

Clean Water State Revolving Fund (CWSRF)
Green Project Reserve Eligibility Determination

Name of System
CWSRF Project Number/Loan Number

Lawton Water Authority
ORF-22-0008-CWA

General Project Description:

The Lawton Water Authority (Authority) operates a Wastewater Treatment Plant (WWTP) and were approved for a CWSRF loan on May 18,2021 to rehabilitate or replace failing components of the WWTP. Over the course of time costs of the project have increased and the Authority is in need of additional funding. The Authority also needs to replace approximately 10,000 of their existing 32,000 AMR water meters which have reached their useful life and needs to replace the AMR radio servers on the existing water towers. The proposed project is for the additional funding, the AMR water meters, the AMR radio servers, and all appurtenances required to complete the project.

GPR Component Description:

Item	Category*
AMR system upgrade	Water Efficiency

Approved GPR Amount: \$2,348,089.85
Approved Subsidy Amount (if applicable) \$2,900,000.00
