**RE:           Annual Report – 2023**  
**Roos Resources, Inc.'s RRI Quarry**

Mr. Tutkowski:

Please let this letter serve as a status update and for compliance purposes with 82 O.S. §1020.2(E)(1). Roos Resources, Inc. (RRI) submitted an initial mine permit application to the Oklahoma Department of Mines (ODM) on July 28, 2011 and was issued a mining permit on September 9, 2022. According to §1020.2(C)(2), RRI is considered an exempt mine. RRI will consult further with the OWRB on implementing its adopted monitoring program. In the meantime, RRI will report quarterly and annually to the OWRB on the mining status. This will be done in accordance with the §1020.2(E)(1).

For your records, ***RRI did not produce any mine products or accumulate any pit water during 2023.***

Since RRI is not a producing mine, I did not include the annual review fee as per 785:5-1-21.

Please feel free to contact me if you need additional information at (405)761-1225 [geoff@ccenviro.net](mailto:geoff@ccenviro.net).

Sincerely,

Geoffrey A. Canty  
Consultant for Roos Resources, Inc.
