and regulations as he may deem necessary, to collect and gather such information from such state, county, city, and town law enforcement agencies as may be and is hereinafter prescribed by law.

SECTION 2. The Oklahoma State Bureau of Investigation is hereby designated as the agency which shall collect, gather, assemble, and collate such information as is prescribed by law.

SECTION 3. All state, county, city, and town law enforcement agencies shall submit a monthly report to the Oklahoma State Bureau of Investigation on forms prescribed by the Bureau; which report shall contain the number and nature of offenses committed within their respective jurisdictions, the disposition of such matters and such other information as the Bureau may require, respecting information relating to the cause and prevention of crime, recidivism, the rehabilitation of criminals and the proper administration of criminal justice.

SECTION 4. Upon receipt of such information the Director shall have such data collated and formulated and shall compile such statistics as he may deem necessary in order to present a proper classification and analysis of the volume and nature of crime and the administration of criminal justice within this state.

OBJECTIVES

The fundamental objectives of the Oklahoma UCR Program are:

- (1) Inform the governor, legislature, and other governmental officials, and the public as to the nature of the crime problem in Oklahoma, its magnitude, and its trends.
- (2) Provide law enforcement administrators with criminal statistics for administrative and operational use.
- (3) Determine who commits crimes by age, sex, and race in order to find the proper focus for crime prevention and enforcement.
- (4) Provide base data and statistics to measure the workload and effectiveness of Oklahoma's criminal justice system.
- (5) Provide base data and statistics to measure the effects of prevention and deterrence programs.
- (6) Provide base data and statistics for research to improve the efficiency, effectiveness, and performance of criminal justice agencies.
- (7) Provide data to assist in the assessment of social and other causes of crime for the development of theories on criminal behavior.
- (8) Provide the FBI with complete UCR data to be included in the national publication "*Crime In the United States.*"

REPORTING AND COLLECTION PROCEDURES

Under the Oklahoma UCR statute, all state, county, city, and town law enforcement agencies are required to submit crime reports.

The Field Services Unit, in an effort to maintain quality and uniformity in the data received, furnishes field representatives, who provide training in Uniform Crime Reporting procedures. Because a centralized records system is necessary to the sound operation of any law enforcement agency and is an essential basis for crime reporting by the agency, the Field Services Unit provides technical assistance to any law enforcement agency in the establishment or maintenance of a police records system.

On a monthly basis, law enforcement agencies report the number of offenses that become known to them during the month in the following categories: murder, manslaughter, forcible

rape, robbery, assault, burglary, larceny, and motor vehicle theft. This count is taken from a record of all complaints of crime received by the law enforcement agencies during their own operation.

Whenever complaints of crime are determined through investigation to be unfounded or false, they are eliminated from the actual count. The number of "actual offenses known" in these crime categories is reported without regard to (1) whether anyone is arrested for the crime; (2) the stolen property is recovered; (3) the local prosecution policy; (4) any other restrictive considerations. On a monthly basis, law enforcement agencies report the total number of reported crimes which they clear, either by arrest or exceptional means (a crime solution or clearance recorded when some element beyond law enforcement control precludes the placing of formal charges against the offender.) A separate count of crimes cleared which involve only persons under the age of 18 is shown. To supplement the offense information, such data as the value of property stolen and recovered, circumstances surrounding homicides, additional information concerning assaults on police officers, and other pertinent information is collected.

In addition, monthly reports for all persons arrested on all criminal offenses are collected. These reports provide age, sex, race, and ethnic origin information on each person arrested, with the adult and juvenile arrests reported separately.

As required by legislative mandate, the UCR offenses reported are also utilized to identify domestic abuse and hate/bias motivation crimes.

Law enforcement employees' data specifically encompasses the number of sworn and civilian personnel and is collected annually.

VERIFICATION

A primary consideration in the collection of criminal statistics in the State of Oklahoma is the uniformity and accuracy of the data. The Oklahoma UCR Guide Manual and personal instruction by field representatives do not necessarily guarantee the accuracy of the reports submitted by the contributors.

Each report received is recorded, examined and verified for mathematical accuracy and, more importantly, for reasonability. The validity and possibility of duplication are checked numerous times to avoid misinformation.

Minor errors are corrected by telephone between the field representative and the reporting agency, while substantial variations are adjusted through personal visits. The personal contacts are invaluable to the accuracy and quality of reporting. Field representatives are engaged in constant educational efforts, such as providing a vital training link between the UCR Program and the contributor.

USES OF CRIMINAL JUSTICE DATA

Throughout history, crime has generally been perceived as a serious social problem. Criminal behavior is one of the major domestic concerns in our nation today, and our citizens have the right to be informed of the full nature, magnitude, and trend of the crime problem. Moreover, it is impossible to assess the real costs of crime in our society without such disclosure. Ultimately, the public pays the costs of criminality. Their behavior patterns are altered by their fear of attack; they suffer the consequences of physical assault and have their possessions stolen or damaged. They pay higher insurance rates because of offenses against their property and increased costs for goods and services due to business losses from organized or unorganized crime. The public has a right to know the full extent of these costs. They support the institutions of our criminal justice system with the taxes they pay and, as citizens in a democracy, they have the right and the obligation to appraise the allocation and effectiveness of limited governmental resources. Both individual cooperation and collective citizen action are required for crime reduction and the improvement of our criminal justice system. But cooperation and action will not be forthcoming unless and until citizens receive a more complete disclosure of the true nature of crime and criminal justice.

Effective solutions to the crime problem will depend on increased research to determine and assess the cause of crime and to develop and test theories of criminal behavior. All of these efforts require comprehensive and valid criminal statistics. Social scientists and professional criminologists require quantified data that will indicate who commits what type of crime in order to establish typical "profiles" of criminals. Such profiles can help determine the proper focus and direction of crime prevention programs.

Administrators at every level of the criminal justice process require information with which to measure their workloads, identify and solve operational problems, and evaluate effectiveness. The lack of valid and complete statistics is critical when the needs of these managers are considered. Data is required for program planning, development, budgeting, and evaluating; for estimating resource requirements and for allocating manpower and equipment. Information is also required to develop comparative norms of performance, for cost effectiveness studies and for establishing data bases with which to analyze the criminal justice system at the local level.

The usefulness of Uniform Crime Reporting is extensive for law enforcement agencies. Information provided by the report can be applied to areas of statistics and hard data, as well as to aspects of planning and research.

CLASSIFICATION OF UCR OFFENSES

Offense data consists of information extracted from reports of Part I offenses that have been submitted by law enforcement agencies in the State of Oklahoma.

PART I OFFENSE DEFINITIONS ARE AS FOLLOWS:

- 1a. Murder—The willful killing of a human being.
- 1b. Manslaughter—The killing of a human being by the negligence of another.
2. Forcible Rape—The carnal knowledge of a female forcibly and against her will, including attempts.
3. Robbery—The forcible taking of the property of another against his/her will by violence and fear, including attempts.
4. Aggravated Assault—An offer or attempt with unlawful force or violence to do physical injury to another.
5. Burglary (Breaking and Entering) - An unlawful or forcible entry of any structure to commit a felony or larceny, including attempts.
6. Larceny (Theft) - The unlawful taking of property with intent to deprive another of ownership.
7. Auto or Other Motor Vehicle Theft—The larceny or attempted larceny of a motor vehicle.
8. Arson—Willful or malicious burning with or without intent to defraud, including attempts.

All other crimes that are not classified as Part I offenses make up the Part II offenses. Information on these are only reported when an arrest has been made.

PART II OFFENSE DEFINITIONS ARE AS FOLLOWS:

9. Other Assaults (not aggravated) - Assaults and attempted assaults which are simple and minor in nature.
10. Forgery and Counterfeiting—Making, altering, uttering, or possessing, or attempts to make, alter, or possess with intent to defraud. Anything which is made to appear true.
11. Fraud - Fraudulent conversion of another's money or property by false pretenses.

12. Embezzlement—Misappropriation or misapplication of money or property entrusted to one's care, custody, or control.
13. Stolen Property - All offenses of buying, receiving, and possessing stolen property, as well as all attempts to commit any of these offenses.
14. Vandalism - Willful or malicious destruction, injury, disfigurement, or defacement of property without consent of the owner or persons having custody or control.
15. Weapons-Carrying, Possessing, etc. - All violations of regulations or statutes controlling the carrying, using, possessing, furnishing, and manufacturing of deadly weapons or silencers and all attempts to commit any of the offenses.
16. Prostitution and Commercialized Vice - Sex offenses of a commercialized nature, such as prostitution, keeping a bawdy house, procuring or transporting women for immoral purposes, and all attempts to commit any of these offenses.
17. Sex Offenses (except Forcible Rape, Prostitution, and Commercialized Vice) - Statutory rape, offenses against chastity, common decency, morals, and the like, including attempts.
18. Drug Abuse Violations - Includes all arrests for violations of state and local ordinances subdivided into the categories of possession and sale/manufacturing of narcotic drugs.
19. Gambling - Promoting, permitting, or engaging in gambling.
20. Offenses Against Family and Children - Nonsupport, neglect, desertion, or abuse of family and children.
21. Driving Under the Influence - Driving or operating any motor vehicle while drunk or under the influence of liquor or drugs.
22. Liquor Laws - State or local liquor law violations, except "drunkenness" and "driving under the influence."
23. Drunkenness - Drunk and disorderly.
24. Disorderly Conduct - Breach of peace (disorderly person.)
25. Vagrancy - Not reported in Oklahoma.
26. All Other Offenses - All other violations of state and local laws.
27. Suspicion - Not reported in Oklahoma.

28. Curfew and Loitering Laws - Applicable only to juveniles.
29. Runaway - Applicable only to juveniles.

III
INDEX
CRIME

OKLAHOMA STATE BUREAU OF INVESTIGATION

INDEX CRIME OFFENSES

The following three graphs illustrate the variations of the 2001, 2002, and 2003 total number of offenses by month. This information is based on the Oklahoma Crime Index.

The first graph represents the total number of index crime offenses occurring each month. The other two take the analysis further with breakdowns of violent crimes and non-violent crimes by month.

SUMMARY ANALYSIS

A total of 168,966 index crimes was reported in 2003. With 15,532 offenses, the month of July reflected the highest number of index crimes reported. The month of February showed the lowest number of reported offenses with 11,410 index crimes.

A further breakdown of the 2003 index crime offenses shows August had the greatest number of violent crimes with 1,713 offenses reported. The lowest number of violent crimes occurred in February with 1,043 offenses reported. A monthly analysis of the non-violent crimes indicates that July and February showed the highest and lowest number of offenses with monthly totals of 13,897 and 10,367 respectively.

2003
 2002
 2001

OKLAHOMA STATE BUREAU OF INVESTIGATION

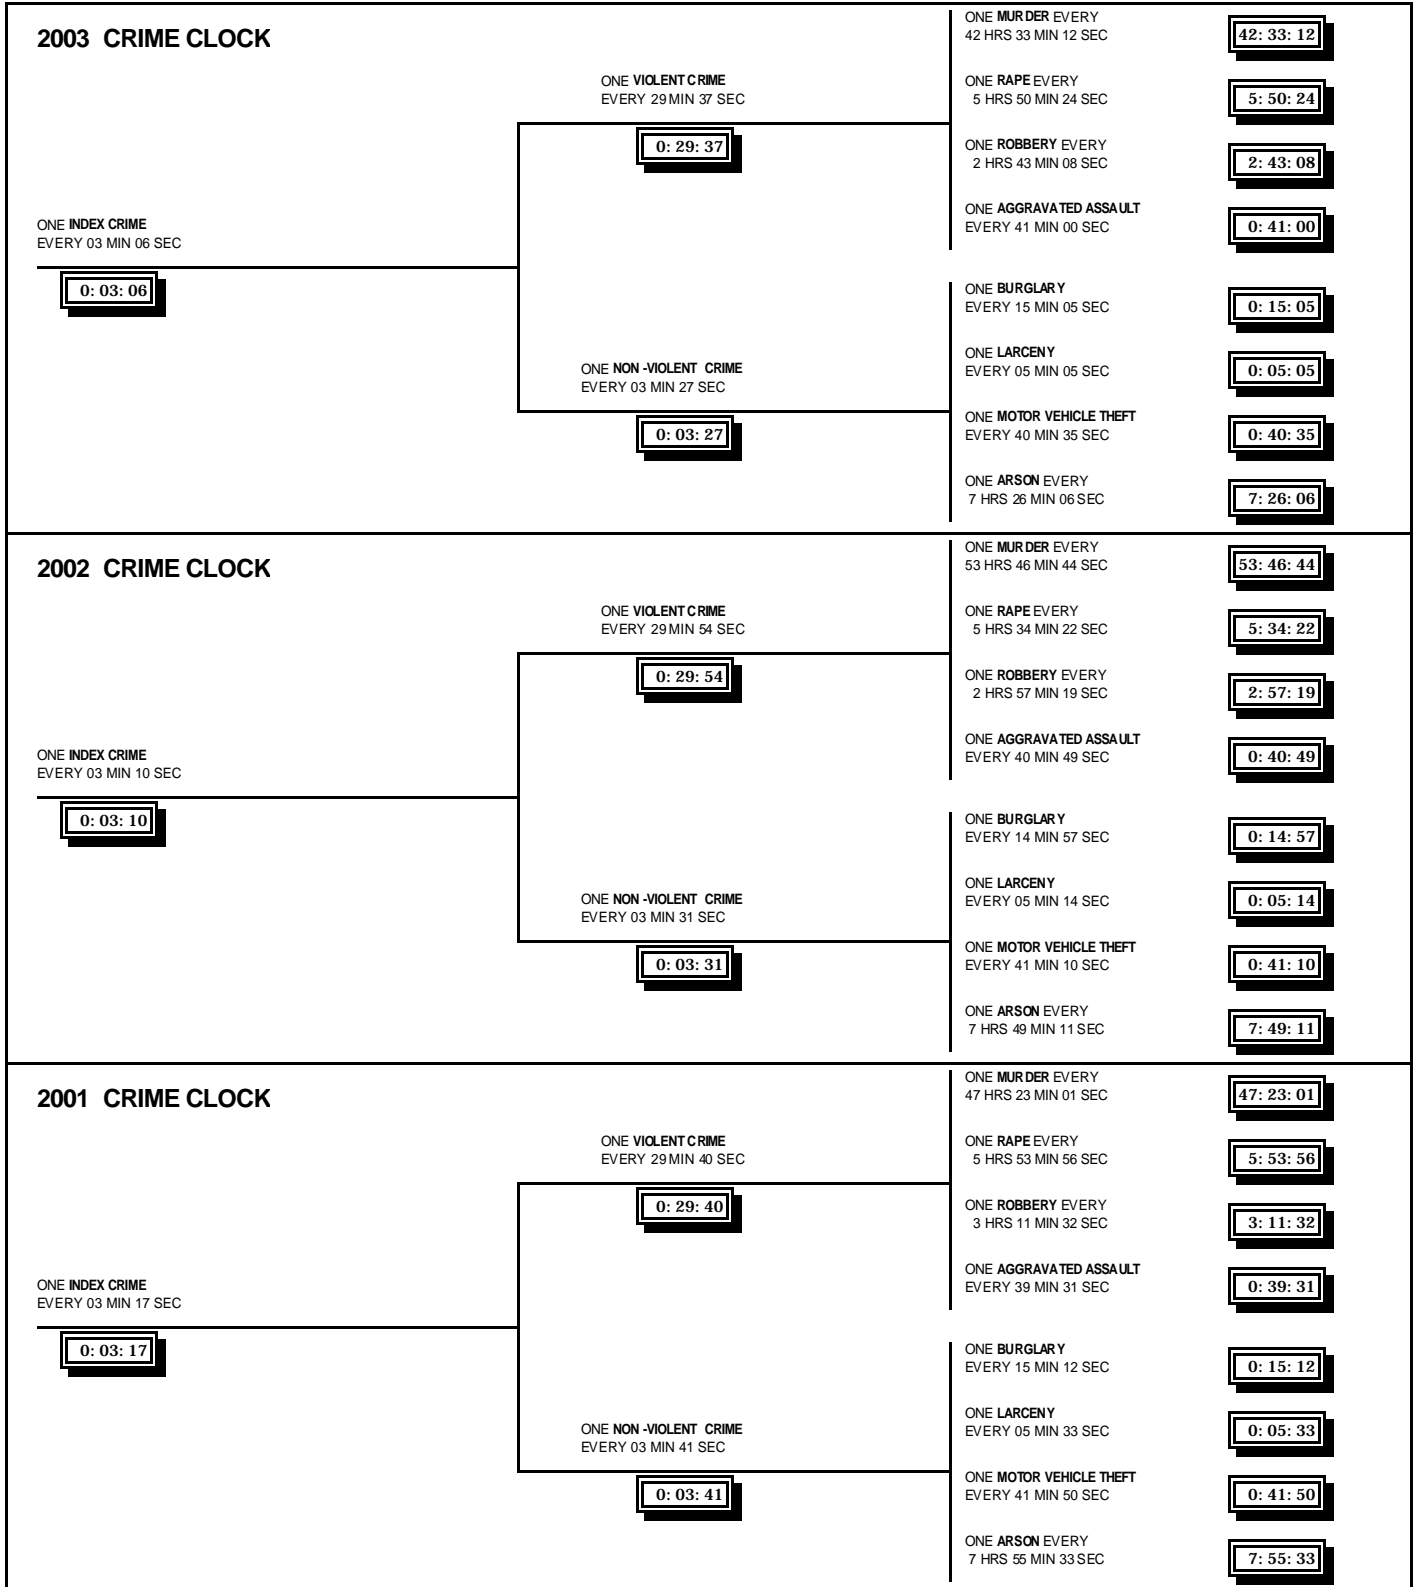

VIOLENT CRIME BY MONTH

NON-VIOLENT CRIME BY MONTH

OKLAHOMA STATE BUREAU OF INVESTIGATION

This crime clock should be viewed with care. Being the most aggregate representation of UCR data, it is designed to convey the annual reported crime experience by showing the relative frequency of occurrence of the Index Offenses. This mode of display should not be taken to imply a regularity in the commission of Part I Offenses; rather, it represents the annual ratio of crime to fixed time intervals.

OKLAHOMA STATE BUREAU OF INVESTIGATION

MURDER

Definition: The unlawful killing of a human being in which the element of malice aforethought was present.

Any death due to a fight, argument, quarrel, assault, or commission of a crime is included. This index offense, as in all other crime index offenses, is scored by law enforcement officials on the basis of their investigation and does not include the findings of a court or the decision of a prosecutor. Manslaughters, suicides, accidental deaths, and justifiable homicides are excluded from this category. Attempts to kill and assaults to kill are scored as assaults and not as murder.

SUMMARY ANALYSIS

A total of 206 murders was reported by law enforcement agencies in 2003.

Murders accounted for 1.2% of all violent crimes and 0.1% of all index crimes reported.

A total of 147 murders was cleared by arrest or exceptional means, representing a clearance rate of 71.4%.

The 25-year-old to 29-year-old age group accounted for the highest percentage of persons arrested for murder at approximately 15.1% of the total. Of the 159 persons arrested for murder, 61.6% were White, 31.4% were Black, 6.3% were Indian, and 0.6% were Asian.

Firearms were employed in 62.6% of all reported murders. The use of a knife or other cutting device was involved in 13.6% of the murders.

The murder of one family member by another accounted for 44 offenses or 21.4% of all murders; 6.3% of the 206 offenses resulted from one spouse killing the other.

The victim-offender relationship was identified in 148 of the 206 reported murders. In 85.8% of these cases, the victims were known by the offenders.

The value of property stolen in actual offenses of murder totaled \$35,248 for 2003.

OKLAHOMA STATE BUREAU OF INVESTIGATION

MURDER BY MONTH

MURDER BY DAY OF WEEK

OKLAHOMA STATE BUREAU OF INVESTIGATION

MURDER BY AGE, SEX, AND RACE

As illustrated in the following table, 75.7% of the murder victims were male and 24.3% were female. Approximately 62.6% of all victims were White, 32.5% were Black, 2.9% were Indian, and 1.5% were Asian. The age range of 20 to 29 years accounted for the largest number of murder victims in any ten-year age bracket.

RAPE

Definition: The carnal knowledge of a female forcibly and against her will, regardless of age. Statutory rape is not included in this category.

Forcible rape differs from other violent crimes in that the victim, in many cases, is hesitant to report the offense to the police. The rigors of court proceedings and the embarrassment caused by the social stigma placed on this crime have a deterrent effect on the victim's willingness to make the crime known to the police.

For the purpose of Uniform Crime Reporting, rape is divided into two categories: (1) rape by force; (2) attempts to rape. Assaults to commit forcible rape are included in the index offenses category of rape.

SUMMARY ANALYSIS

A total of 1,501 forcible and attempted rapes was reported by law enforcement agencies in 2003.

Forcible rapes accounted for approximately 8.5% of all violent crimes and approximately 0.9% of all index crimes reported.

A total of 801 rapes was cleared by arrest or exceptional means, resulting in a clearance rate of 53.4%.

Of all persons arrested for rape, 47.9% were under the age of 25; 68.2% were White, 21.9% were Black, 8.5% were Indian, and 1.4% were Asian.

The value of property stolen in the actual offense of rape totaled \$25,099.

ROBBERY

Definition: The felonious and forcible taking of property from the care, custody, or control of a person or persons by violence or putting the person in fear and against his/her will.

In order for the crime of robbery to take place, the victim must be present. Robberies are reported in the following categories: gun, knife or cutting instrument, other dangerous weapon, and strong-arm robbery.

SUMMARY ANALYSIS

A total of 3,224 robberies was reported by law enforcement agencies in 2003.

Robberies accounted for 18.2% of all violent crimes and 1.9% of all index crimes reported. A total of 969 robberies was cleared; this was a clearance rate of 30.1%.

The highest percentage of persons arrested for robbery (10.2%) was in the 25-year-old to 29-year-old age category. Of all persons arrested for robbery, 41.0% were White, 51.6% were Black, 7.2% were Indian, and 0.1% were Asian.

The largest number of actual offenses of robbery (1,000) occurred in the highway (streets, alleys, etc.) robbery category, representing 31.0% of all reported robberies. Armed robbery (with any type of weapon) was responsible for 60.4% of the total number of offenses.

The value of property stolen in robberies totaled \$2,599,602 or 1.6% of the total value of property stolen during the year.

AGGRAVATED ASSAULT

Definition: The unlawful attack or an attempt to attack through force or violence to do physical injury to another.

An aggravated assault may be committed with a gun, knife or other cutting instrument, other dangerous weapon, or through the aggravated use of hands, fists, or feet. All assaults, where no weapon is used and which result in minor injuries, are classified as non-aggravated and are not counted in the index crime totals.

SUMMARY ANALYSIS

A total of 12,827 aggravated assaults was reported by law enforcement agencies in 2003.

Aggravated assaults accounted for 72.2% of all violent crimes and 7.6% of all index crimes reported.

A total of 7,158 aggravated assaults was cleared by arrest or exceptional means, representing a clearance rate of 55.8%.

The 25-year-old to 29-year-old age group, at 13.1% accounted for the highest percentage of persons arrested for aggravated assault. Of all persons arrested, 66.7% were White, 23.7% were Black, 8.8% were Indian, and 0.8% were Asian.

Of all types of aggravated assaults, the use of "other dangerous weapon" was the most prevalent; this category reflected 4,815 offenses or 37.5% of all aggravated assaults.

BURGLARY

Definition: Any unlawful or attempted forcible entry of a structure to commit a felony or larceny, even though force may not have been used to gain entry.

For Uniform Crime Reporting purposes, the offense of burglary is divided into three categories: (1) forcible entry; (2) unlawful entry; (3) attempted forcible entry.

SUMMARY ANALYSIS

A total of 34,846 burglaries was reported in 2003.

Burglaries accounted for 23.0% of all non-violent crimes and 20.6% of all index crimes reported.

A total of 4,006 burglaries was cleared by arrest or exceptional means. This was a clearance rate of 11.5%.

The 25-year-old to 29-year-old age group accounted for the highest percentage of adults arrested for burglary at 14.0%. The 13-year-old to 14-year-old age accounted for the highest percentage of juvenile offenders arrested.

Persons under the age of 18 were accountable for 33.4% of all burglary arrests and 1.9% of burglaries cleared.

Of all persons arrested, 69.1% were White, 22.5% were Black, 8.0% were Indian, and 0.4% were Asian.

Forcible entry was the most prevalent of the three categories of burglary, with 24,878 actual offenses. This represents 71.4% of the total burglaries committed. Unlawful entry (no force) constituted 23.4%, while 5.2% were attempts.

The value of property stolen in actual offenses of burglary totaled \$47,179,400 or 28.5% of the total value of property stolen during 2003.

Residential burglaries accounted for 73.8% of the total offenses reported, with a total dollar loss of \$32,026,164. The number of residential burglaries was 25,713. Daytime hours accounted for 29.7% of all burglaries; 34.2% took place in the nighttime. The remainder occurred at undetermined times.

OKLAHOMA STATE BUREAU OF INVESTIGATION

LARCENY

Definition: The unlawful taking of property of another with intent to deprive him/her of ownership without the use of force, violence, or fraud.

For reporting purposes, larcenies are specifically categorized in crimes resulting from: (1) pocket picking, (2) purse snatching, (3) shoplifting, (4) theft from a motor vehicle, (5) theft of motor vehicle parts and accessories, (6) bicycle theft, (7) theft from buildings, and (8) theft from any coin operated machine. Any remaining crimes of theft are classified in the "all other" category.

SUMMARY ANALYSIS

A total of 103,404 larcenies was reported by law enforcement agencies.

Larceny accounted for 68.4% of all non-violent crimes and 61.2% of all index crimes reported.

There were 13,983 larcenies cleared by arrest or exceptional means for a clearance rate of 13.5%.

At 8.9%, the 13-year-old to 14-year-old age category range reflected the largest number of larceny arrests.

Persons under the age of 18 were accountable for 35.8% of all larceny arrests and 3.3% of larceny clearances.

Of all persons arrested, 67.7% were White, 26.5% were Black, 5.0% were Indian, and 0.8% were Asian.

The value of property stolen in larceny offenses totaled \$55,629,432, representing 33.6% of the total value of property stolen.

MOTOR VEHICLE THEFT

Definition: The unlawful taking or attempted taking of a motor vehicle.

The term "motor vehicle" includes those self-propelled vehicles which run on a land surface and not on rails.

Thefts of farm equipment, bulldozers, airplanes, and construction equipment are not included in the definition of a motor vehicle. Joyriding is included in this category.

Motor vehicle theft is divided into three categories: (1) autos; (2) trucks and buses; and (3) other vehicles.

SUMMARY ANALYSIS

A total of 12,958 motor vehicle thefts was reported by law enforcement agencies in 2003, representing a total value of \$60,054,553.

Motor vehicle theft made up 8.6% of all non-violent crimes and 7.7% of all index crimes reported.

A total of 2,062 motor vehicle thefts was cleared by arrest or exceptional means for a clearance rate of 15.9%.

At 11.2%, the 25-year-old to 29-year-old age category accounted for the highest percentage of all those arrested for motor vehicle theft.

Juvenile arrests accounted for 31.2% of all motor vehicle theft arrests. Of the juvenile arrests, 45.9% were of 13, 14, and 15 year old offenders.

Of all persons arrested, 63.2% were White, 27.8% were Black, 8.6% were Indian, and 0.4% were Asian.

The recovery rate for motor vehicle theft was 65.5% with 8,482 recovered.

The average value of motor vehicles stolen during 2003 was \$4,634.55.

ARSON

Definition: Any willful or malicious burning, or attempt to burn, with or without intent to defraud.

The term "Arson" applies only to those fires determined through investigation to have been willfully or maliciously set.

Attempts to burn are included in the arson report, but fires of suspicious or unknown origin are not.

SUMMARY ANALYSIS

A total of 1,179 cases of arson was reported by law enforcement agencies in 2003.

Of those reported, 646 were structural, 314 were mobile, and 219 accounted for all others.

Arson clearances by arrest or exceptional means totaled 278, for a clearance rate of 23.6%. Persons under 18 years of age accounted for 108 of those clearances.

The total estimated value of property damaged by reported arson in 2003 was \$10,658,341. This is a decrease of 32.9% from the \$15,880,600 worth of property damaged by arson in 2002.

The guidelines used by fire departments to report arson to the State Fire Marshal's Office differ from those in which the Uniform Crime Reporting Program obtains its data from law enforcement agencies. For more information on arson, you may contact the Oklahoma Fire Incident Reporting System (OFIRS) at:

PROPERTY

Each month law enforcement agencies submit supplementary data pertaining to crimes in which money or property is stolen. These figures are subsequently compiled and analyzed and the resultant figures provide information concerning the value of property stolen and recovered by type of property and offense.

The total value of property stolen in Oklahoma during 2003 was \$165,523,334. This is a decrease of \$889,761 or 0.5% less than the previous year.

Law enforcement agencies recovered approximately 2.3% more property in 2003 with \$40,807,739 or 24.7% of the total property stolen.

V

ARREST

AND

CLEARANCE DATA

OKLAHOMA STATE BUREAU OF INVESTIGATION

ARREST AND CLEARANCE DATA

The Oklahoma Uniform Crime Reporting Program requests the monthly submission of data concerning persons arrested in Oklahoma. A record of total arrest activity for criminal acts in both Part I and Part II classifications is collected and analyzed according to age, sex, and race. With the exception of arrests for driving under the influence and transporting an open container, traffic arrests are not reported.

A person is counted on the monthly arrest report each time he is arrested. A person may be arrested several times during the month for such crimes as public drunkenness, disorderly conduct, and similar violations. It should be noted that if a person is charged with several different crimes at the same time, the arrest is shown only for the highest offense the person committed at that time.

A total of 166,654 arrests was reported in 2003. Juveniles accounted for 24,684 of those arrested. The number of arrests increased by 259 or 0.2% from 2002.

An analysis of reported arrests for 2003 indicates 14.3% of all arrests occurred in the index offenses. The highest clearance rate of a particular index offense occurred in the murder category with 71.4% being cleared by arrests or exceptional means.

Alcohol related arrests (driving under the influence, drunkenness, and other liquor law violations) constituted 29.3% of the total arrests reported in 2003. This percentage represents the arrest of 1,904 juveniles and 46,942 adults. The highest percentage of arrests occurred in the category of drunkenness which represented 50.8% of arrests made for all alcohol related offenses.

CLEARANCE RATE

For crime reporting purposes, a crime index offense is cleared when: (1) a law enforcement agency has identified the offender; (2) there is enough evidence to charge the offender; and (3) the offender is actually taken into custody. The arrest of one person may clear several crimes or the arrest of several persons may clear only one crime. The number of arrests and the number of clearances for any particular offense should not be compared as the numbers may not, and likely will not, be the same.

Clearances are also reported when some element beyond law enforcement control precludes the filing of formal charges. Examples include the death of the offender, particularly in the case of a murder/suicide, the handling of juveniles, and other exceptional circumstances.

JUVENILE ARREST OVERVIEW

The following overview deals primarily with juvenile arrests for the past ten years. The first chart depicts a comparison of 1994 and 2003 arrest totals in specific categories.

JUVENILE ARRESTS - A TEN-YEAR COMPARISON

ARRESTS	1994	2003	% CHANGE
JUVENILES	27,646	24,684	-10.7
VIOLENT CRIMES	1,365	869	-36.3
NON - VIOLENT CRIMES (WITH ARSON)	10,941	6,357	-41.9
DRUG ABUSE TOTAL	1,167	1,876	+60.8
DRUG SALE/MFG.	191	182	-4.7
DRUG POSSESSION	976	1,694	+73.6
ALCOHOL RELATED	1,723	1,904	+10.5

TOTAL JUVENILE ARRESTS

YEAR	TOTAL
1994	27,646
1995	29,551
1996	30,698
1997	32,283
1998	31,595
1999	27,899
2000	25,869
2001	24,885
2002	23,970
2003	24,684

In 2003, juveniles accounted for 14.8% of all persons arrested for all crimes.

OKLAHOMA STATE BUREAU OF INVESTIGATION

JUVENILE INDEX CRIME ARRESTS

YEAR	CRIMES
1994	12,035
1995	12,496
1996	12,490
1997	11,993
1998	10,117
1999	8,869
2000	7,817
2001	7,428
2002	6,916
2003	7,106

The offense of larceny makes up 67.0% of all juvenile arrests for index crimes in the year 2003.

JUVENILE WEAPONS LAW VIOLATIONS

YEAR	ARRESTS
1994	624
1995	510
1996	449
1997	467
1998	466
1999	359
2000	378
2001	297
2002	339
2003	325

The 2003 figure of 325 arrests is a decrease of 47.9% over the arrests reported in 1994.

OKLAHOMA STATE BUREAU OF INVESTIGATION

JUVENILE DRUG RELATED ARRESTS

YEAR	ARRESTS
1994	1,167
1995	1,416
1996	1,604
1997	1,919
1998	2,007
1999	1,993
2000	2,072
2001	1,906
2002	1,766
2003	1,876

There has been a 9.5% decrease from 2000 in the number of drug related arrests reported. The figure for 2000 is the highest in this ten-year comparison.

JUVENILE ALCOHOL RELATED ARRESTS

YEAR	ARRESTS
1994	1,723
1995	1,896
1996	2,024
1997	2,269
1998	2,725
1999	2,298
2000	2,103
2001	2,091
2002	2,068
2003	1,904

Alcohol related arrests were at their lowest in 1994. There was a 30.1% decrease from 1998 to 2003 .

OKLAHOMA STATE BUREAU OF INVESTIGATION

COLLECTION OF DISPOSITIONS

The Oklahoma Uniform Crime Reporting Program requires the collection of juvenile arrest dispositions as a source of meaningful information on action against juveniles who have been taken into custody or arrested by police. When adults are arrested, they are usually held for felony or misdemeanor prosecution in the appropriate court. This is not necessarily the case with juveniles. Several disposition options are available and the one chosen depends upon the seriousness of the offense and the juvenile's prior record. Many are warned by the police and released to their parents, a relative, a friend or guardian. Sometimes they are referred to the probation department or some other branch of the juvenile court. In other instances, they may be referred to welfare agencies, other police agencies, or to criminal or adult court by waiver of the juvenile court.

Here, the word "arrest" refers to the police handling of all juveniles who have committed a crime and are taken into custody when, under the same circumstances, the crime would warrant the arrest of an adult. Police "contacts" with juveniles are not counted as arrests where no offense has been committed. Instances where juveniles are taken into custody for their own protection and not because they have committed a crime, such as in neglect cases, are not listed as arrests.

JUVENILE DISPOSITIONS

DISPOSITION	2003	2002	2001
Handling within department and released (released to parents, etc.)	7,940	7,167	5,647
Referred to juvenile court or probation department	13,306	12,676	14,473

LAW ENFORCEMENT

OFFICERS

KILLED or ASSAULTED

OKLAHOMA STATE BUREAU OF INVESTIGATION

OFFICERS KILLED OR ASSAULTED

The Oklahoma Uniform Crime Reporting Program requires the collection of statistical information relating to law enforcement officers killed in the line of duty and the number assaulted while on duty.

One (1) officer was killed in 2003 as the result of a felonious act.

One (1) officer was killed in 2003 as the result of an accident or negligent act.

A total of 802 assaults was reported on state, county, and municipal law enforcement officers in Oklahoma in 2003. This represents a 4.9% decrease from the 2002 total.

OKLAHOMA STATE BUREAU OF INVESTIGATION

LAW ENFORCEMENT EMPLOYEE DATA

Definition: Persons employed as full-time sworn officers and full-time civilian employees.

The figures below represent a compilation of forms sent to all reporting law enforcement agencies throughout the state on an annual basis.

With the exception of persons who perform guard or protection duties and who are not paid from police funds, i.e., school crossing guards, special officers, and merchant police, these figures reflect the number of full-time sworn personnel with full arrest power, including the chief, sheriff, commissioner, and superintendent. The figures do not include employees of the Oklahoma Highway Patrol, the Oklahoma State Bureau of Investigation, or those law enforcement agencies which do not contribute to the Uniform Crime Reporting Program.

Civilians include clerks, radio dispatchers, meter maids, stenographers, mechanics, etc., provided these persons are full-time employees of the agency. Neither employees who are compensated from a source other than police funds, nor those receiving salaries from federal grants are included. In 2003, Oklahoma's law enforcement rate was 2.6 employees per 1,000 inhabitants.

RURAL INDEX CRIME OFFENSES

Rural Crime has been defined for this publication as all index crimes reported by the county sheriffs' departments in all 77 counties, exclusive of the cities and towns that report directly to the Oklahoma State Bureau of Investigation. *Due to a computer calculation error, the 2001 annual crime report for rural crimes in the category of murder was reported as 52. The current report reflects the correction for rural murder for 2001.*

DOMESTIC ABUSE

AND

HATE/BIAS CRIME

OKLAHOMA STATE BUREAU OF INVESTIGATION

DOMESTIC ABUSE

Definition: Threatening, causing or attempting to cause serious physical harm between family or household members.

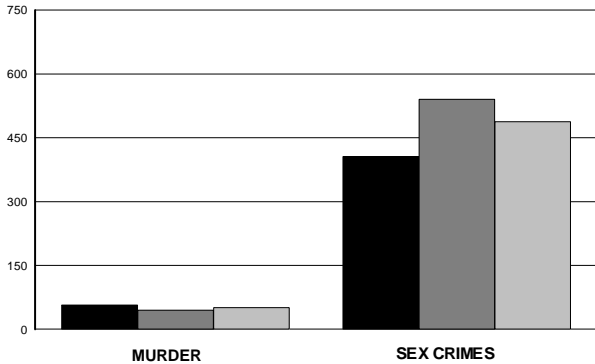

Domestic Abuse includes such offenses as murder, sex crimes, assault, and assault and battery. Family or household members are defined as spouses, former spouses, present spouses of former spouses, parents, foster parents, children, persons otherwise related by blood or marriage, or living in the same household or who formerly lived in the same household. Also included in this category are persons in dating relationships (defined as courtships or engagement relationships) or someone with whom they had a child. It also includes the elderly and handicapped.

INDEX CRIMES BY COUNTY

OKLAHOMA STATE BUREAU OF INVESTIGATION

CONTRIBUTORS

The following section sets forth a specific breakdown of index crime offenses by each contributing law enforcement agency for the years 2001, 2002, and 2003.

It must be remembered that the total index crime offenses reported are shown here, and the statistics include each month an agency reported. It should be noted that all agencies submitted reports in full for each year.

As is apparent, the delinquency of reports greatly hampers the Oklahoma Uniform Crime Reporting Program. In some states, crime trend data is only computed for those agencies that have a complete reporting record for the year or years. Others use estimated data for those agencies that did not submit reports for each month. The Oklahoma Uniform Crime Reporting Program employs the total number of offenses reported in its analysis as part of a continuing endeavor to provide complete crime statistics for the State of Oklahoma.

NOTE: The section is listed in alphabetical order by county and then in numerical order by the Originating Agency Identifier (ORI) assigned to reporting agencies within each county by the Federal Bureau of Investigation.

An alphabetical listing of all reporting agencies has been included in this publication; these agencies also have been cross-referenced to their respective counties.

It is our hope this will assist our users in locating specific agencies if the county is unknown.

POPULATION FIGURES

The population figures in this publication are used by the authority of the Federal Bureau of Investigation. Some communities have more growth than the average used by the FBI each year since a census is only taken each decade. This can have an influence on the crime rate per 1,000 population as shown in this section.

CONTRIBUTOR
PARTICIPATION

OKLAHOMA STATE BUREAU OF INVESTIGATION

HISTORY OF PROGRAM PARTICIPATION

There are approximately 450 sheriffs' offices and police departments in Oklahoma. During 1973, an average of 65 law enforcement agencies contributed monthly Uniform Crime Reports directly to the Federal Bureau of Investigation.

The Oklahoma State Bureau of Investigation assumed the statewide administration of the Uniform Crime Reporting Program on September 1, 1973. Since that time, an astounding increase in the number of agencies who report directly to the Oklahoma State Bureau of Investigation has been realized.

The table below sets forth the number of law enforcement agencies, by type, that have participated in the Oklahoma Uniform Crime Reporting Program for the years 2001, 2002, and 2003.

XI

STATEMENT OF

POLICY AND

REGULATIONS

STATEMENT OF POLICY

The following regulations will be observed by this agency concerning the release of Uniform Crime Reporting statistical information. Employees of the agency will observe these procedures and will not deviate from this policy without the express consent of the Director of the Oklahoma State Bureau of Investigation. All information to be released will originate from the Field Services Unit of the Oklahoma State Bureau of Investigation.

REGULATIONS

1. This agency will publish an annual report reflecting the crime in Oklahoma. This report will be distributed to the Governor, to members of the Legislature, to the Attorney General, to law enforcement agencies, to the State Library System, and to any agency or committee dedicated to law enforcement or criminal justice work.
2. Published annual reports will be released to the above named agencies at no charge. They will then be released to individuals or agencies extraneous to the criminal justice community who shall pay a fee of five dollars (\$5.00) for every copy received.
3. UCR Information Requests:
 - A. Information contained in the published annual report may be released via telephone, letter, etc., to any interested party.
 - B. All requests for unpublished information from agencies or individuals extraneous to the criminal justice community should be submitted on an OSBI OPEN RECORDS ACT REQUEST FORM (ORA-1.) In accordance with the Oklahoma Open Records Act, all requests may be subject to a charge.
 - C. Law enforcement agencies may receive interim, unpublished, specialized reports identifying their agency only, provided the request is reasonable. Law enforcement agencies may also receive their respective county totals along with state or regional totals. All requests should be directed to the Supervisor of the Field Services Unit.

APPENDIX

STATISTICAL VARIABLES

From the Uniform Crime Reporting (UCR) Program's inception, it was obvious the quality of the program would be limited since it would not be possible to account for every crime. When analyzing UCR data, it must be remembered that these statistics are based upon offenses reported or known to the police.

Citizens do not report crimes in many instances for various reasons. Victims may consider the offenses to be of little consequence; they believe there is nothing the police can do about them; or they fear retaliation from offenders because they have shared willingly in such offenses as illegal sex acts, gambling, or drug use. Consequently, some offenses are never entered into the present statistical reporting system. A national survey conducted for the President's Commission on Law Enforcement and Administration of Justice indicates half of the victimizations which occur are not reported to law enforcement authorities.

In some cases, law enforcement agencies themselves question the merit of the UCR Program. A common complaint concerns jurisdiction when a sheriff's department is called upon to investigate a crime within the city limits and makes an arrest in connection with that offense. The sheriff's department feels it is necessary to score the offense but, under UCR guidelines, the city must report the offense, the clearance, and the arrest. It must be remembered that Uniform Crime Reports are collected for the purpose of measuring the extent and type of crime by geographical location; they are not activity reports.

The crime information gathered and disseminated by this report is the most accurate currently available in Oklahoma. Caution has been and will continue to be exercised when direct statistical comparisons are suggested, primarily because of a great number of socioeconomic issues. Likewise, when comparing offenses and arrest data, it should be remembered that crimes relate to events, while arrests relate to people. A single crime may involve several offenses, multiple offenders and/or victims.

Some additional conditions which will, by type and volume, affect the crime that occurs from place to place are outlined below. These same conditions will also affect the amount of crime actually reported.

1. Density and size of the community population and the metropolitan area of which it is a part.
2. Composition of the population, particularly in reference to age, sex, and race.
3. Economic status and mores of the population.
4. Relative stability of population, including commuters, seasonal and other transient types.

5. Climate, including seasonal weather conditions.
6. Educational, recreational, and religious characteristics.
7. Effective strength of the police force.
8. Standards governing appointment to the police force.
9. Policies of the prosecuting officials and the courts.
10. Attitude of the public toward law enforcement problems.
11. The administrative and investigative efficiency of the local law enforcement agency, including the degree of adherence to reporting crime statistics.

Because they are influenced by many variables, current methods of gathering and reporting offenses and arrest data provide a less than complete picture of criminality in our society. However, an alternative information system, which can overcome the present program's shortcomings and more adequately perform this task, is currently unavailable.

GLOSSARY OF TERMS

ADULT - For Uniform Crime Reporting purposes, a person 18 years of age or more.

ARREST RATE - The number of arrests reported for Part I and Part II offenses for each unit of population, generally per 100,000. Arrest rates are computed in the same manner as crime rates.

CLEARANCE RATE - The number of clearances reported for Part I offenses. This rate is determined by dividing the number of clearances by the number of offenses.

CLEARED BY ARREST - For UCR purposes, an offense is cleared by arrest or solved when at least one person is (1) arrested, (2) charged with the commission of the offense, and (3) turned over for prosecution.

CRIME FACTORS - Conditions which affect the amount and type of crime that occurs in a geographical area.

CRIME INDEX - The sum total of the seven major offenses used to measure the extent, fluctuation, and distribution of crime in a given geographical area. Crime classifications used in the index are: (1) murder, (2) forcible rape, (3) robbery, (4) felonious assault, (5) breaking and entering, (6) larceny (theft), and (7) motor vehicle theft. Each of these offenses is referred to as an "index crime."

CRIME RATE - The number of index crimes reported for each unit of population, generally 100,000. Crime rates are computed for communities by dividing the number of index crimes by the population and multiplying the answer by 100,000.

EXCEPTIONAL CLEARANCE - A crime solution or clearance recorded when some element beyond law enforcement control precludes the placing of formal charges against the offender.

JUVENILE - For UCR purposes, a person under the age of 18.

NON-VIOLENT CRIME - Consists of the index crimes of breaking and entering, larceny (theft) and motor vehicle theft.

PART I OFFENSES - The first of two main categories of crime classes comprising a universal crime classification system established for crime reporting purposes. Part I offenses are by their nature more serious and/or occur with greater frequency. The monthly tabulation of Part I offenses provides a count of "offenses known."

PART II OFFENSES - The second of two main categories of crime classes comprising a universal crime classification system established for crime reporting purposes. Part II offenses are generally less serious in nature and/or occur less frequently. Monthly tabulations of Part II offenses are limited to arrest information only.

VIOLENT CRIME - Consists of the index crimes of murder, rape, robbery, and aggravated assault.
